

THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone, Agent, and in Souris, A. J. McDonald, Agent.

The latest news, first of all.

The Annandale school is progressing favorably under the efficient management of Miss Smith.

The Rev. E. A. McPhee of Montague preached an able sermon to a large audience in the Annandale Baptist Church on Wednesday evening, his subject being "The two Builders."

The first plowing of the season in the vicinity of Annandale was done on the farm of John Howlett on Tuesday the 12th inst. A quantity of potatoes plowed out were found to be in good condition and untouched by frost.

The following are the Souris market prices: Potatoes per bushel 28 cents; oats per bushel, 42 cents; pork per lb., 10 cents; beef, per lb., 10 cents; butter per lb., 27 cents; eggs, per dozen, 20 cents; hides per lb. 84 cents; and hay per ton, \$12 to \$14.

In Montague yesterday dealers were paying forty-two cents a bushel for oats, twenty-two to twenty-five cents a bushel for potatoes, nineteen cents a dozen for eggs, ten and a half cents a pound for butter, twenty-two cents a pound for pork and ten cents a pound for hides.

The members of St. George's Lodge I. O. G. T. of Georgetown having assembled in their lodge room at 6.30 on Sabbath evening, April 10th, wearing regalia, marched in procession to the Presbyterian Church where an eloquent and impressive temperance sermon was delivered by the pastor, Rev. H. W. Toombs. St. George's Lodge is in a very flourishing condition, having a membership of about 140. In connection with it there is being organized a boys' club, and in a few weeks a reading room will also be opened.

Kate McQueen, Milliner, Montague begs to announce her grand display of spring and summer millinery on Wednesday and Thursday the 27th and 28th inst. All the latest creations in up-to-date millinery. Miss McQueen and her milliners are preparing for one of the best displays of millinery ever shown in King's Co. All are cordially invited to come and inspect. Prices and hats to suit all. Special attention paid to letter orders. 4-23dinstm8.

LATE BISHOP CAMERON'S LIBRARY FOR ST. F. X.

ANTAGONISM. April 21—By the will of His Lordship the late Bishop Cameron of the University of St. Francis Xavier's college is to receive the whole of his valuable library, which is probably the best and most complete private library in Nova Scotia. It is made up of a very large and select collection of the world's best books, which his lordship prized greatly. The St. Francis Xavier's library, which is now as good as the best in this province, will, with this valuable addition be second to none in Eastern Canada.

AN ASSAULT THAT CAUSES EXCITEMENT.

SYDNEY, April 20—The particulars in connection with an assault upon a man named Angus R. McDonald, at Dominion No. 12 last Sunday, has just been learned here and has created much excitement, particularly in the colliery districts. McDonald, who is said to have left home some morning, was found in a deserted house near the colliery about ten o'clock that evening in an unconscious condition from a beating received at the hands of some person or persons unknown. His head was terribly cut and battered and his clothes were torn from his body. He was unconscious until last night, but it is thought he will recover. He does not remember what occurred or who committed the assault upon him. He is a cousin of Manager A. R. McDonald of No. 12 colliery, and is an energetic P. W. A. man. He was elected check weightman at No 12 a few weeks ago.

A Quality Showing of Dress Goods and Suitings. We can't be too emphatic in pronouncing the elegance of this showing of elegant suitings and dress goods. J. P. CROCKETT & CO, Montague dtusrf3m

He said that there was general cause for alarm at the danger to Canadian industry through the operations of an organization controlled practically in the United States. He believed the members of trade unions in Canada were more interested than any other class in having some adequate remedy provided against this. Combinations of labor need a proper control and regulation as well as combinations of capital. The aim of his bill was to compel all trade unions operating in Canada to be chartered, organized and governed entirely by Canadian laws and to be wholly controlled by British subjects. He believed that Canadian workers would agree that Canada for the Canadians was as good a motto for them as for all other Canadians. A leading representative of the Canadian Federation of Labor had, he said, written him stating that his organization was in favor of the principle embodied in his bill.

MONTREAL AFTER RHODES CURRY CO?

