THE BACK STRETCH

(Continued from Page 7)

The following horses reduced their records at Montague. Y'm Alone from 2:14 to 2:10, King Spruce from 2:11 1/2 to 2:10 1/2, Pixie from 2:17 to 2:14 1/2.

There is great interest taken in saddle horses and a ladies and gentlemen's riding club is functioning in Charlottetown with a good membership and possessing quite a number of real nice saddle horses. It is also a big find in Halifax. To accommodate saddle classes for Exhibition, thirty-five new stalls are being constructed at the Charlottetown Driving Park track and a space is being cleared in the centre field where jumps, etc., will be placed and an exhibition put on by these horses, fourteen of them coming over from Halifax, one of the afternoons of Exhibition Week. The judging of saddle horses will likely take place Wednesday evening in front of the grandstand.

Cliff MacDougall came over from New Glasgow on Tuesday to be present at Montague races. Wednesday. As far back as he can remember his father, the late James MacDougall, made Montague races his annual holiday and took Cliff along with him. The old gentleman passed away two years ago but Cliff is holding true to the family tradition. Everyone is always glad to see him as he has a genial manner and friendliness emanates from him like sparks from a fine diamond. He will return again for our Exhibition.

Alderman Frank Adams motored over with his friend Harry Breen, from Halifax to Montague and enjoyed the races immensely. Frank is highly popular in his home town. Years ago he was an excellent driver, always handling the ribbons behind the Maritime championship pacer, Frank Patch 2:13 1/4. Occasionally he gets up behind one and when he does he drives well. A gentleman always, yet fearless and unafraid, the writer remembers Frank borrowing a Huber Sulky to drive Dustless Gratian at Moncton. Dustless had a habit of going up straight in the air and some times tumbling backwards, but he could not do the trick in the Huber. That day there was a roughneck who decided he would scare Frank, but before the race was over, which incidentally was won by Frank, Mr. Roughneck was glad to get on his good behavior. Frank is the owner of Beeton Gratian 2:10, Lella Frisco and others.

Harry Breen who was with Frank, is one of the keenest judges of horseflesh in Halifax. He has owned several good ones including Worthy Louis 2:15 and now owns Star G. 2:09 1/2, record taken at Fredericton last fall. Harry conducts a large meat and provision

EXCHANGE

MONTREAL, Aug 11—British and foreign exchange in relation to the Canadian dollar as compiled by the Royal Bank of Canada closed today as follows:

Table of exchange rates for various currencies including Australia, Austria, Belgium, Brazil, China, Denmark, Finland, France, Germany, Greece, Hungary, India, Italy, Japan, Yugoslavia, New Zealand, Norway, Poland, Portugal, Rumania, South Africa, Spain, Sweden, Switzerland, and the United States.

Fish Quotations

The largest crowd that witnessed the sixteen day harness meeting recently closed at Rockingham Park, Salem, N. H., was on Saturday last when ten thousand people paid admission and a total of \$89,900 was bet on the Pari-Mutual machines.

Billy Keyes, well known to racing fans here, won the six furlong trot with Calumet Amoret and incidentally two dollar tickets on the day paid the longest price of the day on the mutuels, \$41.40. Another Down East driver who won two good events at Rockingham was Pierce Chappelle, top jockey of Maine drivers, who won two dash races with Rhineworthy and gave him a mile track record of 2:04 1/2. That was on Friday, August 4th. On the first dash Rhineworthy paid \$33.50 for a two dollar ticket, the longest price of the meeting. On the second dash he paid \$11.09 for two.

business and has hosts of friends in the Bluenose Capital.

Calumet Brownie 2:01 1/2 with Billy Hood, Marjorie M. 2:07 1/2 with Mike Jabbes, Patrick Direct 2:11 1/2 and Miss Worthy Douglas 2:18 1/2 with R. L. Isnor, arrived from Sydney Wednesday afternoon and are at the Charlottetown Driving Park track.

Secretary Boulter has a dandy list of entries he tells us for Exhibition races. Altogether there will be between eighty and ninety horses furnishing some 115 to 120 entries for the ten classes. The heaviest entry is in the 2:19 Trot, which has attracted no less than seventeen entries. The next biggest is the 2:19 Trot and Pace with sixteen entries. Of course there will be withdrawals but both classes have certainly proved popular. The smallest entry list is in the 2:15 Trot which has six. The 2:25 Maritime Bred has eleven.

The two-year old Trot which was largely put on through the efforts of Dr. F. W. Christopher, has eleven entries and as they are all more or less evenly matched and so many uncertainties govern colt racing, it should prove very interesting to see the babies parading around. They will likely perform on Tuesday the first day of the meeting.

The program of the Maine State Fair, Bangor, Maine, August 21st to 24th, racing consists of nine events ranging from a Free For All trot and pace, purse \$300 to a 2:26 Trot, purse \$200. They will also put on two colt races with over-night entries, providing owners will enter and start the colts, but will not start a race without four starters.

A popular face will be missed when the drivers line up for the word "Go" this year at Exhibition races. "Monte" Gerow, who has been coming here regularly since 1923, will not be with us this year. He is training a stable at Fort Fairfield, Me., and as the Maine State Fair races are on the same week as Charlottetown it is impossible for him to attend.

