HUNDREDS OF FIRE RANGERS FIGHT FLAMES

Forest Fire Situation In Vicinity Of Port Arthur Shows Little Improvement—New Outbreak.

(Canadian Press)
PORT ARTHUR, Ont., June 11—Fire rangers by the hundred today continued their struggle against forest fires in the lake head area. Through a night of toil, the situation failed to show improvement, and today all fires still raged through cleared-out land. A new outbreak is reported from southwest Balke township.

SETTLES FIVE YEAR DISPUTE

(Canadian Press)
OTTAWA, Ont., June 11—The province of Nova Scotia is "not able to pay to His Majesty in the right of the Dominion all expenses and costs incurred by reason of the calling out of part of the active militia in aid of the civil power in Cape Breton" during June, 1925. This was the majority judgment of the Supreme Court of Canada, delivered by the Chief Justice here today. Mr. Justice Newcombe dissenting and Mr. Justice Cannon finding that liability was "conditional."

FIVE YEAR DISPUTE

This settles a five year old dispute between the Dominion and the Province in which the Dominion claimed the cost of despatching and maintaining troops of the permanent force in Cape Breton during the coal miners strike of 1925. A curious situation developed in connection with this case in that the Dominion Government had already withheld this sum for the Province's subsidy. The effect of the judgment will be that the Dominion will have to reimburse the Province now for the \$133,166.73 subtracted from the subsidy.

The "Mounties" Did Not Salute

(Special to the Guardian)
LONDON, June 11.—A picked detachment of 21 Royal Canadian Mounted Police here for the International Horse Show at Olympia caused the Lord Mayor's party some embarrassment when they failed to salute the Lord Mayor as they rode past the Mansion House balcony. Apparently the Canadian police were unaware of their error in formality. Major Drain in charge of the detachment afterwards expressed regret that the error took place. In apologizing, he stated he was unaware that they were approaching Manor House. Thousands of Londoners turned out to view the smart Canadian unit, their curiosity fanned by the famed record of the force.

WOULD FORM MAR. HOSPITAL ASSOCIATION

Resolution Re Formation Passed at Meeting of Nova Scotia-P. E. I. Hospital Association Held in Sydney Yesterday.

(Canadian Press)
SYDNEY, N. S., June 11.—A resolution urging the formation of a Maritime Hospital Association with representation from the three provinces, was passed at today's meeting of the Nova Scotia and Prince Edward Island Hospital Association. Sister St. Veronica, of St. John was named to approach the New Brunswick Association in this regard. L. D. Currie of Glace Bay was elected President. W. K. Rogers, of Charlottetown, was named on the executive.

Canada's Finest Ship Launched

(Special to the Guardian)
CLYDEBANK, Scotland, June 11—Shortly before 10 o'clock today His Royal Highness, the Prince of Wales launched Canada's greatest ship the 42,000 ton Canada, Pacific, Empress of Britain, built at Clydebank, Scotland, at a cost of \$6,500,000. The ceremony of the important launching by the Empire's Prince came in from Glasgow by the Marconi beam wireless receiving station at Gamochiche, Que. As the base of contact the trans Canada Broadcasting Company CKGW relayed the distribution throughout Canada to twelve stations and through seventy-eight stations from coast to coast in the United States. The Canadian Pacific's new liner will be engaged on the trans Atlantic run from Quebec City.

CONSERVATIVE POLICY RE PENSIONS ACT

The important subject of Old Age Pensions was discussed by Hon. John A. MacDonald in the course of his speech at Georgetown last Tuesday, on the occasion of his unanimous nomination as Conservative candidate for King's County in the forthcoming federal election. "We heard much about Old Age Pensions during the campaign four years ago," Mr. MacDonald said. "Even in the provincial election campaign of 1927 there were very definite pledges given by the Liberal candidates that they would adopt the pensions scheme in this Province. That is to say, they would find the means of paying, out of provincial revenues, fifty per cent of the pensions, the Federal Government paying the remaining fifty per cent, as it is doing in other Provinces. Of course, they have not done so. I do not think any person is surprised at that. The neglect of one plank more or less in the Liberal platform of 1927 hardly counts for much. But here is the situation: last year we paid over \$5,000,000 for old age pensions throughout Canada. Every person in this Province who pays taxes contributed to the paying of that \$5,000,000. In a few more years the amount will be very much larger, because some of the Provinces are only beginning to adopt the scheme. What do we in Prince Edward Island get out of that expenditure? Not a penny. It is hardly possible that we shall, because it would cost this province so much money that we could not afford to take advantage of it. I am not stating that as a matter of provincial policy; but that is the way I see it under the existing scheme at Ottawa. "We have proportionately more

"Mystery Plane" Breaks Record

(Canadian Press)
VALLEY STREAM, N. Y., June 11—Using the low wing Traveller "mystery monoplane," which was a successful competitor in the Cleveland air races last summer Dale "Red" Jackson, of endurance fame today flew from Montreal to Curtis Field in two hours and eight minutes. Flying time of regular passenger lines over the 400 miles route is four hours.

