There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and it constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 7c. "Hall's Family Pills for constipation."

Rev. E. A. McPhee preached at the Baptist Church, Annandale, Sunday afternoon.

One warm evening last week the people of Annandale had the pleasure of hearing a lecture in the open air.

A fleet of ten American mackerel seiners arrived in Souris yesterday for shelter. They report mackerel scarce.

George E. St. Ville has returned home after spending two years travelling in the western part of Canada and the United States.

Richard Collings of Whim Road has recently purchased a horse from Wm Moore with which he will likely surprise some of the people with fast trotting.

Miss Gertrude S. McLeod of Montague has left for Boston, Mass. to finish her course in music both instrumental and vocal. Miss McLeod for the last two years has been teaching music at Montague and the surrounding villages. She was much beloved by her pupils, who were sorry to part with her, but wish her well in her future studies. Miss McLeod will be greatly missed by her many friends at Montague who wish for her speedy return.

Miss Ida Molyneux, Dundas, spent Sunday at Little River, where she was the guest of her sister, Mrs. Chester Dingwell.

Ernest Morrow has returned to Boston after spending the summer with his parents and friends at his home in Little River.

The Union Commercial College is now open for the term, and it is worthy of note that the number of applications received up to the present time far exceeds that of any previous year. Naturally the question occurs—why? Again naturally the answer increases each year, and the U. C. C. has broken all records this term. The good work it has done since it started is what accounts for its success.—Success based on being always up-to-date; eliminating everything that is old-time in business methods, and having ever what is modern. One noticeable feature of the school especially to one who interests himself, without bias, is that there is no waste of time spent there; everybody works, and works with an object, and the number of students holding positions obtained through the medium of this school testify stronger than anything else to the thorough training the students receive there. The school throws out no inducements to get students, beyond the excellency of the teaching and the completeness of the courses taught. The very best inducement, the way, that could be offered. It keeps its word as regards prizes given to students, and it never makes a promise it does not fulfill. A strong point in the manner of teaching is that pupils get personal instruction. No one is neglected, everyone gets the same attention. The success this school has met with in the past will, no doubt, follow it in the future. 9-1dtf.
