

Kensington Applauds Conservative Speakers

Able Addresses By Mr. J. F. Arnett, Mr. A. F. Arsenault And Hon. J. D. Stewart In Support Of Hon. R. B. Bennett's Policy Of Canadian Markets For Home Producers.

At the joint meeting held in Kensington's fine new rink on Thursday evening, both candidates were extended an enthusiastic reception. The stage from which the speakers addressed the people was draped in blue and yellow and Union Jacks were hung overhead. A beautiful bouquet of flowers was placed on the speakers table. There was ample accommodation for all and there must have been some thousands in attendance. All the speakers in turn congratulated the Kensington citizens on their splendidly equipped rink, of which they should be justly proud.

Mr. John A. Thompson was the chairman and conducted the meeting with fairness to all. In introducing Mr. McLean, the first speaker, he regretted the absence of Mr. Laird, Mayor of Kensington.

Mr. A. E. McLean, Liberal candidate, expressed his pleasure at seeing so large an audience, which he had no doubt would listen with fairness to the different problems confronting the people at the present time. This was the fourth time that he had been asked to represent the people in the last eight years. He outlined the Liberal policy and record, speaking of the reduced taxation and duties, enlarging of markets and trade treaties since the Liberal administration.

to the people of Prince Edward Island. It was not true, stated Mr. Arnett, that the new highway to be built across Canada promised by Mr. Bennett would include P. E. Island. Mr. Arnett remarked that he was amazed to see, when driving to the hall tonight, the activity on the highways, and he was sorry that there were so few more days left before the election, as it was little enough time for the Liberal party to make a good job of our roads.

In appealing to the people to consider their vote on the 28th Mr. Arnett said that all realized that the farmer is the backbone of the country, all other businesses are dependent on them. He also asked them to consider the changing policy of the Liberal party as compared with the policy of the Conservative party, which has stood the test ever since the time of Sir John A. MacDonald. At this closing remark the house rang with cheers.

Hon. Dr. John McNeill, M.L.A., gave a short address in support of Mr. McLean.

Supports Mr. Arnett

Mr. A. F. Arsenault, M.L.A., made an excellent speech on behalf of Mr. Arnett. He realized by the earnest faces before him that a great interest is being taken by the people in this election and that the people had come to get help from all angles on this all-important matter. That we have not increased in population or industry is a poor sign. It is necessary for us to consider whether the present government has dealt fairly with the people of Canada, who come from the two great nations of Europe, France, with her arts, and Great Britain with its commerce and universal justice. (Loud applause.) Have we increased in population and wealth under the Mackenzie King Government, the tools of the Progressive ranchers of the West, who came here from America to exploit our wheat land and give us nothing in return?

Through an unwise treaty they have jeopardized our agriculture industry, Mr. Arsenault continued. There must be something wrong with the treaty when Mr. McLean in a letter to the electors, stated that the butter situation has been corrected.

In his closing remarks, Mr. Arsenault repeated the statement of Mr. Baldwin, that Canada is a wonderful country and should attract all the nations of the earth.

Hon. J. D. Stewart, Provincial Conservative Leader, was the second speaker in support of the Conservative candidate and was greeted with loud applause. In a few convincing words, he answered the statements made by the Liberal speakers. He was very pleased to see the interest taken in out-door sports and amusement on this splendid new rink indicated, which would go a long way to keep our boys at home. He remarked that in spite of Hon. Mr. Lea's long speech in regard to the butter situation, butter was still going down. (Hear, hear!)

Special pleading on behalf of the New Zealand treaty was not very much good in the speaker's opinion. The farmers were experienced men and knew whether the matter was a joke or not; but Mr. Stewart knew that it was the large bodies of farmers from all parts of the Dominion that had brought pressure to bear on the Government and caused them to have the treaty abrogated because the New Zealand butter was the first butter to come in direct competition with Canadian butter.

He also noticed that Mr. Arnett's opponents went to a good deal of trouble to show an array of figures, even going so far as to hold up the book for the audience to read them, to let them see the "surpluses" of the Liberal party. But "surpluses" did not carry much weight, as we had seen "surpluses" in our local government last year when the Province was actually going into debt, the "surplus" being made up by including as liquid assets our roads which in their present condition could not be said to be much of an asset.

Some one in the audience enthusiastically called out "They did it before the election. They won't get the chance to afterwards!"

Continuing, Mr. Stewart dealt ably with the question of the Highways Grant and the subsidy question.

Premier Lea supported Mr. McLean and spoke at some length on agricultural matters mostly, in reference to butter. In giving some reasons why less butter was manufactured now than heretofore a good deal of amusement was caused when he remarked that people drank more fluid milk. He put forth a good many more arguments why butter was not being manufactured just at the present time, but they were not very convincing to the public assembled to hear him.

