THE LURE OF THE SEASHORE.

From time immemorial the sea has been calling the children of men. Sea luring men are lost ashore. The dwellers of inland cities and towns hearing the call come down to enjoy cool breezes that are found by the sea. There is always life and action, even the coming and going of the tide, the eternal restlessness have a lure. People are looking for a change of scene and new places to visit each year, and Canadians cannot do better than to spend their summer this year at Long Island Sound in the vicinity of New London, Conn. Grand Trunk Railway System will make it easy for their patrons as a new train service will be inaugurated. A handsome booklet entitled, "The Seashore," has just been issued and can be secured for the asking.