It is not often that a trotter meets with such a serious accident as the breaking of a hip, recovers and comes on to be a race winner, but that is just what Nedda Guy 2:03 1/2, five years old, by Guy Axyworthy, dam Nedda 1:58 1/4, who as a three year old took a record of 2:03 1/2 but met with an accident through breaking her hip early in her four year old form, came back strong this year and won a good race at Rockingham last week trotting in 2:04 1/2 and 2:05.

At Stratford, Ont., August 2nd, the Free For All had three heat winners which raced off and Baldwin won the race. The first heat was won by Walter Stone in 2:10 flat, the second heat by Baldwin in 2:11 and the third by Mac Peters in 2:10 1/2. The 2:18 Class was won by Bingen Brimo, best time 2:11 1/2. May Peters won the third heat in 2:14. The 2:26 Trot was won by Imperial Axyworthy, best time 2:15 1/2.

Harness racing is very popular in California, flat racing starts at Stockton on August 21st and continues at Sacramento and Pomona almost continuously until the 24th of September. A total of \$65,000 in purses will be hung up. These are all what is known as Fairs or Exhibition races. At the Los Angeles County Fair two of the racing days will be Sundays but no betting will be allowed although Pari-Mutual betting is legal in California.

Patrick Direct 2:11, now quartered at the Exhibition Grounds, made fourteen starts in 1931, mostly through Ontario, and won five races. He raced at Toronto on the ice in December that year and won one race, stepping the second heat in 2:11, which is excellent time on ice.

The largest crowd that witnessed the sixteen day harness meeting recently closed at Rockingham Park, Salem, N. H., was on Saturday last when ten thousand people paid admission and a total of \$89,900 was bet on the Pari-Mutual machines.

Billy Keyes, well known to racing fans here, won the six furlong trot with Calumet Amoret and incidentally two dollar tickets on the day paid the longest price of the day on the mutuels, \$41.40. Another Down East driver who won two good events at Rockingham was Pierce Chappelle, top jockey of Maine drivers, who won two dash races with Rhineworthy and gave him a mile track record of 2:04 1/2. That was on Friday, August 4th. On the first dash Rhineworthy paid \$33.50 for a two dollar ticket, the longest price of the meeting. On the second dash he paid \$11.09 for two.

Edgar Milligan is holding night horse racing under electric lights at Northam Thursday evening, August 17th, starting at 8:30. There will be three events, a 2:18 Trot and Pace with three seconds allowed trotters, a 2:22 Trot and Pace, no time allowance and a 2:28 Trot and Pace, three seconds allowed trotters. Purses are \$200 for each class.

They did not stop for anything at Rockingham last Saturday, when the first event was called the track was soaked with rain, but ten thousand people occupied the grandstand and finally when the horses got "Go" on the fourth score they ran into a blinding rain. Probably the first time in recent history that a field of trotters were scored and sent away when the rain was coming down in torrents. The events were carried right along all through the deluge but half way through the afternoon the sun emerged and towards late afternoon the track was practically dry.

In Milton's "Maine Review" column in the American Horse Breeder of August 9th is the following: "We ought to take off our hats to W. S. McKie of Charlottetown who in his ninetieth year is driving a little trotter he owns every day."

Pete Kelly, who will line up with the Abbies hockey team the coming winter, left for a visit to his home in Montreal this morning and will return early in September.

One of the biggest money winning thoroughbreds on the American turf was Man O' War who cost owner Samuel D. Riddle \$5,000, and won \$249,465 exclusive of nearly a million dollars in stud fees. One of the biggest losers on the American turf was Broadway Limited, a son of Man O' War, who cost owner W. T. Waggoner \$65,000, and never won a dime.

According to Prof. Kanamasu of Japan, now visiting America, golfing is developing to an immense degree in the land of the Mikado. Country clubs are opening in every section of the country. At present there are more than 100 first class ones. The Professor states that where a few professionals took the game seriously three years ago, the vast majority of the middle class of people are putting more and more time to it today.

A band of 2500 sheep are being used to keep the grass and weeds cropped short on the golf course at Durango, Colorado.

Mrs. Helen Willis Moody will endeavor to wrest the women's tennis trophy of the U. S. A. from Helen Jacobs this coming week at the United States Women's National Tennis Championships at Forest Hills, L. I. Mrs. Moody won the championship in 1923 and has won the title every time she competed since. She did not enter in 1926, 1930 or 1932.

There is a plan on foot to make all world's championship boxing matches go to fifteen rounds. This will be discussed at the convention of the National Boxing Association in Minneapolis next month. The President of the Association, James M. Brown, says regarding a Max Baer-Primo Carnera fight "There certainly will be one by next June. The National Boxing Association will stick to its year time limit in Carnera's case."

Six teams have been organized into the Chicago Amateur Hockey League, according to Emil Iversen, a former coach of the Chicago Black Hawks. The League is to play six games at the Chicago Coliseum during the coming season.

