Newspop—I don't think much of Newp. Mrs. Newpop—Why not? Newpop—I listened to him for forty minutes while he told me what his baby had said, and just as I was about to tell him about our boy, he left, saying he had to hurry to catch a train.

THE CARRIER SYSTEM.

Desiring to test public opinion in this city as to the desirability of introducing a system of free delivery of letters by carriers, The Guardian has prepared the coupon printed on another page of this issue, giving to all persons interested the opportunity of expressing their views for or against the proposed change. We trust there may be a general response from all citizens who have any preference in the matter.

Few are perhaps aware of the great defects of the present system, notably in regard to the failure of a great many of persons to receive the letters addressed to them. Hundreds of persons do not visit the Post Office for months at a time. In the meantime letters reach the Post Office addressed to such persons, and not being called for, these letters are sent to the Dead Letter Office. Enquiry at the Post Office elicits the information that from one hundred to one hundred and twenty-five letters addressed to persons in Charlottetown are thus disposed of weekly throughout the year.

No possible blame attaches to the post office officials or clerks in this matter. Their business is to sort the letters, place in boxes those addressed to box-holders and to deliver at the general delivery any mail matter for other persons when called for. They cannot be expected to carry the letters to the persons addressed, nor have they any legal permit or authority to do so. And yet there is sometimes a world of unrecorded anxiety, sorrow and heartbreak behind these undelivered letters. Estrangements between dear friends and members of families losing all trace of each other are frequent results. Merchants who make large use of the mails in sending circulars or bills to their customers sometimes object that there would be additional postage to pay under the carrier system. This is true, but with it would come the certainty that their letters reached the persons addressed instead of being sent to the Dead Letter Office in hundreds and thousands as is now the case. A fair consideration of this fact will, we believe, convince our merchants that the carrier system would be of great advantage to them and much preferable to the plan now in vogue. Be that as it may, there can be no doubt that the carrier system would be an inestimable boon to many who receive only occasional letters and who do not visit the Post Office every day, as well as to hundreds of others who would have their letters brought to their doors in stead of making a daily tramp to the Post Office, often in inclement weather.

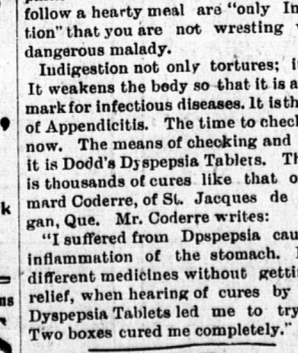

KILLS AS WELL AS TORTURES

Fatal Results From Indigestion Unless Promptly Cured—Dodd's Dyspepsia Tablets the One Sure Cure. Don't imagine because you say the pains and aches and discomforts that follow a hearty meal are "only indigestion" that you are not wrestling with a dangerous malady. Indigestion not only tortures; it kills. It weakens the body so that it is an easy mark for infectious diseases. It is the cause of Appendicitis. The time to check it is now. The means of checking and curing it is Dodd's Dyspepsia Tablets. The proof is thousands of cures like that of Adenard Coderre, of St. Jacques de L'Acadie, Que. Mr. Coderre writes: "I suffered from Dyspepsia caused by inflammation of the stomach. I tried different medicines without getting any relief, when hearing of cures by Dodd's Dyspepsia Tablets led me to try them. Two boxes cured me completely."
