Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, March 23—The London market is quiet this morning with prices somewhat easier. Some favorable earnings are reported including Union Carbide which earned $3.03 in 1935 against $2.25 in 1934. Allied Chemical and Dye $8.71 against $6.83. Otis Elevator 36 cents against a deficit the previous year and Stone and Webster 4 cents against a deficit. The earnings of the two chemical companies compared favorably with earnings in previous prosperous times. Pending more definite news from Germany we believe the market will continue irregular.

GRAIN

(Canadian Press)

CHICAGO, March 23—Prospects of long delayed adequate moisture in the dust bowl region tumbled Chicago wheat futures prices late today to a new season low record for September contracts.

July wheat fell to within 1-4 cent of the crop's low point. Barometric lines were said to indicate the best outlook yet for moisture where most needed by domestic winter wheat crops.

Wheat closed weak, 5-8 to 1 1-4 cent lower. May 97 to 97 1-8, July 83 3-4 to 7-8, corn 3-4 to 1 cent down, May 58 1-4 to 3-8, oats unchanged to 1-8 off, and provisions unchanged to a rise of 7 cents.

Currencies

(Canadian Press)

MONTREAL, March 23—Pound sterling dipped 1-8 cent to $4.97 3-8 on Montreal foreign exchanges today while the United States dollar remained stationary at 1-4 premium. The French franc declined slightly to 6.63 15-32 cents.

NEW YORK, March 23—Major currencies sagged on the foreign exchange markets today in terms of the United States dollar.

The Canadian dollar dropped 1-16 cent at 99 23-32 while the pound sterling gave up 1-8 cent to close at $4.96. The French gold franc ended at 6.61 5-8, off .00 3-8.

Industrials Lead Climb On N.Y. Mart

(A P. By Guardian's Special Wire)

NEW YORK, March 23—Under the leadership of the industrials, which rose to a new high for the year, the stock market today pushed forward for gains of fractions to a point or so.

A small scattering of issues recorded wider gains. Allied Chemicals was up 6 1-2 at 199 1-2, Case jumped 6 1-4 to 142 3-4 and Clark Equipment was up 3 1-2 at 46.

The upward progress of equities in spite of Mussolini's prediction of a war was seen by some as symptomatic of the extent to which Wall Street has toughened itself to possibilities of a new European flare-up.

Measured by the Associated Press average of 60 stocks the market advanced .7 of a point to 62.6. The average of 30 industrials went ahead .7 to 83.1, a new high since 1930.

Transactions totalled 1,708,550 shares against 1,895,930 on Friday.

Bonds were steady with rises of around 1 to 2 points in the industrial section the feature.

U. S. Steel was up 1 1-8 at 64 3-4 and Bethlehem rose 1 1-2 to 56 5-8 in spite of the fall in current steel operations.

Changes in Canadian stocks were only fractional, with losses outnumbering gains. Canadian Pacific Railway, Distillers Seagrams, Imperial Oil, Lakeshore and Massey Harris appeared on the upside. McIntyre, Ford of Canada, Hollinger, Dome Mines, and Dominion Stores gave up narrow fractions.

Construction Issues Hold Spotlight

MONTREAL, March 23—Late demand for constructions and a few individual issues gave a buoyant touch to a dull session on Montreal Stock Exchange today.

Strength of the building issues imparted fractional firmness to a few of the utilities and papers, but metals moved downward in draggy trading. Banks were quiet.

Canada Cement preferred was a stellar performer with a gain of 3 1-2 points at 65 1-2 and Steel of Canada boosted 1 1-2 points. Steel preferred and Dominion Bridge added fractions.

Brazilian assumed volume leadership with turnover of more than 2,000 shares but finished only 1-8 higher at 13 1-8. Power Corporation and B. C. Power were up 1-2 each.

A steady stream of light demand carried Nickel up 3-4 to 49 3-4 while Smelters finished off three points after early steadiness. Hollinger lost the minimum fraction.

Fractional gains predominated for Howard Smith Paper and St. Lawrence Corporation. Some late liquidation, however, depressed Corporation preferred 3-8.

Total sales were 12,716 shares; bonds $9,625.

MINING

TORONTO, March 23—The mining share market turned heavy today and finished with 54 losses showing against 37 gains. All groups shared in the display of weakness though the senior golds maintained a fairly steady course. Aggregate turnover was fairly heavy at 1,250,000 shares with heavy action in the penny issues accounting for a liberal share of the trade.

Dome and Wright Hargreaves recorded narrow gains while minor losses came out for Pioneer, Hollinger and Little Long Lac.