50 3-5 secs. The mile run by Wallace Bain, Port Arthur, time 4:34. The running high jump by James Worrall, Montreal, with 5 feet 9 ins.

J. Theodore Allan of Alhambra, Cal., United States horseshoe pitching champion and Jos. Lecky of Phoenix, Arizona, in an exhibition match at Denver, Colorado, last Tuesday, claimed to have made a new world ringer record. Allan pitched 842 horseshoes and recorded 671 ringers for a percentage of 79.7, to better the previous world mark of 73.5 made at Chicago a week previous. Lecky pitched 846 shoes and made 661 ringers for a 78.1 percentage.

The touring West Indian cricketers made a great showing in their game against Glamorgan cricket eleven at Swansea, Wales, Tuesday, tallying 463 runs in their first innings. Glamorgan's score for the first innings was 295.

A new Scottish mile record was established by world's record holder Jack Lovelock, who recently returned from the U. S. A., when he won the mile event at Glasgow, Scotland, last Saturday before a crowd of 50,000 people in 4 mts. 13.6 secs., clipping 2.6 secs. from the Scottish record.

Glen Cunningham came very close to record time in the 1000 metre event at the track and field sports of the Charlottenburg Sport Club, Berlin, Sunday. He defeated Erik Nye of Sweden and Dr. Otto Peltzer of Germany in 2 mts. 24.6 secs. The record is held by the Frenchman Jules Lamougue and is 2 mts. 23.6 seconds. The Americans won eight of the nine events in which they participated. The German record for the javelin throw was shattered by Wieman of Germany with a toss of 235 ft. 17 ins. The pole vault was won by Leopmenich of Argentina with a jump of 13 ft. 2 1/4 inches.

A world mark for gliding was made by Kurt Schmidt, a German student, flying a glider built by himself, when on Tuesday last he remained aloft for 38 hours 37 minutes at an altitude varying from 650 to 1000 feet. His only sustenance was a couple of sandwiches and a bottle of water.

Inventors are busy in the United States now that beer is back and whiskey is on the way. The United States patent office is flooded with applications for patents ranging from rigid tumblers built on the theory that the tumbler will bounce when it hits the floor and then will roll across the rug on its phlanged edges. Another invention is a hip pocket flask that slips perfectly into the pocket and shows scarcely any bulge.

IMPORT OF FORAGE SEEDS

From the standpoint of actual quantity of forage crop seeds brought into Canada, timothy stands at the top, although this is one crop that can be produced especially well within the Dominion, and has shown itself well adapted to parts of Alberta, Mr. G. M. Stewart, Dominion Seed Branch points out in "Scientific Agriculture" during the years 1925 to 1931, Canada imported an average quantity of timothy seed in excess of 7,000,000 lbs. This influx of timothy has been reasonably constant and has shown no tendency to decrease during the period. In fact, the contrary appears to be the case, for over 8,000,000 lbs were imported in 1930 and 9,000,000 in 1931. Over 10,000,000 lbs. of this seed are used annually in Canada. Recent tariff arrangement by which a duty of 2 cents per pound was put on timothy seed imports into Canada have stimulated the Canadian timothy seed-growing industry and will be of great benefit.

Second to timothy in quantity imported is red clover seed. The average amount brought in during the last seven years has been 1,600,000 lbs. In 1927 the amount imported was over 3,000,000 lbs and in 1930 well over 2,000,000 lbs. The consumption of this seed is heavy in Canada although it is not much used on the prairies. In 1929 Canada used over 5,000,000 lbs and in 1930 just under 4,000,000 lbs. It is pleasing to note, however, that during 1931, this crop did particularly well with Canada and a quantity was exported to the British Isles, where it has met with recognition as very desirable seed, and the foundation has thus been laid for further export trade.

Canada is self-supporting in so far as alfalfa is concerned, although nearly 5,000,000 lbs were imported in 1929, while 200,000 lbs were exported in 1930. During past years, however, considerable alfalfa has been exported in excess of imports. The apparent consumption in Canada was slightly over 1,000,000 lbs in 1929 and 4,250,000 in 1931. No other seeds are imported in quantity.

THIS FINE OLD HIGH-CLASS HOTEL NOW HAS RATES AS LOW AS ANY

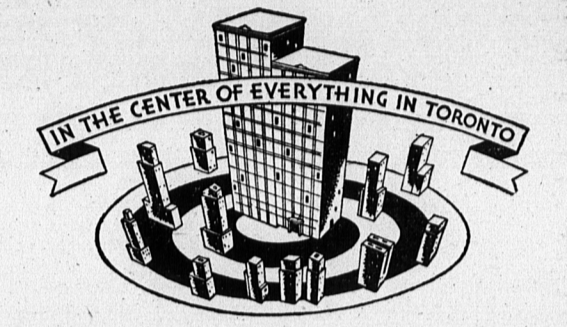

King Edward Hotel Toronto

Surprising as it may seem, you can now enjoy the luxuries of this historic, beautiful hostelry for as little as \$2.50 per day.

For thirty years the King Edward Hotel has been the epitome of sterling, worth-while, delightful hotel service. Today, with rates in keeping with the times, this friendly hotel is even more attractive than ever.
