BEAR RIVER, N. S.; Feb. 11.—Mrs. Elizabeth Berry of this place has had an experience both unique and interesting. She says: "For over eight years I suffered with chronic Kidney Disease. I tried many remedies, but with no relief. A friend advised DODD'S Kidney Pills. "I took one box and that did not seem to help me very much I left off and concluded there was no remedy. For three years more I struggled on till at last I got so bad that I could not dress or undress myself and I did not sleep more than five minutes at a time day or night. "I determined to try DODD'S Kidney Pills once more. This time I bought five boxes. When these were done I was a little better, so I got seven more. I have not finished the twelfth yet and I am completely cured of every trace of the old trouble."

**ECONOMY IS IMPERATIVE.**

Our times demand economy in every branch of trade. We must save the cents and the dollar will look out for themselves. In justice to yourself look out for small leaks. In purchasing, see that nothing is charged. Pay for what you get and get nothing more; in other words pay cash, and get cash prices; when you study your own interests you study ours also. Cash talks. Cash makes matters more cheerful all around. Our cash prices are so fine that you cannot make a mistake to patronize the cash tailor.

WHILE THE GUARDIAN reporter was passing Messrs. Paton & Co's. windows last evening he was struck with a new style of advertising in the way of window dressing. One of the windows was draped in some of the firm's new spring curtains, very nice and dainty, no doubt selected by one skilled in buying. The other window presented a home like picture; the background was draped in white goods, while a large table was placed in the centre of the window on which was a beautiful set of the finest table linens, with a full set of china and silverware, all ready as one would think to set down, and help themselves. The writer then became somewhat interested and on entering the store was informed that the firm had one of their annual white goods sales on and to enumerate all the different lines displayed would fill a whole newspaper.

A UNIQUE and most interesting form of entertainment was given by Company A. Loyal Crusaders at their regular meeting held on Monday evening. It was what the little folks called a "Victoria" night. One of the senior officers being one of our public school teachers questioned the Crusaders on the chief events in the life and reign of our late lamented Sovereign Queen Victoria and it was pleasing to notice how readily the children answered giving dates of the birth, the ascension, the coronation, the marriage, the widowhood, the death and burial of "Victoria the Good." The evening was one of interest and we feel sure was one of profit to all who were fortunate enough to be present.

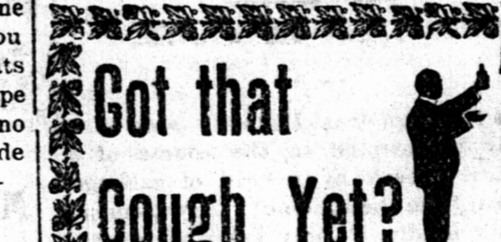

The regular meeting of the Teachers Institute was held yesterday afternoon in Queen Square School. It was decided to meet in future on alternate Wednesday afternoons at half past four. For next meeting the teaching of arithmetic in grade 1 will be discussed.
