FROST STEEL FOX PENS

KEEP PROFITS SAFE

YOUR success depends on the type of pen you use for your valuable foxes. Without complete sanitation and protection, you run the risk of serious loss. Frost Steel Pens guard your profits as no other type of pen can. Sanitary and easily kept clean, no germs can lodge in them. They are absolutely escape-proof. The framework is double-strength angle steel, wire is heavily galvanized to resist rust and all pens are heavily braced and bolted to give permanent, unyielding strength. Frost Steel Pens are quickly assembled and can be easily moved when necessary. They save you many dollars in upkeep cost for they never need renewal. You get a lifetime of service out of them.

Genuine BARBADOS MOLASSES

Nervous Dyspepsia Bad Liver, Headache of Years Vanish

Gives Credit for Health to "FRUIT-A-TIVES"

"For years was troubled with bad headaches, nervous dyspepsia and liver troubles. Finally tried 'Fruit-a-tives' and am now entirely well."—R. A. Bovay, Trenton, Ont.

Years-old liver trouble, constipation and overnight with "Fruit-a-tives", say thousands. Dyspepsia, biliousness, heartburn, gas, sick headaches go like a flash. Nerves quiet, sound sleep at once. Kidney and bladder ills, pain in back vanish like magic. Rheumatism, neuralgia, neuritis disappear quick. Complexion clears in no time.

Ten of nature's greatest remedies combined in handy little tablet. Marvelous discovery of famous Canadian doctor. Speedy results. Get "Fruit-a-tives" from druggist today. Be new person tomorrow.

(To place this the finest of Molasses in an air-tight container would destroy its rare, delicious taste and its great health value.)

(That is why you can buy it only in bulk, drawn to your order from the casks in which it was shipped.)

(This Trade Mark stands on the head of every cask; is your guarantee and your power's guarantee of the World's Finest Molasses!)

PAUL'S WHARVES

LONG CREEK WOMEN'S INSTITUTE

The regular monthly meeting of the Long Creek Women's Institute met at the home of Mrs. Fred Stretch on Wednesday evening, August 6th, with an attendance of ten members and three visitors. The meeting opened with the singing of the Institute Ode, and repeating the Creed in unison, followed by the reading and approval of minutes of last meeting. Roll call was responded to with recipes for home made

candy. Report from the Sick Committee for last month. A very interesting report from the Institute Convention at Charlottetown was given by the delegates.

A social hour was spent in conversation and dainty refreshments were served by the hostess and the meeting closed by singing. Mrs. Annie Stretch kindly invited the members to her home for the next meeting, roll call to be answered with pickle recipes.

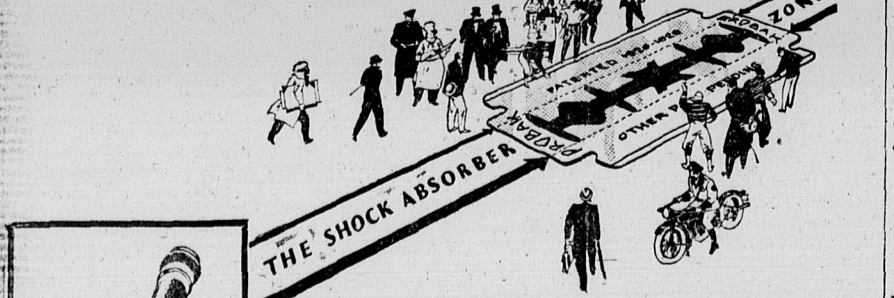

On Saturday afternoon, August 18th, the members of the Long Creek Women's Institute accompanied by a number of visitors, wended their way to Canoe Cove shores to a beautiful spot overlooking the Northumberland Strait to hold their annual picnic. Although the anticipations of this event always rang high, nevertheless on Saturday afternoon, the consummation of our best hopes were realized in the excellent sports indulged in by all and resulting in such racy checks, sparkling eyes and last, but not least, a keen appetite. Although not all yet some could not resist the temptation of a dip in the surf and reported the water to be an excellent temperature. After the sports were finished all sat on the grass where supper was served in real picnic style and the various appetizing dishes appeased the ravishing appetites of all present. As the sun began to set, thoughts of home dawned on the picnickers and very reluctantly they began to leave for home, but with many bright prospects of a similar future event and one and all were of the same opinion that when it comes to real sport the "Long Creek Women's Institute" cannot be beaten.

And now...

a SHOCK-ABSORBER

in your

safety razor blade

EVERY Probak blade has a built-in shock absorber that absolutely prevents edge distortion. You feel the results in an utterly different and vastly better shave.

Probak's shock-absorber incorporates two revolutionary improvements in blade construction—**butterfly channeling in duo-tempered steel**. Scientifically shaped perforations disperse the bending strains—provide channels for their escape. Specially tempered steel in the middle of the blade absorbs what little strain is left. No shock or distortion reaches the highly tempered and finely honed shaving edges. The blade is as keen in your razor as in the original package.

Prove these facts. Buy a package of Probak. Try two in your double-edge razor (old or new model). If every Probak shave isn't quicker, cooler, smoother—return the package and your dealer will refund every cent—\$1 for 10, 50c for 5.

There Is Only One Probak Quality—The Best
