THE PROOF OF PAINT

WEARS LIKE IRON

Try out for yourself the superiority of the new Jap-a-lac Paint. By rubbing between finger and thumb, get the smooth feel of it; that is the proof of fine grinding of the base materials.

Smell it. The odour of pure linseed oil predominates. That is the proof of its purity.

Brush it out thoroughly, and notice how easily and well it covers the surface—that is the proof for weather resistance.

Jap-a-lac standards are high. For twenty-five years the name of Jap-a-lac has suggested Varnish Stains and Enamels of rare beauty, permanence, economy and ease of application.

Today your paint dealer stocks Jap-a-lac in more than fifty varieties. For every job around the place, delicate wall tinting as well as a jaunty coat of paint for the garage, or a touch-up for the buffet or chiffonier, there is now a Jap-a-lac exactly suited.

Use Jap-a-lac every where in the home, for health and happiness, for style and distinctive beauty. Protect your home with Jap-a-lac paints and finishes, which retain their gloss without cracking, blistering or peeling. All the new varieties are easy to apply; and the Glidden Company guarantees every can.

The Man With Asthma almost longs for death to end his suffering. He sees ahead only years of endless torment with intervals of rest which are themselves fraught with never ceasing fear of renewed attacks. Let him turn to Dr. J. D. Kellogg's Asthma Remedy and know what complete relief it can give. Let him but use it faithfully and he will find his asthma a thing of the past.

NOTICE