HALIFAX, N. S., April 21—The feeling in regard to the position of the Nova Scotia Steel & Coal Company, and the recent novel methods adopted in circulating reports to secure special ends in connection with the demands for a change in the charter and by-laws of the company is displaying itself in various extravagant and irresponsible ways. It is asserted by one observer, for instance, that the Province is in danger of being absorbed by Quebec and industrial corporations of the east are in danger of being suddenly transplanted to Montreal or other western centres, and it was definitely stated that the Rhodes, Curry Car Works, of Amherst, N. S., were to be transported to Montreal should the request of the Scotia Corporation be refused by the legislature. In short the effects of the Forget group to acquire more power in the councils of the Nova Scotia Steel and Coal Company has been magnified into a question of interprovincial importance, if one may judge from much of the press comment on the subject, which has appeared in local and other eastern papers. It is expected that a decision in this matter will be reached within twenty-four hours, and the outcome is awaited with much interest throughout the Maritime Provinces.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. This is the only positive cure now known to the medical profession. Catarrh being a constitutional disease, requires a constitutional treatment. Dr. J. C. Cheney's Catarrh Cure is internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution. The proprietors have so much faith in their curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, Ohio. Sold by all Druggists. The Rhodes Family Pills for constipation.

ALIEN LABOR BILL DROPPED.

OTTAWA, April 21—In the Senate today Senator Belmont's bill to amend the criminal code so as to prevent American or other foreign labor union organizers or officials from interfering in Canadian labor affairs, was dropped for the session, on the suggestion of its author, who expressed the hope that before next session the Canadian trades unions would seriously consider the whole question and would, themselves, be prepared with a remedy to prevent the abuses of interference from abroad in Canadian industrial conditions. Senator Belmont pointed out that under the existing law, trades unions, whether international or purely Canadian, were entitled to exemption under the criminal code for combining to bring about a strike.

CITY COUNCIL AND BOARD OF HEALTH

inspired to notify the Charlotte town Light and Power Co., Ltd., that the Council do not deem it in the public interest to enter into the renewal of the present contract for Street Lighting, with said Company without first having a maximum rate for commercial lighting embodied in said contract. Coun Campbell thought it would not be judicious to pass the resolution as the Council would probably soon meet with the Directors of the Light and Power Co. Coun McKenna thought the resolution should be passed. The resolution was put and lost—only the mover and seconder voting for it. Point signs of excitement were beginning to be discernible among the Board, and nearly all the Councillors spoke. Coun Riley thought the Council and Light & Power Co. should meet together and talk the matter over amicably and try to come to some agreement and His Worship promised to call a meeting. A meeting of the City Board of Health was held immediately after the Council meeting last night. His Worship Mayor Rogers having to leave, Coun McDonald was moved to the chair. Coun Riley thought the Council and Light & Power Co. should meet together and talk the matter over amicably and try to come to some agreement and His Worship promised to call a meeting.

SERIOUS RIOTING AT MARTINIQUE

FOET DE FRANCE, Martinique, April 21—Furious disorders have occurred at several points as the result of the excitement and high partisan feeling over the elections. During a section disturbance at St. Joseph last night eight voters were arrested. At the town of Robert, on the east coast, several shots were fired at a clerk for one of the candidates for Deputy. Business houses in the interior have been closed by the proprietors who, fearing further trouble, have appealed to the Government, which will send troops for their protection.

HOT SCENE IN BRITISH COMMONS

LONDON, April 21—Memories of the turbulent scenes of Parnell's time were revived in the house of commons tonight during the discussion of a motion by T. P. O'Connor to reduce the civil service estimates by \$5,000, the amount of Sir Robert Anderson's pension. In an autobiographical article recently, Sir Robert Anderson admitted authorship of the famous "Parnellism and Crime" series of articles, and culminated in the public action of the Parnell forgery. The Irish members of the house announced their intention to obtain, if possible, a government investigation of the affair, with a view to depriving Sir Robert of his pension, and they agreed that his act was a breach of official confidence, because he had been the head of the investigation department of state. Mr. Balfour, leader of the opposition, agreed at tonight's session with Premier Asquith and Mr. Churchill, in condemning Sir Robert's action as

