Little Willie—"Say, pa, What's diplomacy?" Pa—"Diplomacy, my son, is the art of making people believe that you believe that they believe what you say when you know they don't.

She Was Pale and Languid

Mrs. E. McLaughlin, 95 Parliament street, Toronto, states: "My daughter was pale, weak, languid and very nervous, her appetite was poor and changeable; she could scarcely drag herself about the house, and her nerves were completely unstrung; she could not sleep for more than half an hour at a time without starting up and crying out in excitement.

"As she was growing weaker and weaker I became alarmed, and got a box of Dr. Chase's Nerve Food. She used this treatment for some weeks, and from the first we noticed a decided improvement. Her appetite became better, she gained in weight, the color returned to her face, and she gradually became strong and well. I cannot say too much in favor of this wonderful treatment since it has proven such a blessing to my daughter."

Dr. Chase's Nerve Food is the most effective treatment for the ailments and weakness of women that is obtainable. 50 cents a box, at all dealers', or Edmanson, Bates & Co., Toronto.

HOTEL TO LET.

THE SUBSCRIBER offers for rent the well-known and beautifully situated.

Lansdowne Hotel,

Cape Traverse, Prince Edward Island.

This splendid hotel contains thirty-two rooms, all finished in the best style, and most conveniently arranged. The Lansdowne is one of the most popular hotels in the province, and its situation, in a surpassingly beautiful section, overlooking the Straits of Northumberland, makes it one of the best summer resorts in the Province, while, being on the direct route of ice boat travel between the Capes, it has also a fine winter business. There is no better place in the province for a good hotel business, winter and summer, and the house is in every way admirably adapted for the purpose.

Rent low and terms reasonable. Apply to

THE MORNING GUARDIAN

WEDNESDAY, JUNE 19, 1900.

JUNE DAYS.

What is so rare as a day in June?
Then, if ever, come perfect days.

So wrote Lowell in the Vision of Sir Launfall. The thought once expressed has lingered in the minds of many because of its truth and fidelity to nature. And it is in our northern and insular climate that June is at its best. With us June is emphatically the month of bloom and verdure; of longest days and shortest nights as elsewhere in the northern hemisphere; of clear bright days without excessive heat and a rare clarity, healthfulness and bracing element in the atmosphere. Here we have always the breath of the salt sea in our lungs, for even the gentlest breeze passes quickly over the narrow breadth of the Island from sea to sea. Yet what Island around the globe enjoys so many days of sunlight, free from storms, from fog or mist!

In this particular June, the first of the new century, Prince Edward Island is a garden of rare loveliness. All our vegetation is luxuriant; the fields are clothed with green; the trees are richly clad in their summer beauty; the streams run sparkling to the sea; the firmament bends above as if in benediction; the long hours of sunlight, are followed by fair and glowing sunsets, beyond which the evening twilight stretches out and almost clasps hands across the jewelled night to greet the morning twilight of a new day. There are, in sooth some days in June on this fair Island that are as nearly perfect as days on earth may be, and all healthful minds, housed in healthful bodies, if left free from other conditions of a disturbing nature must enjoy them.

Of course, not all days, even in glorious June are thus perfect as yesterday was. Were they thus perfect nature would lack variety and her very sweetness, because of its monotony, would pall upon the senses. Sometimes the clouds must gather, the winds arise, perchance the thunder roll and the rain fall upon the earth. But in June the seasons of cloud and storm are always brief, and when they have passed they leave us with brighter skies, a fresher bloom and greenness, purer air and greater zest in living. We who live here and enjoy all this ought to know that we live on one of earth's rare beauty spots, surrounded by much of all that goes to make life worth living. The outer world is only learning as yet what successive generations of Islanders have enjoyed for a century past. When the tourist world come to know, they will throng to the Island of the Gulf to spend their summers.

Glasgow, Scotland has about three quarters of a million population, and has learned how to keep its 315 miles of streets clean and at the same time make a large profit out of the transaction. The Glasgow cleaning department controls several farms with an aggregate area of 800 acres, employs 1,300 men, and owns 900 railway cars, 300 horses and a vast array of carts. It has besides its own railways on its own estates, its own quarries and workshops.

Rheumatism..

is Uric Acid in the blood. Unhealthy kidneys are the cause of the acid being there. If the kidneys acted as they should they would strain the Uric Acid out of the system and rheumatism wouldn't occur. Rheumatism is a Kidney Disease. Dodd's Kidney Pills have made a great part of their reputation curing Rheumatism. So get at the *cause* of those fearful shooting pains and stiff, aching joints. There is but one sure way—

Dodd's Kidney Pills

Observe the Sabbath.

SIR,—There is a rumor going the rounds in this neighborhood that it is the intention of the contractor to spend a Sabbath soon in putting up the new iron bridge at Morell. Is that so? I call the attention of the public to this contemplated breach of the Sabbath day. Can it be classed as a work of necessity in any sense? We think enquiry will show that it cannot. Who is the contractor who would attempt to bid defiance to the laws of the land? What will be thought of railway officials who mean to assist in this work? Is not every man who takes part by manual labor personally responsible? We believe in Liberal rule but the party that would dare openly to transgress God's law we mean to oppose to the utmost as not fit to govern a Christian community. We are not yet ready for the Western Sabbath down here.

MORELL.

The Boer resources cannot hold out for ever at the present rate in which the process of exhaustion is going on. Lord Kitchener's reports show this pretty clearly. Between June 1st and June 9th 2,640 Boers were killed, wounded, surrendered, or made prisoners, and 4,000 horses were captured by the British. Already so many of the enemy have been slain, disabled, or made prisoners that it is quite clear the adult male population of the two Republics at the beginning of the war must have been considerably greater than was then supposed by the outside world.

It is just as easy to drift into danger as to drive into it. The progress is slower but the end is equally sure. It is the gradual progress of drifting which blinds to the danger. Men and women drift into ill-health in such a way. There is a little feeling of oppression after eating. After a time it passes away. Some day it returns and brings another symptom—headache, perhaps. Something is done to relieve the headache, but nothing to relieve the cause. So one more victim goes drifting on to the rocks of disease.

Young women who are teaching or studying are very apt to become victims of disease of the stomach. They eat injudiciously, in some cases, and in general the brain is too occupied to allow the stomach the blood necessary to carry on its functions. Hence in time the organs of digestion and nutrition are totally deranged, and the young graduate goes home a chronic invalid.

The timely use of Dr. Pierce's Golden Medical Discovery will avert such a condition; the faithful use of it in chronic cases will effect a complete cure.

"I was troubled with very frequent headaches, often accompanied by severe vomiting," writes Miss Mary Belle Summerton, of San Diego, Duval Co., Texas. "Bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing, and sometimes absolutely nothing, for twenty-four hours at a time. I was entirely unfit for work, and my whole system seemed so run down that I feared a severe sick spell and was very much discouraged. I was advised to try Dr. Pierce's Golden Medical Discovery, and before finishing the third bottle I was able to undertake the duties of public school life, and contracted to do so."

Dr. Pierce's Pleasant Pellets cleanse the complexion and sweeten the breath.

dentistry.