Parade Streets In Pyjamas

NEW GLASGOW, N. S., June 11—New Glasgow is not quite "modern" enough for girls clad in gay colored beach pyjamas on the main streets. At least that is the conclusion of two comely girls who made the venture a sultry afternoon recently. They sauntered over from the West Side, bravely and seemingly nonchalant in their gay attire. But their bravery vanished when they encountered a group of school boys as they neared the George Street Railway Crossing. Quite alive to the new thrill of the beach pyjamas, the school boys rudely, perhaps, as is the manner of school boys, surrounded the two girls, and cheered them to the echo.

Islander Leads Arch Masons

HALIFAX, N. S., June 11—L. M. McKinnon, of Montague, P. E. I., was elected Grand High Priest of the Grand Chapter of Royal Arch Masons of Nova Scotia and Prince Edward Island, at the annual convocation, attended by about 65 delegates, held in Masonic hall at Halifax yesterday. Other officers elected were: Grand King, J. W. Heighton, of Pictou; Grand Scribe, R. V. Hogan, of Amherst, (re-elected); Grand Treasurer, M. McP. Hall, of Halifax, and Grand Secretary, Brenton F. Porter, of Truro.

ONT. SUPREME COURT GIVES JUDGMENT

Holds That Can. Govt. as Owners of C. N. R. Has Right to Force C. P. R. to Remove Its Tele- graph Lines for Right of Way.

(Canadian Press)
OTTAWA, Ont., June 10—The Supreme Court in a judgment handed down today, held that the Canadian Government as owners of the Canadian National Railways has the right to force the Canadian Pacific Railway to remove at once its telegraph lines for the right of way of the Intercolonial east of Saint John, N. B., with the exception of the stretch between New Glasgow and Pictou. The C. P. R. intimated this morning the judgment would likely be appealed to the Privy Council. The judgment issued today was in an appeal and cross appeal from the judgment of Mr. Justice Audette in the Exchequer Court. Mr. Justice Audette found that the Canadian Pacific Railways telegraph lines on the Intercolonial right of way east of Saint John was there "by leave and license" of the Dominion Government, but not an irrevocable license. The C. P. R. appealed this decision, claiming the license was an irrevocable one. The Government entered a cross appeal contending the C. P. R. was a trespasser in placing its poles along the right of way. The judgment of the Supreme Court today dismissed the appeal and allowed the cross appeal in the main, but allowed the appeal insofar as the Westville branch line was concerned. (Chief Justice Anglin dissenting). Judgment for costs was given the Crown with, however, costs in regard to the Westville line set off against them.

Temperance Education Is Needed

BOSTON, June 11—Prohibition enforcement agencies could find "co-gent suggestion" in the experience of England and Wales of better methods of attaining the object of the 18th amendment than those pursued during the last decade, in the opinion of George W. Wickersham, chairman of the National Commission of Law Observance and Enforcement. A general process of education against the evils of excessive drinking and the advantages of other forms of innocent amusement have been credited in large part with marked decreases in drunkenness in those countries, he said last night. He addressed 5,000 social workers here at the 57th national conference on social work. Quoting British authorities, he cited other factors, including improved housing conditions and cultural advantages, certain restrictions in hours of sale of liquors and high-liquor cost.

FORTY LIVES LOST IN SEA DISASTER

(Special to the Guardian)
BOSTON, June 11—An oily inferno which engulfed a passenger steamer and an oil tanker off the southern Massachusetts coast last night appeared today to have taken a toll of approximately forty lives. Fire enveloped both the Merchants and Miners Transportation Company's steamship Fairfax, and the Shell Petroleum Products Corporation's tanker Pinthis. After the passenger vessel had rammed the smaller craft amidships in a thick fog off Scituate last night, the tanker carrying 12,000 barrels of gasoline sank almost stone-like in a fiery sea. Its captain and crew of eighteen men were believed to have gone down when their ship caught momentarily in the hole it had cut in the middle of the oil craft. The Fairfax was helpless, while oil fed flames streamed over its decks, but the Fairfax managed to ride out her difficulties and steamed into this port under her own power at 10.15 a. m. E. D. T. today.

R-100 AGAIN POSTPONES HER FLIGHT

Will Not Begin Her Trans Atlantic Trip to Canada Until After the General Election—Flight Will Be Made During Last Week of July

(Canadian Press)
OTTAWA, June 11—The R-100 will not begin her trans Atlantic trip to Canada until after the general election on July 28. This was conveyed to the Minister of National Defense, Hon. J. R. Ralston, in a cable received here today from the British Government. The postponement of the dirigible's flight is in accordance with an agreement between Canada and Great Britain. The start of the flight will be made during the last three days of July, the cable said.

Uniforms Cost Three Million

(Special to the Guardian)
TORONTO, Ont., June 11—Nearly three million dollars is the estimated value of the Shriners uniforms which were saved as a result of the last minute decision of the parades committee to rescind its orders, that yesterday morning's scheduled evening parade go ahead rain or shine. The new uniforms of Rameses Temple, purchased especially for the convention and never worn until Monday, cost \$40,000. One member of the Temple said today, the high red leather boots specially made in a small shoemaker's shop in Newmarket cost \$20 a pair and afterwards the shoemaker declared he should have charged \$30. The Shriner stated that seventy-two Temples were to have taken part in the parade at \$40,000 a throw for uniforms and some of the Temples had spent much more than that for their "glad rags."