Godiva's Horse Too Frisky

The honor of carrying Lady Godiva in the recent carnival at Dubley England, was too much for her steed. The white horse, unused to peering a lady in fleshings before a huge crowd, became excited and began to prance dangerously. Miss Lucille Smith, the Lady Godiva, hastily dismounted and was taken to a house where she rested until a quieter steed could be found. Then the march proceeded.

Shamrock For Luck

(Special to the Guardian)

PARIS, July 18.—Sir Thomas Lipton is going to carry a Colorado shamrock in his pocket for luck, when Shamrock V races for the American Cup next September. After Sir Thomas won five races out of five starts with his cup contender, while wearing a shamrock green necktie knitted for him by Mrs. J. J. Brown, Colorado millionaire and voluntary exile in Paris, he wrote to Mrs. Brown and asked what she could offer as a sure fire lucky piece for the September races. Mrs. Brown sent to Colorado and obtained a shamrock from the garden of her Denver home and has sent it to the veteran yachtsman. Sir Thomas wrote, promising to carry it during the race and promised Mrs. Brown a glorious party in Ireland if her lucky piece really proves lucky.

Farewell Addresses

The following addresses of appreciation were presented to Miss Murchison, the highly esteemed teacher of North Pinette on her leaving that district at the end of three successful years. Miss Murchison will teach at Point Prim for the next school term:

We may have at times been wilful and careless but we always loved you. We wish you luck and success wherever you may be located. Please accept this little gift as a token of our esteem.

Enthusiastically Received

Mr. J. F. Arnett was the next speaker and was received in a most enthusiastic manner. He expressed his appreciation of the confidence placed in him when he was nominated last fall to contest Prince County.

Mr. Arnett dealt very ably with the difficulties facing the people today. He brought to light some interesting facts concerning the depletion in trade throughout Canada at the present time. According to the Dunning budget the earnings of the C.N.R. are reduced 10 per cent. The depletion of Canadian stocks and bonds is another indication of the depression throughout Canada at the present time. The migrating of our boys and girls to the United States is ample proof that the country is not going forward as it should. If the vast resources of this large Dominion were utilized as they should be in our own country, there would not be this terrible exodus from the Dominion. (Applause.)

In regard to the countervailing duties, he should, said Mr. Arnett, keep the latch string on the inside of our door so that we could dictate to the Americans as to what duties we would impose, and not have the string on the outside of the door. (More applause.)

In speaking of the surplus which the Liberals are boasting about Mr. Arnett pointed out that the grant of \$20,000,000 dollars for highways as well as the technical and educational grants had been discontinued by the Liberal government when they came into power.

There was loud applause when Mr. Arnett told the people that if Mr. Bennett was next Prime Minister the Federal Government will take over the payment of the Old Age Pensions

The ceremony was performed by Ven. Archdeacon White. The church was beautifully decorated with cut flowers and ferns by the girl friends of the bride. The bride, who was given in marriage by her father, entered the church to the strains of the wedding march delightfully rendered by Mrs. Horace Andrew. The bride was very charming in a dress of white satin crepe and beautiful veil, which formed a train at the back. It was fastened with a wreath of orange blossoms. She carried a lovely bouquet of carnations, roses and ferns. Miss Hope Compton, younger sister of the bride, acted as flower girl and looked very winsome in a dainty dress of maize organdy. Miss Catherine Compton was bridesmaid

and wore a dress of orchid crepe-de-chine with hat to match. Mr. Fredrick Mill acted as groomsmen. The church was filled with friends and relatives of the bride. The groom is a native of Denmark. A reception was held at the home of the bride, at which the immediate relatives and friends were present. The bride and groom after a short honeymoon will reside in St. Eleanors, where a host of friends wish them every happiness. S.

HON. JOHN A. MACDONALD, CONSERVATIVE CANDIDATE FOR KINGS

In the last two Parliaments the Hon. John A. MacDonald was known at Ottawa as "The member for Prince Edward Island." What this implied was that his was the only personality from the Province that impressed itself upon the House. He is held in the highest esteem and greatly respected on both sides of the House. It was no surprise in Ottawa when Mr. Meighen included Mr. MacDonald in his Government, as he was one of the outstanding men from the Maritime Provinces then at Ottawa. Mr. MacDonald, never-the-less, is of a retiring disposition. He is not a self-advertiser, and prefers to pursue his even terms, working for his constituency, province and county, steadily, regularly and unostentatiously. He has been in politics since the days of his youth, and was one of the stalwarts that represented King's County in the Provincial arena along with such political giants as the Hon. J. A. Mathieson and the Hon. John MacLean. He has been in opposition and in the government in both the local legislature and in the Dominion House. In business he is a merchant at Cardigan, known well and widely locally and wherever farm produce is in demand. His word is as good as his bond, he being known in local politics as "John A., the promise keeper."
