TO THE AUXILIARIES OF THE P. E. ISLAND PRESBYTERIAL.

Dear Sisters—In looking over The Message for June, I was somewhat surprised to see a notice by order of the Board of the W. F. M. S. regarding a "printed communication" containing the resolution tabled by Miss Carmichael last year on the bringing of Home Mission work into our Society, which has been sent to our auxiliaries. This notice states that such communication is not official and has been sent out without the knowledge of the Board of Management of the W. F. M. S.

I desire to say that those who support the bringing in of the H. Mission Work endorse and approve of that Communication. The Board does know that the resolution was tabled at Sydney with the understanding that it will be discussed this year at the next meeting. It is necessary that our auxiliaries should know what changes we are asking for, and the comments in the said Communication place the question in its true light before our members. Therefore, it is not necessary that the sanction of the Board should be obtained for our purpose. Neither do we feel it our duty to ask liberty from the Board in giving our members a clear and intelligent view of what they are asked to discuss at our next annual meeting.

I remain yours respectfully, A. A. MACNEILL.

Charlottetown, P. E. Island, 8th June, 1905.
