## ALL PARTIES CONFIDENT IN ALBERTA FIGHT

### Final Campaign Meetings are being Waged in the 60 Constituencies Where Polling Will Take Place on June 28.

CALGARY, June 22.—The 184 candidates representing United Farmers of Alberta, Liberals, Conservatives, Labor and Independents, today are waging final campaign meetings in the sixty constituencies of Alberta where polling will take place in the provincial election on Monday, June 28. Expressing confidence in the result the leaders of the three major parties, Premier J. E. Brownlee, U.F.A. Captain J. T. Shaw Liberal, and A. A. McGillivray, K. C., Conservative, today were making plans for the final drive. Premier Brownlee and Mr. Shaw are in the southern part of the province, while Mr. McGillivray is at home in Calgary after a political tour of three weeks, during which he covered most of the province. The question of natural resources and the northern railway problems continue to be the dominant issue before the electorate, while financial matters also are being discussed by all parties. The United Farmers of Alberta party candidates, headed by Premier Brownlee, are facing the electorate on the record of the past five years, asserting that progress has been made in settling all the major issues of the province. The Liberal and Conservative candidates aimed chiefly at the slowness in completing the transfer of natural resources to the province, and also the unsettled conditions in regard to the settling of northern railway questions. Both these problems, declared Premier Brownlee in recent campaign speeches are nearing solution. In the cities there is much apathy about the election and the interest in the country is lively.

## PREMIER STEWART RETURNED FROM SUCCESSFUL VISIT

### In addition to Obtaining \$40,000 per Annum For Railway Taxation Premier Stewart and Colleagues Presented Case for Additional Subsidy to King Government

Premier Stewart received a hearty welcome on all sides yesterday on his return from the Interprovincial Conference at Ottawa. Both political parties were on the occasion of their annual convention, as one in offering him sincere congratulations on securing \$40,000 additional revenues per annum in lieu of Railway taxation. The Premier expressed his appreciation of the generosity of the premiers of the other two provinces in allowing Prince Edward Island \$10,000 per annum more than we are entitled to on a basis of railway mileage. The formal passing of the Order in Council, authorizing this payment, will take place at an early date, probably after the rising of parliament and before the Ministers separate for their vacation. After the Interprovincial Conference, Premier Stewart, the Hon. Arthur Arsenault and Mr. George D. Pope, met and prepared a brief for additional subsidy on account of the claims for additional crown lands, to be presented to the federal government. With the invaluable assistance of Messrs. Jenkins and McLean and the interview was arranged with Premier Mackenzie King who cordially received the delegation and granted their request for an opportunity of advocating the claims of the province before a committee of the Council. Later the committee appointed by the Prime Minister sat and heard the case presented by Premier Stewart and Messrs. Arsenault and Pope, who went into the subject in great detail, the committee afterwards promising to give the matter full consideration. Before leaving Ottawa for home, Premier and Mrs Stewart received a pressing invitation from the secretary of the Union of Municipalities of Quebec to join them in their sail up the Saguenay River in northern Quebec in the vicinity of Lake St. John. Here the visitors saw with their own eyes what they had frequently read about, a city that practically sprang up overnight. This was a town of 400 houses which had been built, completed and occupied within a period of 100 days for the use of the employees of an aluminum company which has come to Quebec and is spending \$100,000 in developing their plant, because of the cheap power. Premier Stewart had no hesitation in saying, from what he saw of electrical development in Northern Quebec that within 50 years, nothing but electricity will be used for light, power and heat in that part of the province. Premier Stewart was greatly interested in the development of the pulp and paper industry at Port Alfred. Among the employees there he found a number of Prince Edward Islanders. The manager of one of the departments in one of Price Brothers Paper Mills is an Islander named E. J. MacMillan. The Premier is glad to be back at his desk where there is plenty of work awaiting him, although everything was satisfactorily carried on during his absence by his locum tenens, Hon. Dr. MacMillan and Hon. Frank McPhee.

## GOVT. FACES MOTION OF CENSURE

### If They Refuse to Transfer Natural Resources of Alberta—Announcement Made by Progressive Member.

(Canadian Press)  
OTTAWA, June 22.—"Before the session ends," announced C. G. Coote, Progressive member for MacLeod, Alberta, today, "the government must either proceed to transfer the natural resources of Alberta or face a motion of censure for their refusal to act."  
(Special to The Guardian)  
OTTAWA, Ont., June 22.—The Labor Party in the House of Commons, J. S. Woodsworth and A. Heaps, has decided that all those who vote for that. Should the government be unable to find a course satisfactory to the Progressives the Labor men will add two votes against the government, thus decreasing still further the small margin of support brought about by the Customs Probe report.

## American Red Cross To Assist Canadian Veterans

(Special to The Guardian)  
WASHINGTON, D. C., June 21.—The American Red Cross has undertaken to administer relief to Canadian veterans resident in this country through a fund of \$50,000 given it by the Canadian Parliament. The agreement between representatives of the American Red Cross and Canadian government provides that assistance shall be limited to those persons in actual residence in this country.

## Crops Damaged in New Brunswick

FREDERICTON, N. B., June 22.—Considerable damage was caused to tomato, cucumber and strawberry plants and in some instances potatoes, in the Valley Areas of the Province by frost during the week end according to reports reaching here today. From the first reports received by the Department of Agriculture considerable anxiety was felt for the strawberry crop, as the reports indicated that these had in some sections been killed by the heavy frosts of Sunday and this morning. The reports received today, however, indicated losses only in the Valley areas of the Province where the frost settled.

