"HURRAH FOR CANADA"

LADIES—We have permission to publish the following letters.

Yarmouth, N. S., June 3, 1903.
B. & I. Corset Works, Toronto

Dear Sirs:

We have a request for a pair of summer corsets in style E. This is for a lady who was fitted last year with a pair of style E, and who is much pleased with them. She had been ordering from a special maker and fitter in New York, but declared that B. & I. Patent Bias Filled Corsets fit more comfortably and cost half the price.

Yours truly,
E. M. VIETS.

The Ladies' Outfitting Company, Yarmouth, N. S.

WOMAN'S SPHERE

Sir—Since Mrs Conklin is here in a public capacity she does no violence to propriety to ask her kindly to explain the reason why the Divine Saviour in the selection of His Apostles ignored women. And when He appointed other, seventy also and sent them two and two before His face into every city and place, whether He Himself should come, how is it that the record does not say male and female? When a sensible, learned, intelligent, chaste lady has a message from the Lord, she does well and nobly if she delivers it to her own sex. But— In I Timothy 2, 11, 12 the Apostle Paul says: "Let the woman learn in silence with all subjection. But I suffer not a woman to teach, nor to usurp authority over the man; but to be in silence." Again Consult I Cor. 11:3 which reads thus: "But I would have you know that the head of every man is Christ, and the head of the woman is the man, and the head of Christ is God." See also II Peter 1:20 21 and John 10:35.

Remember Uzah! "Happy is he that condemneth not himself in that thing which he alloweth." Rom. 14:22. Moral—Do your duty faithfully and leave results to God. Yours very truly, JAS. D. LAWSON.

N. B. Shame upon man if woman has to go out of her sphere to do his work. [The above letter has been in type for two days and was held over owing to pressure of other matters—Guardian.]

IRISH LAND BILL. London, July 8.—All the regular clauses of the Irish land bill being adopted, the house of commons to-day took up the newly proposed clauses, on the first of which the government showed the smallest majority of the whole debate. ALL EYES

sooner or later are candidates for glasses. Only an expert optician can tell you just when that day has arrived. A sensible and thorough optician dictates the use of spectacles; the moment they are necessary, show foresight and not blindness. If you think of your vision, an examination by us which costs nothing may prevent consequences which later on would be inevitable. We fit everyone exactly.

CARSON'S

ANTI-CORROSION PAINT

This paint has been known all over the world for over fifty years as a means of preserving all surfaces exposed to the weather. It prevents decay in wood work and rust in iron work. It possesses the advantage of resisting alike the extremes of heat and cold, drought and wet, and where once used will always be used.