Base metal stocks were sluggish. Hudson Bay and Falconbridge were up a little at the close and Noranda gained 3-8 in small volume. Silvers did nothing from a volume standpoint and prices were slightly off.

Rolls Increase Legion Battles For Employment

(By The Canadian Press)

VANCOUVER, March 23 — The enrolled membership of the Canadian Legion is 158,000 distributed among 1,052 commands and branches, and 402 Women's Auxiliaries in Canada and the United States, J. R. Bowler, general secretary of the Legion, told the 6th Dominion convention here today. Since the previous convention 15,600 new members had been added to the rolls.

Surveying Legion activities for the past two years, Mr. Bowler declared their outstanding feature had been the ability of the organization, for the first time in its history, to devote the major portion of its energies towards assisting the government in the solution of the unemployment problem of ex-Service men. Conditions surrounding the administration of pensions had greatly improved.

"The last two years have demonstrated that, with the maintenance of a wise and just administration," he said, "it ought to be unnecessary that the pensions question should ever again monopolize the Legion's attention as a matter of major public controversy."

Mr. Bowler presented a careful analysis of the various elements entering into the pensions situation, reviewing exhaustively the technical aspects.

Turning to unemployment, he recalled the operations of the Hyndman Commission which investigated the problem of the workless ex-Service man. This body had recommended the creation of voluntary machinery, organized on patriotic lines but with state aid, for finding employment; specific suggestions for rehabilitation schemes; broadening of the basis of eligibility under the War Veterans' Allowance Act, and the extension of unemployment assistance for Imperial Pensioners.

Some of the Hyndman Commission's recommendations had already become operative, said Mr. Bowler; but much remained to be done. Representations in this connection had been made to the government by the Legion.

"At the moment," he said, "it is impossible to foresee the eventual outcome of these developments, but the progress made together with the general outlook, may be considered as encouraging."

Mr. Bowler had words of praise for the departmental committee which deals with the War Veterans' Allowance Act. This body had been "at all times prepared to deal with such cases fairly and equitably," he said. At present 8,369 indigent and unemployable war veterans were receiving the monthly allowance. A total of 5,765 were 60 years or over, while 2,604 were under that age. At the moment 109 cases were before the committee.

With regard to the statutory preference given ex-Service men under the Civil Service Act, Mr. Bowler declared it to be "unimpaired."

"Owing to increasing years, however, it is becoming more and more difficult for ex-Service men to meet the physical requirements for a great many of the advertised positions and I can only repeat," he said, "what has been said previously, that parliamentary action to modify the provision seems hardly necessary. Years are rapidly passing, the average age of the ex-Service man is approaching 50, and all too soon the utility of the clause will have disappeared entirely. It might well be permitted to stand unchanged as a memorial of a grateful parliament to those who served."

Great for Lumbago Minard's

A story comes from the States of an employer who was compelled under the New Deal to raise the wages of certain of his employees six dollars a week. He called his employees together and told them that in future he would fine them a dollar every time they were a minute late. "And," he added, "if you're not a minute late six times a week—you're fired!"

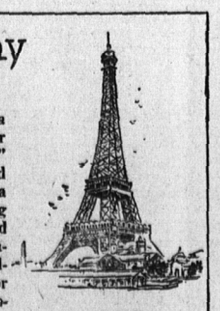
Claudette Colbert

CLAUDETTE COLBERT, whose name is pronounced "Clawdet Col-bear," was born in Paris, France, Sept. 23. She attended schools abroad and studied music.

4 Destiny



She might have been a society girl, but her Birth Force being "9," Numerologists contend she was destined for a stage career. Speaking several languages and with a splendid education, she has an excellent background for her art. Her first appearance on the New York stage was at the Frazee theatre. She later appeared in London. Her best-remembered stage role was that of "Lou" in "The Barker," in which she was seen in 1928. The next year she started her film career and in 1934 received the Academy Award.

4 Heart

With both her Heart and Destiny numbers "4," Numerology has a reason for assuming she did not select the right husband in Norman Foster, as he responds to a "9" Heart number, producing more of an idealistic or dreamy nature, while her "9" makes for a practical nature. A happy union for her would be with a man whose Birth Force is 6, or 8, but never with another Number 9, if she is an adherent to the science of Numerology.

9 Birth Force

Miss Colbert appeared with most of the notable male stars, then became a star herself and is with Paramount although it was in a Columbia picture, for which she was "loaned" that she played the role which won her a place in the hall of fame, for she received the Academy Award for her work in "It Happened One Night." Clark Gable co-starred.