## Ten Cent Increase For Montreal Carpenters

MONTREAL, June 22.—The carpenters union at the building contractors, through the Builders' Exchange, have reached a settlement as to the wages to be paid Montreal carpenters during the next year. Six thousand men are affected by the settlement and they will benefit by ten cents an hour, or an increase from 65 to 75 cents per hour, as compared with last year's schedule.

In the past month, according to a report just issued by the Dominion Bureau of Statistics, 344,000 gallons of cream, worth \$560,810 as against 153,000 gallons, valued at \$252,810 in April. Approximately 361,740 gallons of milk worth \$67,118, were exported last month, as compared with 156,251 gallons, valued at \$29,886 in April.

## Ukrainian Leader Was Assassinated

(Special to The Guardian)  
WARSAW, June 22.—Radziwill Oskilko, Ukrainian leader, was assassinated today at Rovno, Oskilko was former chief of the troops and a follower of General Simon Petlura, an anti-Bolshevik military leader in the Ukraine, who was assassinated in Paris on May 25th last. The Communists are suspected of having plotted both killings.

## New Locomotive Can Attain Speed of 100 Miles Per Hour

(Special to The Guardian)  
GENEVA, June 21.—The largest electric locomotive in the world, constructed by Geneva engineers, was successfully tested in its first trial trips at Berne yesterday. The monster weighs 283,350 pounds, and is driven by six motors, with a total force of 4,500 horse power. The locomotive, which can be driven by one man, can easily attain a speed of more than 100 miles per hour hauling an express train. It will be shortly employed upon the international electric line of Berne-Loetschberg Simplon where the present service will be accelerated.

## Montreal to Get Federal Loan For Harbor Development

## Earl Portsmouth Decides to Take Seat in Lords

NEW YORK, June 22.—Oliver Henry Wallop, Sheridan, Wyo., rancher who inherited the title of Earl of Portsmouth, upon the death of his elder brother, announced, on his return from England that he had decided to relinquish his United States citizenship and take his seat in the House of Lords. When Wallop inherited the title, he declared he did not intend to give up his United States citizenship. Now, however, he has decided it is his duty to his sons and family tradition to resume the ancestral earldom at Whitechurch, Hampshire. The restoration of his British citizenship is contingent upon only five years residence in England, and the oath of allegiance to the King, since he was born a Briton. He is now 64 years old.

## Advertising Men Found New York "Wide Open"

NEW YORK, June 22.—Advertising men from all parts of the British Empire have found New York "wide open" they do not have to be presented with a key to the city. Mayor Walker was told when he greeted them at City Hall. The Mayor had just presented the advertising men, numbering forty, with a scroll of welcome. "We don't give keys any more," the Mayor said. "Oh," said Charles W. Stokes, Vice-President of the Advertising Club of Montreal. "We don't need a key. The town is wide open." A roar of laughter brought an explanation from Mr. Stokes. "I meant New York's hospitality is so boundless, its facilities for making guests at home so great, that no magic sesame is necessary," he said. The visitors were on their way to the Philadelphia Convention, which opened yesterday.

## ANNUAL CLOSING EXERCISES OF NOTRE DAME ACADEMY

### Held Last Evening Before a Large and Interested Audience—Presentation of Drama "Fabiola" a Highly Creditable Performance—Lengthy Prize List.

Last evening before a large audience which included His Lordship the Bishop of Charlottetown, His Worship Mayor Miller and other prominent citizens the pupils of Notre Dame Academy presented a delightful and interesting program, on the occasion of their Annual Commencement. The principal feature of the evening was the presentation of the drama "Fabiola" which was heartily appreciated by a very interested and enlightened audience. This portrayed in a very effective and exquisite manner the scenes in Old Rome during the reign of the Christians during the reign of the Diocletian. The scenes in the Catacombs were presented in a vivid and realistic manner and conveyed to the audience the religious fervour which characterized the lives of the early Christians. The other numbers of the program were performed with an excellence and good taste which showed the results of diligence and assiduity in their preparation. The whole program was a credit to the institution and the Mother Superior and sisters are to be heartily congratulated on the excellent performance of their pupils. Following is the cast of characters and Program.

## 200,000 ATTEND PONTIFICAL MASS

### Most Impressive Demonstration of Religious Zeal—Choir of 60,000 Children Sang Responses.

CHICAGO, June 22.—Pilgrims from all the earth met on the shores of Lake Michigan yesterday in the most impressive demonstration of religious zeal ever witnessed in America if not in the world. Defying threatening skies and a wind which approached a gale, more than 200,000 worshippers pressed in the great memorial stadium extended along a half mile of Lake front for the celebration of solemn Pontifical Mass by John Cardinal Bonzano, the Legate of Pope Pius XI to the twenty-eighth International Eucharistic Congress. The estimated 350,000 persons thronged the area of two square miles of which the stadium is the center. A choir of sixty thousand school children clad in white and papal gold and seated in the vast green mall between the towering concrete stands, sang the responses to the Altar.

## Devout Congregation

The sermon of the Mass was delivered by Archbishop Curley, of Baltimore. After the Pontifical Blessing which ended the Mass thousands of devout poured into the field from the stands and pressed forward through police ground to the space before the great outdoor Altar. Solidly banking the hundred-foot stairway leading to the Sanctuary, they knelt in prayer before the Tabernacle of the Eucharist rendering it impossible to continue with the speaking programme which had been arranged to follow the rites of worship. So intent were the fervent throngs upon approaching as near as possible to the Altar that the managers of the ceremonies were forced to appeal to the multitude to leave the field at once. A warning was sounded that the wooden elevation on which the Altar stood was endangered by the thousands which mounted the steps. The crowds moved out in solemn order only disappointed that they could not kneel individually before the Altar Crucifix to pour out their prayerful adoration of the Eucharist. More than two
