LOCAL BRIEFS

Latest News of the City and Province

By Reporters and Correspondents Everywhere.

SALE of property of estate of the late Wm. Dodd Esq. at noon today.

MR. SYDNEY POOLE of Carvell Bros., returned to the city by the eastern train yesterday.

REMEMBER the sale of property of the estate of the late Wm. Dodd, Esq. at 12 o'clock today by R. Beairst.

JAS. E. BIRCH, M. L. A., of Alberton arrived in the city yesterday to attend the session of the local Legislature.

Mrs SPRAGUE, wife of Rev. Dr. Sprague, of Summerside, is in the city, and is the guest of Mrs. J. T. Mellish.

ANOTHER LAUNDRY.—It is understood that a second Steam Laundry will be started on Kent Street in a few days.

MR. IRA. J. MACWILLIAM, of Eldon, met with a slight accident the other day while spitting wood at the door, using the axe with his right hand and holding the stick with the other. The axe-handle caught on something, and the axe came down on his left thumb making a very ugly cut.

THE Faithful Circle of the King's Daughters will hold a social in the Y. M. C. A. Hall on Friday evening next from 8 till 10 o'clock. Some musical and literary gems will be interspersed with the social converse of the occasion. Home-made candy, ice cream, cake and coffee will be on sale. Admission 10 cents. Proceeds in aid of the P. E. I. Hospital.

THE entertainment given by the Junior Endeavorers in Zion church school room last evening was a decided success. Every seat in the room was filled. The programme was one of the best given for some time. The pastor Rev. D. B. McLeod presided. Every item on the programme was good and those having the affair in charge deserve credit for their good taste in the selections. Mr. E. Hill's solo, recitation by Maggie Gillis, anthem by Harry Smith (the little son of our esteemed Water Commissioner) and exercise by nine little girls and the Flag Drill (England and America) was excellent, indeed 'tis scarcely fair to particularise as all were so well rendered. The "home-made" candy furnished during intermission was even better than usual.

At the public meeting of the Natural History and Antiquarian Society held last evening Mr. Bulman read a scholarly and excellent paper upon "Some Effects of Radiation upon Organic Life." It is not possible for us to go deeply into the subject dealt with by the learned lecturer, but must be contented with saying that the treatment showed Mr. Bulman to be a thoughtful student of natural science, well read in some branches not commonly mastered by the average student. The paper was most interesting and opened up attractive channels of thought. The President of the Society (Mr. Newson) Mr. Drouil and others took part in the discussion which followed the reading of the paper, and a vote of thanks was tendered Mr. Bulman. It was announced that Charles Palmer, Esq., will read the next paper a fortnight hence.

Grand opening.—We will open our new store on Friday and Saturday the 21st and 22nd. We don't ask any or every person to buy on these two days but would like to have every person to come and see through Charlottetown's greatest store Prowse Bros 193.

At Peake's Station, on April 9th, '99, Alice McLaughlin, daughter of William McLaughlin, aged 22 years.

QUAINT SAYINGS.

It is interesting and instructive to read bright and well constructed advertisements. Messrs. C. I. Hood & Co., of Sarsaparilla fame, must have been at a great feast and taken everything home with them. They are using a bright selection of quaint old sayings and proverbs as the starters in a series of clever advertisements, wherein the proverbs are neatly turned and paraphrased to fit the subject matter. The public like this breezy advertising, as it reminds of other proverbs and opens up discussion.

Ladies. Is style an object to you? Is price an object to you? Does quality count with you? If so you'll find the Hat you want at Sentner McLeod & Co.

From now until the end of Spring you can expect about two umbrella days in every week. Rowing days, drizzling days, and days, when you'll hardly know whether to carry an umbrella or not, be on the safe side and take it. Sentner McLeod & Co., bought about 180 Ladies and Gents sample umbrellas at about one half, and you can get one there very cheap if you need one. Their \$3.00 Gossamer is a wonder for the money.

We've had a big sale of Lace Curtains this spring and are sold out of our 1.20 or 1.80 curtains, so we cut down our \$2.80 line to **1.80**. This curtain cost more at the factory in Nottingham.

