Casey a cheque for \$50.00 on behalf of the Knights of Columbus Council No. 824 of Charlottetown for the Miners' Relief fund of Nova Scotia.

In Girlhood and Womanhood

"My first experience with Dr. Pierce's Favorite Prescription was about the time I was growing into womanhood," said Mrs. Hilda Hodgins of 504 Aylmer Ave., Windsor, Ont., whose picture appears above. "I had become rundown, my nerves were bad and I got very weak and trembly. My mother gave me Dr. Pierce's Favorite Prescription and it completely built me up in health, strengthened my nerves and made me feel well and strong. Since I married, whenever I have felt myself going down in health, or my nerves beginning to bother me, I have taken the 'Favorite Prescription' and every time it has done for me just what I expected it would do—built me up in health and strength, quieted my nerves and made me feel fine. There isn't any medicine a woman can take for her ills that can compare with 'Favorite Prescription'." Send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for a trial pkg. Favorite Prescription tablets.

LOOK UP PROGRAMME OF concert in Y. M. C. A. tonight. Tickets only 35c. 130

SAVE ONE QUARTER the price of your suit at our big Clothing Sale.—D. A. Bruce. 140 42 31

HAVE YOU SEEN the new Studebaker Duplex Phaeton with permanent top, one-piece windshield and roller enclosed weather-proof cushions at A. Horne & Co's Motor Show?

LADIES NEW HATS arriving from New York every day to make Thursday's opening the most interesting event of the sort in P. E. I. Moore & McLeod Limited. 111-41-21

ENTERTAINED.—Hon. L. L. Jenkins, Speaker of the Legislative Assembly, entertained a number of members of the Legislature at a very enjoyable dinner at the residence of Hon. Col. S. R. Jenkins, Brighton, last evening.

HOME FOR BURIAL.—The remains of the late Marshal Paquet, arrived in the city Tuesday night from Mattapan, Mass., accompanied by his daughter, Mrs. D. LeBlond, and were taken to the K. C. Home where they remained until yesterday morning when they were forwarded to Souris where interment will be made.

CHURCH OF ENGLAND ITEMS. The Acadian Recorder says:—Rev. H. L. Haslam, of Yarmouth, who was here for the Synod committee, was very active on the Budget and Social Service Committees. Rev. G. W. Spriggs, of New London, P. E. I., preached for Rev. T. H. Perry during the Synod Committee meetings. Rev. Canon Underwood, of Bridgetown, was in the city last week attending various committee meetings. Rev. H. L. Haslam, of Charlottetown, will not be able to attend the approaching Synod April 21 next, owing to a previous engagement, to attend the Bible Society meeting in London, Ont. Rev. G. M. Ambrose goes to Ontario next month on Bible Society business. Archdeacon Draper, of Louisburg, will spend some time in Bermuda, recuperating after his late illness. Canon Harris, of Mahone, was at the Mission Board meetings this week. Bishop John MacKenzie has gone on an Episcopal visitation along the shore. He will be in Lunenburg for Good Friday. Rev. Professor Prince will spend Easter in New Brunswick. Archdeacon White, P. E. Island, was here for the meeting of the D. M. B.

THIS AFTERNOON—Our Annual Spring Millinery show.—PATONS LIMITED. 134-42-21

THURSDAY AFTERNOON is our big Millinery opening and showing of ladies Ready-to-Wear. Prowse Bros. Ltd.—110-41-21

RUSTICO NOTES.—Rev. Father Gaudet of Bloomfield, paid a flying visit to Rustico recently.—The people of Rustico were shocked to hear of the sudden death in Kel-Field, Saskatchewan of Mr. Thomas Blanchard. He left a short widow with his wife and daughter Elsie and intended staying out there for a few years. Mrs. Blanchard and her friends will accompany the remains home and will arrive here at the latter part of the week. Much sympathy is felt for the bereaved family.—Mr. Edward Gallant spent the week end at his home here in Rustico and will return to Borden where he will remain for the greater part of the year.—Mr. Stuart Paikman was united in marriage to Miss Janie LePage a short time ago by the Rev. Mr. Aitken of New Glasgow. Their friends wish them many years of wedded happiness.—P.

BRIDE'S SHOWER.—A very pleasant evening was spent at the home of Mr. and Mrs. Fenton Howatt on Monday last, when a number of friends from Tryon and vicinity gathered and held a shower in honor of Miss Amy Mabey. About forty in number gathered around the drawing-room while the Misses Lennie Purley and George Gillis entertained carrying a basket of beautiful gifts which were given by her friends present. Miss Blanche Thompson read the accompanying verses and made the presentation. Miss Mabey was the recipient of many valuable gifts including silverware, china, and alumnin and money. Miss Mabey and her friends appreciated the gifts. The evening was spent in games and music. After which a sumptuous lunch was served by ladies present and in the few hours of the morning they adjourned to their respective homes thinking their time well spent.

WEDDING BELLS.—Urvell Roy Leard and Amy Jewel Mabey were married at the manse, Hampton on Wednesday, March 18th. Rev. M. J. McPherson performed the ceremony. The groom is a son of Mr. and Mrs. Willard Leard of Borden. He has a good position as waiter on the Car ferry. The bride who is the youngest daughter of Mr. and Mrs. Edison Mabey of Tryon looks charming in a suit of many colored tulle with pictureque hat of grey satin. The young couple were unattended, but were accompanied to Hampton by Mr. and Mrs. Fenton Howatt who brought them in their car. After the ceremony they returned to the home of the bride where a well prepared supper awaited them in the midst of immediate relatives. Later in the evening a number of senders gathered some in curious rigs. About 9:30 p. m. they were admitted through the house and were treated after the fashion of the bride. The charivari's soon became conglomeration on their good behavior throughout the entire evening.