Anti-tuberculosis Society of Charlottetown and Royalty made an appeal last night to the City Council for financial assistance. He explained that since the re-organization of this society, effective work had been done the objects of the society made known, many auxiliary societies formed throughout the province, a large amount of literature distributed and in many ways the public impressed with the importance of combating tuberculosis. The Dispensary is Charlottetown is one of the most effective aids in the work. There are now under treatment at the Dispensary 57 patients—not all of these are tubercular. There is a record of 28 cases of tuberculosis—this shows that it is more wide-spread than supposed. Much aid has been extended from the Dispensary in the way of nourishing food and medicine. If the funds will allow this year a Tuberculosis Column, The Local Government had given \$400 and Mr Tidmarsh asked that the city give a grant of \$400. Rev. Canon Simpson, Dr McLaughlin and Hon G. E. Hughes supported the appeal. Mention was made of the fact that the local Government had promised one of the buildings on the old Stock Farm which could be made available for establishing a colony, which could at once begin its beneficial work if the financial assistance be extended. His Worship assured the delegation of the consideration of the Council.

HALF GLAD WOMEN WERE DRENCHED.

TORONTO, April 21—The terrors of a midnight alarm were experienced by half a dozen half clad women who were driven out into the rain from a burning grocery store belonging to Mrs. James McClay, at 137 McLeod street at four o'clock this morning. Mrs. McClay, with her two daughters and Mrs. Annie Meyers with two daughters, were alone in the rooms over the store when Mrs. McClay was awakened by the smoke. She roused the other women and hastily dressed as they escaped into the street. They had not had time to fully dress and rain was coming down in torrents, completely drenching them before they finally succeeded in rousing William J. Penlop, next door. He heard the noise and then smelling smoke, diving the cause and hastily going for the door, telephoned the fire department. Seven minutes later another alarm was sent in by a box at the corner of St. James and Gae Howell streets which brought more firemen. The damage to the store is estimated at \$250, and to the contents at \$500, covered by insurance. The cause of the fire is thought to have been mice and matches.

MARRIED BY TELEPHONE.

Another marriage ceremony has been performed by telephone. This time the wedding occurred in Texas. The dispatch from Pecos says: "There was a very novel and unique marriage performed here last night at 7.30 by Rev. Mr. Smith, of the Methodist church. The contracted parties were John Lovejoy and Miss Dot Flowers, both of Toyah, Tex. The ceremony was of the ring and line variety, that is, the hello and the switchboard did the ringing act and the telephone line connected the minister in Pecos with the bride and groom in Toyah, and this completed the circuit and made a close contact which united the two." With a bridegroom called Lovejoy and a bride named Flowers the telephone marriage begins under roseate conditions.

GREATEST LIVING SOLDIER IN WORLD.

NEW YORK, April 21—"The greatest living soldier in the world," was the tribute paid by Joseph H. Choate, former Ambassador to Great Britain, to Lord Kitchener, Field Marshal of Great Britain, at the dinner given in his honor by the Pilgrims at the Waldorf-Astoria. More than 450 distinguished guests honored the British visitor. Lord Kitchener, in his reply praised the United States military acclivity at Westport, and referred to the recent globe-circling voyage of the Atlantic fleet as a great peace promoting event. Two members of President Taft's Cabinet, who attended, voiced the President's regret as being unable to meet the distinguished visitor. Lord Kitchener, said in part: "I have recently been in Australia and have heard there a great deal about the visit of the American fleet. What seems to have struck everyone in the commonwealth was not only the great courtesy and frank goodwill of the Admiral and his officers, but also the good behaviour and smartness and preparedness for war of the men and ships of the fleet." "A few months ago I recommended that the Australian and New Zealand Governments take Westport as their model for the military college they require and I hope the ideal will not appear to them unattainable." A cablegram from Lord Roberts, president of the British Pilgrims, was read by Mr. Choate.
