LONDON SPECTATOR SUBMITS PROBABLE TERMS OF PEACE

In Reply to President Wilson's Question as to What the Allies' Terms will be. The Spectator Leaves Little Ground for Germany's Future Ambitions or for an Inconclusive Peace. Its Forecast Whether Inspired or not is Probably Nearly Correct.

(Special to the Guardian.) LONDON, Dec. 29.—The Spectator devotes the greater part of its issue to answering President Wilson's question as to what are the peace terms of the Entente Allies. Briefly summarized, the principal demands as outlined by the Spectator follow: "Peace terms are to start from the status quo before the war, this including the evacuation of the whole of northern France, Belgium, and Luxembourg, and of all the lands taken from Serbia, Roumania, Russia and Montenegro. Alsace and Lorraine are to be restored to France. The Danish portion of Schleswig-Holstein is to go to Denmark, and Posen in Polish Prussia and Austrian Poland to be added to the new kingdom of Poland which the Czar has pledged to create."

GENERAL WAR SUMMARY

Teutonic Forces Still Advancing in Roumania, Germans Succeeded in Entering a French Trench on Verdun Front.

(Special to the Guardian.) LONDON, Dec. 29.—Pressing in upon southern Moldavia from the three sides apparently with all their vigor the forces of the Central Powers are making progress against stiff resistance. On the Transylvanian Moldavian frontier in the region north of Rimnik Sarat, in Dobruja, opposite Braila, Berlin reports Austro-German Bulgarian troops are advancing. A new thrust seemingly has been started by the Austro-Germans along the Moldavian frontier, thus adding to the difficulties of the Russians and Roumanians already hard pressed on the southeast. Several lines of positions and 1,400 prisoners were taken by the invaders in the first day of their offensive into Moldavia from the west which may have for its purpose the cutting off of the retreat of the Russian troops now on the border along the southern Moldavian border. Along the River Jasno west of Govesa, Petrograd says, Roumanian troops were driven nearly a mile. A desperate battle also is reported as taking place near Semezo, near Oena, within the Moldavian boundary. The Russian troops were repulsed, according to Petrograd. Field Marshal Von Macksen has reached Dumitrest, about twelve miles west of Rimnik Sarat. North-east of that town troops under his command have captured several villages. The number of prisoners taken by this army totals 1,400 in addition to cannon and machine guns. DOBRUDJA ALMOST CLEARED OF DEFENDERS The Roumanian province of Dob-

rudja is now almost cleared of defenders, as Berlin says Ratchelu, north-east of Matchin Bridge head across the Danube from Braila has been conquered. Ratchelu is on the Danube. West of the Meuse in the Verdun region, the forces of the German Crown Prince repulsed. SLIGHT REVERSE FOR FRENCH. Attacks by French troops against the new German positions on Le Mort Homme where the second and third lines of trenches were entered by the Germans and 220 prisoners and seven machine guns taken. Paris admits a slight success for Germans in this sector saying that one trench south of Le Mort Homme was entered by the Germans. Other efforts to advance between the Meuse and Avocourt in front of both Le Mort Homme and Hill 304 were repulsed by the French. Except for some engagements between patrols around Brody in Galicia, no activity is reported from the eastern Macedonian, Austro-Italian front. British and French troops have carried out successful raids on the west front at various points.

PETROGRAD REPORT. (Special to the Guardian.) PETROGRAD, Dec. 29.—Violent fighting took place between Russian troops and the forces of the Central Powers yesterday, in Central Roumania, in the region of Amara. According to a Russian official statement

issued today Teuton forces, 3,500 men strong, launched an attack on the Russian lines. The battle continued until evening when the engagement slackened. In the sector of Rimnik Sarat Boldu all attacks on the invaders were repulsed by the Russians. The statement reads. On the Roumanian front the enemy attacked the Roumanians from the front north and south of the river Kasine, near the Roumanian frontier, west of Govesha and pressed them back on the vosta to the eastward. In the region of Kioshdani and Koetomira, 315 respectively north of Rimnik Sarat battles are proceeding. All attacks have been beaten back by the Roumanians. Rumanian and our own detachments which have occupied positions on the left bank of the river Rimnik Sarat were repulsed with counter attacks all enemy attacks. All attacks on the sector of Boldu, southeast of Rimnik Sarat were repulsed. The enemy was overthrown by our energetic counter attacks. In the course of the day the enemy, about two divisions strong, continued all attacks in the direction of Amara Station, ten versts south of Boldu. Toward evening the battle slackened. Near Filiteesti station an enemy attack was repelled by us. Elsewhere there were artillery attacks. In Dobruja along the whole front the enemy conducted attacks against our patrol guards.

PARIS REPORT. (Special to the Guardian.) PARIS, Dec. 29.—Official. Between the Aisne and the Oise our artillery carried out a destructive bombardment on German organizations in the region of Quenestieres. Our patrol trenches which had been badly shattered had been evacuated by the Germans. On the left bank of the Meuse the enemy violently bombarded in the course of the afternoon our positions between the Meuse and Avocourt. We stopped several attacks that were attempted by means of grenades at various points on this front. Everywhere else there was intermittent cannonading.
