Smith at 1.30 to attend the funeral in a body.

REV. DR. MOORE, Ottawa, delivered his popular lecture on Tuberculosis before the students of St. Dunstan's College on Wednesday evening. The Rector Rev. Dr. Curran presided. His Worship Mayor Kelly and Dr. Conroy occupied seats on the platform. The lecturer dwelt at length on the causes of the disease, its development, and its fatal effects. He claimed, that tuberculosis is not, as is generally conceded, hereditary but that many inherit a constitution susceptible to the attacks of its germs. He proved by example how contagious the disease is, and cautioned consumptives against expectorating in public places. "The great white plague could be stamped out in the course of three years," said he, "if the sputum from persons afflicted with it were destroyed." The entire discourse was both interesting and instructive and was highly appreciated by the students. At the close a vote of thanks moved by Prof. B. L. Cahill and supported by Prof. J. E. Gillis, Mayor Kelly and Dr. Conroy, was tendered the lecturer, which he suitably recognized.

At the Police Court yesterday the adjourned case against Ronald Steele charged with interfering with the police in the discharge of their duty was dismissed. The Prohibition case against Wm. McKinnon was adjourned till next Monday for several witnesses who had not been served and John Cullen and John Ross for corner loafing were dismissed with a warning. Judgment was also given in the Prohibition case of Michael Hughes. This action was under the famous Section 13 around which so much wordy warfare has waged. But the disputed point as to whether "treating" or "procuring for" applies to buildings as well as streets and highways remains undecided. His Honor decided that the evidence showed that Hughes had, through his wife, procured a flask of liquor for the witness Power. He held that the amendments of 1905 created several new offences under the original act; "selling" was the crime. Now "giving," "procuring for," "offering for sale," and "keeping for sale," were also made offences. In this case the information was for selling while the proof did not prove the charge as laid. In the Steele case the Magistrate held that the charge was proven—that the defendant withdrew the plug of the beer cask after it had been set, but that the information should have been laid under the Criminal Code and that section 7 of the Prohibition Act under which the action was brought was ultra vires or beyond the power of the legislature to enact. Section 7 referred to reads as follows:—Any person who may interfere with any officer or officers in the discharge of their duties under the provisions of this Act shall be deemed to be liable to a fine not exceeding \$100 or three months imprisonment.

WHOLESALE AND RETAIL.

Saturday's Selling of 75c "Herca" Silk At 49c.

Caused quite a flurry at the silk counter. There's still a generous range of shades to choose from—not so many as on Saturday but every shade is exquisitely pretty.

What "Herca" Silk is

Herca is every thread silk. In texture, finish, and appearance it resembles tafetta of best quality. It is twenty inches wide. Herca is an ideal fabric for waists, shirt waist suits, drop-skirts, silk linings, etc. Herca outwears tafetta and won't cut. The colorings are exquisite—perfectly dyed.

How we sell "Herca" Silk at 49c

The silk buyer of a big wholesale house realizing the superiority of "Herca" silk, stocked very heavily. Unfortunately the business became embarrassed—deep price concessions were made in every department—we secured a share of "Herca" silk at a big reduction. There is little possibility of our getting more of it,—hence the advisability of immediate action on your part.

Leaving your order to-day will be Mutually Beneficial.

Most orders are received late in the week—early orders get attention that's practically impossible when the milliners have to hurry and rush. We want to make you the very nicest hat we know how. Give us your order early—to do so is mutually beneficial.

Special to Amateur Photographers

We have imported a very pretty line of fancy mounts suitable for holiday greetings, which are now on exhibition.
