France Wins Out On Reparations

PARIS, Dec 27.—France gained an important victory in the Allied reparations commission today when the commission by a vote of three to one declared Germany in voluntary default of her wood deliveries for 1922. France, Belgium and Italy voted in favor of the declaration, while Great Britain cast its ballot against. The decision of the commission was immediately communicated to the Allied governments for action. It may have vital effect on the reparations problem if France can obtain the support of Italy and Belgium when the reparations question is discussed at the January 2 meeting of the promoters. The lone vote cast against the declaration by Great Britain was in accordance with British policy, which has been opposed to declaring Germany in default in the fear that such action might have a disastrous effect on the already precarious state of German finance. France is considered to have scored an important point by reason of the fact that the decision of the commission was arrived on the majority vote. France had been alone for a long time in the contention that Germany could be placed in voluntary default by a simple majority vote. Italy's support of France in the balloting came as a surprise and as an indication that Premier Mussolini is swinging over to the French side in the reparations controversy. Germany has carried out more than sixty per cent of its schedule of wood deliveries for this year. When the German experts were before the commission several weeks ago they announced that Germany had been unable to deliver more than she had and that the deliveries for 1923 must be greatly reduced.

Perished in Lifeboat

OLBVELAND, O., Dec 27.—The lifeboat of the tug Cornell, which has been missing for six days with its crew of eight men, was found today by searching tugs between Long Point and Port Colborne, Ont., according to an indirect message received here by H. E. Gilpin, President of the Great Lakes Towing Company, from Captain Philip Broderick, at Erie. The message gave no details as to whether any of the crew were alive or had been found in the lifeboat. In a telephone conversation with Captain Broderick at Erie he told the Associated Press that the Great Lakes Towing Company's tug Gilmour has discovered the lifeboat and in it the body of one of the crew, Mike Paytosh. The body of Paytosh was frozen stiff, according to information given on the coastguards. The lifeboat and body were found fifteen miles off Port Colborne, Ont., at ten o'clock this morning by the Gilmour. The lifeboat was badly battered and leaking, information to the coastguards said.

VISITED BY SANTA.—The children of the Prince Edward Island Orphanage were made very happy on Christmas morning by the advent of the Knight Templar and Santa Claus accompanied by two box sleighs, with the members of Prince Edward Preceptory and all the nice things that go towards making the kiddies happy. On arriving at the orphanage a huge Christmas tree was erected and trimmed by the members and when the children had assembled and entertained the visitors by their beautiful singing under the direction of Mr. Hurst. Santa himself took a hand and handed each of the children a useful and appropriate present as well as a liberal assortment of toys, books, etc. not omitting the bag of candy and nuts without which no child's Christmas is complete. All the members of the orphanage staff were also remembered. The Templars have signified their desire to take over the responsibility of furnishing a Christmas tree annually, as is done by members in all parts of the world, and anticipate making it the occasion of their annual outing of Service.

ISLANDER'S ESCAPE.—Referring to the La Tour Hotel fire in Fredericton, last Sunday and the escape of an Island woodsman, from the burning building, reported in yesterday's Guardian, the Fredericton Gleaner says:—Thomas Campbell, of Souris, P. E. I., who had arrived from the woods in Victoria county and had gone to the hotel on Sunday evening to get lodging had the narrowest and most spectacular escape of all. His room was at the rear of the hotel, in the vicinity of where the fire started, and he escaped by means of the stairway having been butted off by the flames when he awakened, he hurriedly wrapped some clothing about his hands, smashed the windows open and got outside, clutching the roof. Crowds below commenced to yell all kinds of advice to the baffled man. Some told him to stay where he was, but to hang by your hands to the edge of roof which is covered with ice and snow is no easier than it sounds; Campbell, however, accepted the advice and remained hanging the firemen finally rushed a ladder to him and he was thus rescued from his perilous position. Campbell lost all his clothing and his money and other belongings, but he had with him with the exception of a check for \$120 and his watch, which he had thoughtfully handed to the proprietor of the hotel for safekeeping before he left by the Stevia Briggs Seed Co. Ltd., of Toronto, Ontario, in 1910, during.

FOINA AT HALIFAX.—The Norwegian steamer Foina arrived yesterday from Charlottetown for orders. I. H. Mathers and Son are her agents and the steamer may load a cargo of deals here. The Foina discharged a cargo of sail from Spain at Charlottetown and it was thought that she would be engaged in that port. There was ice three feet thick in the harbor when the steamer was ready to sail and the C. G. S. Montclair made several attempts to clear a passage to sea for the Foina. She was successful during a mild period with the result that the Foina got away. The steamer was to have loaded deals at Pugwash but owing to being delayed at Charlottetown that charter had been cancelled.—Halifax Chronicle.

