# Your Country's "Promise to Pay"

WHEN you buy Victory Bonds you hold Canada's solemn promise to repay you their full face value in money at the time stipulated in the bond with interest every six months.

THEREFORE, in point of security, Canada's Victory Bonds are in the first rank of the world's investments because—

—the principal and interest are as certain of payment as anything can be—backed by the whole assets of Canada—the pledge of honour of Her people—and all the assets of all the people of Canada.

—Victory Bonds are also the most "liquid" form of investment. Without trouble or delay they can be converted into cash at any time.

—Victory Bonds pay a good rate of interest—more than any other investment having equal security—nearly twice the interest paid by Savings Banks.

FOR the investment of estate funds, trust funds, sinking funds and all other money which by law or other necessity must be placed only in unquestioned securities, Canada's Victory Bonds are the premier investment.

EXECUTORS, trustees, municipalities, public service corporations, officers of lodges and

fraternal societies, and all others with trust funds to invest, can further their own and their country's interest by investing their funds in Victory Bonds.

AND because of the good rate of interest which Victory Bonds pay, together with the supreme security behind them, there is every reason to believe that Canada's Victory Bonds, 1919, will increase in value in the open market, as have Victory Bonds of all previous issues.

BUT Victory Bonds, 1919, are much more than a sound money investment. They are vital to the continued prosperity of the country. The proceeds of the Victory Loan, 1919, will furnish the means of retaining our great export business, by bringing to Canada foreign orders for agricultural and industrial products, which mean the continued prosperity of every citizen. The Victory Loan, 1919, will also enable Canada to carry out her necessary plans of demobilization—fulfill her pledges to her fighting forces—and to readjust the country from War to Peace conditions.

### IN HIS PERSONAL INTEREST—

- to obtain an investment of unrivalled security
- to secure an investment yielding a high interest return

### AGAIN IN HIS OWN INTEREST AND THAT OF CANADA—

- to ensure the continued prosperity of the nation
- to enable Canada to discharge her duty to her soldiers
- in order to finance Canada's period of readjustment from War to Peace

EVERY CANADIAN WILL SUPPORT TO THE UTMOST THE

## Applied After Shaving

Keeps the Skin Soft and Smooth

MANY men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly.

By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and such ailments as Barber's Itch and Eczema are cured.
