SPLENDID SCORES OF CANADIAN TEAM

Ten Qualify for Second Stage of King's Prize

Vroom is Fourth—Dominion Rifle-men Have Won \$750 to be Divided, Besides Many Incidental Prizes.

MONTREAL, July 23.—A special from Bisley says:

"The following Canadians secured places in the first stage of the competition for King's prize; Vroom, 4th; Spearing, 11th; Crowe, 12th; Elliott, 16th; Naughton, 21th. These will fire in the second stage of the contest. Eighty-six competitors who secured an aggregate of 91 each, at the three ranges at this stage, will shoot off for the remaining forty-six places in the group of 300, who are to fire in the second stage.

Pte. Gray, of the London Scottish Volunteers, won the bronze medal for highest score in the first stage, with a score of 103. There is one other score of 103, two of 101, six of 100.

"Ten Canadians who are entitled to fire in the second stage are:

Table listing names and scores of Canadian shooters: Vroom (101), Major Spearing (100), Captain Crowe (100), Lieut. Howard (96), Trooper Crofton (96), Captain Elliott (95), Trooper McNaughton (94), Sergeant Bayles (94), Sergeant Hayhurst (94), Sergeant Macgregor (94).

"The Canadians shot very badly at 600 yards, being much bothered by the wind. The Canadians as a team, however, won \$750 prize money up to the present. This money is divided equally among the members of the team. Members of the team have won individual prizes which are undivided.

"Three splendid presentations to the Dominion Rifle Association were announced today. Major General Fremantle, who commended the British team that visited Ottawa last year in quest of the Palma trophy has given a bronze figure of Lord Roberts, surrounded by four generals, whom the Canadians served under in South Africa, in appreciation of the kindness shown the British team at Ottawa last year. Lord Strathcona has donated a silver tea service for competition and the Canada Club, a gold watch."

CHAMBERLAIN MAKES CONVERTS

Of the British Cabinet—They are Convinced

That a Change in the Fiscal Policy Must be Made—Colonial Secretary is Now Issuing Literature.

LONDON, July 23.—The educational campaign on the tariff question which Colonial Secretary Chamberlain has vigorously launched by means of leaflets and circulars issued under his supervision though not bearing his name, came in for serious criticism in the house of lords this afternoon. Earl Spencer, the Liberal leader in the house, complained that Mr. Chamberlain was practically violating the government agreement, namely, the fiscal discussion should be postponed until October. He said the distribution of such literature looked on its face as though the government had taken up Mr. Chamberlain's views.

Earl Spencer added that if Mr. Chamberlain remained in the cabinet it would be almost impossible to dissociate his views from the policy of the government as a whole.

The Duke of Devonshire, Lord president of the council and Conservative leader in the house, retorted that while he gathered from the remarks that the premier ought to tell Mr. Chamberlain to resign, he feared this was rather an illogical procedure, since though the government had by no means yet adopted the views of the colonial secretary, the government's investigation so far as it had proceeded, had convinced the premier and his colleagues that Mr. Chamberlain's impeachment of the fiscal policy was well founded and that changes ought to be effected.

The Dangers of Childhood.

Summer is the most deadly season of the year for little ones. The little life hangs by a mere thread; diarrhoea, infant cholera and other hot weather ailments come quickly, and sometimes, in a few hours, extinguish a bright little life. Every mother should be in a position to ward against, or cure these troubles, and there is no medicine known to medical science which acts so surely, so speedily and so safely as Baby's Own Tablets. A box of the Tablets should be kept in every home where there are little ones and by giving an occasional Tablet, hot weather ailments will be prevented, and your little one will be kept well and happy. Don't wait until the trouble comes—that may be too late. Remember that these ailments can be prevented by keeping the stomach and bowels right. Mrs. A. Vanderveer, Port Colborne, Ont., says: "My baby was cross, restless and had diarrhoea, I gave her Baby's Own Tablets and they helped her almost at once. I think the Tablets a splendid medicine for children."

MARRIED.

A GREAT LITTLE WORKER.

"During a long life time the heart will propel half a million tons of blood through the body, and so long as the blood is in a healthy condition it will repair itself as fast as it wastes, passively keeping the play of its valves and the rhythm of its throbs. If the action of the heart gets weak, irregular and fluttering, the blood is lacking in nourishing qualities and requires just such assistance as is best supplied by Dr. Chase's Serravallo's Tonic blood builder and nerve restorer."