Valentino In Superb Picture At The Prince Edward

"The Young Rajah" Affords Star, Two Excellent Character Roles One of the strongest stellar vehicles for Rudolph Valentino, yet selected, is the enthusiastic opinion of the producers regarding "The Young Rajah" a new Paramount picture in which that popular star is appearing. Three other notable features, make this picture one of the strongest in which Mr. Valentino has yet appeared under Paramount auspices. The story is the famous novel "Amos Judd," by J. A. Mitchell, which proved one of the most successful American works of fiction. It was adapted to the screen by June Mathis, the adaptor of "The Four Horsemen of the Apocalypse," "Blood and Sand" and other Valentino pictures. The cast is unusually large and includes many prominent and popular players, including Wanda Hawley, Bertram Grassby, Charles Ogle, Pat Moore, George Field, Fanny Midgely, George Field, Edwin Stevens, Robert Ober, Jack Gidding, J. Farrell MacDonnell and several others.

Story is Dramatic

The story, which is laid in America and India, introduces Amos Judd, first as a young Hindu prince—a child brought to this country for political reasons and placed in the care of Joshua and Sarah Judd, kindly New England farmers, together with an immense fortune. As the child grows up he demonstrates a remarkable gift of foretelling events, and his predictions always come true. As a man, he goes to Harvard and wins distinction, but incurs the bitter enmity of Bennett who believes him responsible for the accident which causes the death of Slade, Bennett's friend. Amos and Bennett fall in love with the same girl—Mollie Carter.

Throne is Usurped.

In India there is religious conflict and a usurpation of the throne. The Maharajah plans to kill Amos and sends a delegation to America, for that purpose. Amos wins Mollie's love and the wedding is planned, but the former then has a vision of an attack upon himself by East Indians. Measures are taken for his protection, but the Hindus get him and are about to murder him when General Gadd, the man who had brought Amos to a child to America, the priest Narada, and Gadd's men save him. The priest tells Amos he has come back and free his people from the usurper. Amos fights between love and duty and finally decides he must fulfill the latter and return to his native land.

Sees Vision of Wedding

Mollie is heartbroken at his departure, but later Amos is seen looking into the waters of a beautiful lake, wherein he sees the vision of a Hindu wedding and the bride raises her veil, her face is that of the woman he loves—Mollie. And Amos's visions always come true! Wanda Hawley plays opposite.

Final showings take place today at 3.15, 7 and 8.45.

Shocking Murder In Brooklyn, N. Y.

NEW YORK, Dec 27.—Teresa McCarthy, an eight year old Brooklyn girl was found dead in the bathroom of her home with a bullet over her heart when her mother returned tonight after being away most of the day. The mother had left the key to the house with the child and when she found the entrance door locked on the inside, summoned policemen to force an entry. No weapon was found in the house. Standing beside the child's body was "Curley" her white poodle, a "good watch dog" as the mother described him and the little girl's constant companion. Teresa wore only a thin night gown and high black shoes. Powder marks showed clearly on the night gown above the criminal stain over her heart, the police said. The flesh on the little girl's breast was also discolored and burned from the flash of a bullet fired at close range.

Abegweit Hockey

The Abegweits had another good hard workout at the Arena on Christmas morning, the following players taking the ice: Fred Moore, Harry Morgan, Dalton, McEachern, Gordon, Earl Prowse, Roy Prowse, Spurgeon Diamond, Nelson Garnham, Chester Campbell, Kelly and Anderson. Rodd and Kelly were not present. The boys had a fast work-out, Moore, Gordon, McEachern, the Prowse boys, and Dalton, giving some great bursts of speed and stick-handling, and bringing into play more team work and combination than have been seen in recent years, while Morgan and Diamond guarded the nets. Morgan is up to his old form and has his eye trained for the hot ones. Diamond also turned off some nice shots. The fact that combination counts was proved very effectively in Monday's practice, as there was not a single count made by either side on individual work, while when the players combined they nearly always got results. Councillor T. W. L. Prowse was on the ice with the boys, and is endeavoring to encourage team work, and the boys are responding nicely to his coaching.

Abegweit Hockey

Last night at the Arena Rink the Abegweit Hockey team held another fast work out and the Abegweits going strong and are getting as much practice as possible before their games in Halifax with the Crescents on January first and second. All the boys with the exception of Kelly were on the ice and displayed a tenacity to more team work and combination than on previous occasions. There is still a few of the players, holding to the individual method of trying to get the puck into the net, which is not getting them anywhere as goal-getters. When the Abegweits meet the Crescents they will have practically all last years team, excepting Williams and Purnell, who are now playing in the United States. The Crescents will have most of last season's team, including Grant Holmes, Tom and Harold Rodford, Frank Wilson, McDonald, Ahern, Hollister, Cushing, Hopper and Hurley.

BOWLING

One of the best games in the Bowling League was rolled last night on the "Y" alleys between Carvels and the Railway, the former winning by the small margin of 28 pins. The game was an important one as the Railway was leading in the League by one game and Carvels had to win last night's game to tie them for first place. Both teams rolled a heady game and rolled the last ball was rolled was the game won.

Douglas and Galbraith were high last night with a total of 463 and 449 respectively. J. McNaught and C. McDonald were the scorers, and C. Trainor was judge of play. The Bankers and Bachelors play the game on Friday night at 7.30.
