COAL AT VICTORIA.—The schooner Bonus, Captain Straight, has arrived in Victoria with a full cargo of Abipon Nut and screened coal for Wright Bros. Parties requiring this excellent house and blacksmith coal will do well to secure their requirements while vessel is discharging as this may be the only cargo available this season. 9025-6-24M31.

SUDDEN DEATH.—A very sudden death occurred on Saturday morning, when Mrs. Julia Chappell, a very estimable lady resident of Marshfield, passed away. Mrs. Chappell was in a carriage with her son on her way to register at a house about a mile or so from her own home, when she suddenly complained of a pain which it is understood emanated from her heart. She collapsed and in a few minutes her spirit had passed away. Much sympathy is felt for her bereaved family consisting of seven sons and four daughters, her husband having predeceased her two years ago. Of the sons, Robert is farming at Marshfield, two others are on the homestead, four are in Edmonton and one in Wingham, Ontario, and the other in Covehead. The funeral takes place this afternoon. 9025-6-24M31.

DOLLAR DAY AD.—Bargains galore at Patons on Thursday next. See ad. in this issue. 9015-6-22M3IE21.

TAX ON COASTERS.—Coasters vessels going from any part in Nova Scotia, New Brunswick and Prince Edward Island will be taxed one cent per ton on the net tonnage of such vessels entering the port of Quebec. This is part of the new scale of revised charges for shipping adopted by the Quebec harbor commission.

ZION CHURCH ANNIVERSARY.—Yesterday the congregation of Zion church celebrated the fifth anniversary of the dedication of the church, with impressive and appropriate services morning and evening. The preacher for the occasion was Rev. T. Porter Drum, B.D., of Moncton, N.B. Special music, a pleasing feature of which was a solo by Mrs. Burke, of Boston, contributed to the attractiveness of the services. Rev. Mr. Drum is a pleasing and effective speaker and his sermons were greatly enjoyed by the large congregations present.

VALUABLE OIL PAINTING.—Mr. Buckler, the well known Boston artist, and, by the way, a Nova Scotian by birth, has kindly donated a handsome oil painting to the Ladies' Auxiliary of the Army and Navy Veterans in Charlottetown. The painting represents two typical and life-like specimens of the Prince Edward Island street boy, and is a particularly attractive one. It is on exhibition in the office of Mr. E. R. Brown, Richmond St., and will probably be disposed of by lottery or otherwise for the benefit of the funds of the organization.

HISTORIES TO LINK ENGLAND AND U. S. LONDON, May 16—In connection with the visit of Prof. Andrew C. McLaughlin, of the University of Chicago, and Charles Moore, who have come from the United States to lecture in the universities of Great Britain on the causes leading to American participation in the war and ideals for which their country is fighting, the Observer suggests that consideration should be given of an agreed history of the English speaking world. It says: "The later decades of peace and the benefits therefrom, together with all the democratic developments of this country in the nineteenth century as well as their chapters as well as the earlier history, in which events less happy hold a place. At the present moment American histories have little to do with English history since 1815." On being interviewed Prof. McLaughlin approved the idea, the Observer says. It was his opinion that most American students did not realize how very much England was now like America and how essentially similar was the attitude of the two nations toward life and political duty. "Every American history," said he, "ought to emphasize the fact that we have lived side by side with Canada for a century, without a serious difference of opinion."