Dress Goods in plain colors is the correct thing. We are proud of our Dress Goods—Our stock is large. It is well bought. It is cheap, and the crowds that gather around our Dress Goods counter is ample proof of the value we are giving. Sentner McLeod & Co.

The Hats at "My Store" are perfect beauties and so cheap.

When you buy your Dry Goods here, you'll be pleased—and come again. That's the kind of trade we're after.

THE ASSEMBLY

The Address Will Be Moved Today

By Mr. Reid Seconded by Mr. McKinnon.

TUESDAY, April 18, 1899.

House met at 4 p. m. Mr. S. E. Reid presented the draft of the address in reply to the speech of His Honor, which he will move and Mr. McKinnon will second.

DRAFT ADDRESS.

To His Honor the Honorable George William Howland, Lieutenant Governor of the Province of Prince Edward Island.

May it please Your Honor: We the representatives of the people of Prince Edward Island thank Your Honor for the speech with which you have been pleased to open the present Session of the Legislature.

While we regret the departure of their Excellencies Lord and Lady Aberdeen, we observe with pleasure that Her Majesty was pleased to appoint the Earl of Minto Governor General of Canada, and we feel assured that his administration of public affairs will prove satisfactory to the true interests of our country.

We agree with Your Honor that our people manifest an increased interest in Agriculture, Horticulture and Dairying, and the addresses of Professors Robertson and Macoun in this Province through the courtesy of the Honorable the Minister of Agriculture, contributed in no small degree to the interest taken in these subject-matters. Any legislation having in view the advancement of our farmers, fruit-growers and dairymen shall receive our careful attention. A more thorough acquaintance with the British market has been acquired through a visit of a Commissioner from this Province who studied the markets of Great Britain personally, and we have no doubt that the result will be of benefit to our farmers.

With great pleasure we note that a Bill providing for the participation of this province in the construction of a bridge for railway and general traffic purposes across the Hillsborough River will be laid before us, and we hope that this bridge with its advantages will soon be a reality.

We shall carefully consider any legislation relating to the foreshores, bays and rivers of Prince Edward Island and trust that the measures for placing this province on a more substantial financial basis will have the desired result.

The measures for amending the Road Act and the construction of permanent Public Works will receive our consideration.

We thank Your Honor for the assurance that the Public Accounts and the Departmental Reports as well as the Estimates for the current year will be submitted to us.

We concur with Your Honor that the peace and prosperity of our people demand our grateful acknowledgments to a kind Providence.

We assure Your Honor that the subjects to which you have invited our attention as well as any other measures submitted to us, will be carefully considered, and we trust that our deliberations may be directed by wisdom and aided by Divine Providence.

It was made the order of the day for tomorrow.

Hon. Mr. Rogers as chairman of the committee for printing and binding the Journals of the House, reported that three tenders had been received as follows:

Geo. W. Gardiner, ptg. \$1.95, bdg. 23c, stitching 15c.

John Coombs, ptg. \$1.99, bdg. 32c, stitching 12c.

Murphy & Garnum, ptg. \$2.20, bdg. 20c, stitching 8c.

The committee recommended the acceptance of Mr. Gardiner's tender, it being the lowest.

The House adjourned to meet at 10 today.

The following are the members of the standing committees.—

On Speech—D. A. McKinnon, L. E. Prowse, A. Peters, Forbes, Wise, McWilliams.

Engrossing Bills—McNutt, Forbes, D. A. McKinnon, J. E. McDonald.

SEED WHEAT!

DEAR SIR,—

I am very glad to be able to inform you that after testing the WHITE FIFE WHEAT, imported by you from the North West last fall, I have no hesitation in recommending it to the farmers of P. E. Island

I sowed twenty grains without making any special selection, and out of the twenty, nineteen grew strong and healthy.

Farmers in this section of the country pronounce your seed wheat the best sample that they have seen imported to this Island.

Yours etc,
R. P. BAGNALL, Farmer,
Hazel Grove, P. E. I.

I still have a few bags of this specially selected wheat to dispose of.