Legislative Assembly (Continued from Page 1.) to Caledonia; also if he had received a petition from the residents of Iona and vicinity asking for repairs of a permanent nature on the road known as the Iona Road; also if he had received a petition from the residents of Wood Islands, Belle River, Melville, Mt. Vernon and vicinity asking for an improved highway from Wood Islands to Caledonia; also if he had received a petition from the residents of Mt. Buchanan Point Prim and vicinity asking for an improved highway from Point Prim to Eldon. Hon. Mr. McDonald said that his reply must be the same as that to the questions before asked. Mr. Saunders asked the Minister

of Public Works to lay on the table of the House a statement in respect showing the amount of the tender that Morson & Sullivan had for Road Project from Baldwin's Road to Launching. How many tenders were received? and was Morson & Sullivan's tender the lowest? Was the Road Project completed last Fall, and was it passed by the Engineer? How many cement culverts and bridges are in this project? Were the contractors paid extra for putting them in, and if so, how much? Was the cement, gravel and sand furnished by the Contractors, or were they tendered and from whom were the different materials purchased? Hon. Mr. McDonald tabled a written reply.

Mr. M. E. McDonald asked the Minister of Public Works if he had received a petition from the residents of High Bank and Little Sand's asking that the Livingstone Road be repaired; this coming summer, also if he had received a petition from residents of Abney and adjacent territory asking for repairs to be done this coming summer on Bell's Road, also on the road leading from Abney to Murray Harbor South, and what are the intentions of his Department. Hon. Mr. McDonald replied as in the case of other petitions. Hon. Mr. Stewart presented a bill respecting the Supreme Court of Judicature and Mr. Saunders presented a bill to amend the Act incorporating the Diocesan Church Society. These bills were read a first time.

Hon. Mr. Stewart by message from His Honor the Lieutenant Governor submitted the Estimates of Expenditures for the year 1925. On motion of Hon. Mr. McDonald the bill to amend the Public Schools Act was read a third time and passed.

On motion of Mr. McLaren the bill to further amend the Act to incorporate the Prince Edward Island Orphanage was read a second time and committed. Mr. J. B. McDonald in the Chair. This bill provides that all trustees of the Orphanage shall hereafter be elected at a public annual meeting, to be held in the month of June; and that the Board of Trustees shall be the sole governing body of the institution, a majority of its members constituting a quorum at any and every meeting, and all its decisions being made by a majority of the trustees present at said meeting. The trustees are to be Protestants, twelve in number, six men and six women, two of each sex retiring each year in order of election. At least one week's notice of all public annual meetings is to be given by the publication in newspapers published in Charlottetown and Summerside. The bill was reported.

THE BUDGET When the Premier rose at 7:30 to deliver the Budget Speech the floor lobby and gallery of the Legislative Chamber were all crowded by expectant ladies and gentlemen. Hon. Mr. Stewart was received with applause when he rose to move the House into Committee of supply. He said that in 1924 the Government had kept well within the estimates. These estimates were considered last year and objection to them there was none. Extravagance cannot there be charged. The Government is the trustee of the revenues of the Province and were responsible for the Expenditures. He referred to the expenditures in detail showing that they were slightly below those of the preceding years. In the administration of Justice there had been an unusual number of Jury cases, causing unusual expense.

In the Dept. of Agriculture expenses aggregated \$38,000. In previous years the expense was roughly \$50,000. We had to get along without the aid of the Federal Grant; and practically all the activities of the Department had been carried on as well as in former years. The school fairs are increasing in value and usefulness from year to year. The technical school was closed. The Government decided that the amount of money expended in the upkeep of that institution was not justifiable. Short Courses in Agricultural subjects were, however, given in the Agricultural Hall and Prince of Wales College. Annual Clubs for boys were opened with good results. As to Education the cost has just increased—almost double in the past ten years. The greater part of the increase has been in the teachers' salaries. The increase last year was about \$4000. We do not grudge the money necessary for this most important service. But we should receive value for the money we pay. But School houses have been where they ought not to have been built. Another difficulty is our loss of population. But nevertheless we have many more schools—small schools. The only remedy is some measure of consolidation. The district unit must be enlarged. During the

past few months we have had the inspectors report upon the disbursements that may be consolidated. But there is a disposition in the country to hold on to the small revenue it was \$30,000 less. The moral sentiment of the best people must be behind the government in bringing about an economical reform. A commercial course will in future be pursued. A material increase can be attained without doing any injustice to any class of the people. The property that the taxation of the farm was to have been increased was not fulfilled. In 1924 \$44,000 was received by the government from the sale of intoxicating liquors. In 1920 the late government received \$51,100 and \$45,500. In 1924 a larger number of prosecutions than in any other year since the Prohibition law was in force. Then there is the matter of the gasoline tax. The revenues has exceeded what was expected and it will be applied to the keep of the roads. It is stated that the government has a deficit of \$23,000 to \$25,000. This deficit is arrived at by comparing the late government and the present government. He showed that the late government had adopted the policy of the Atsenuat Administration despite their denunciation of it. The item of interest in 1919, \$56,497 and in 1924, \$69,000. Then there is Falmouth Hospital, the expense was \$29,000 less than in the previous year and over \$11,000 less than the average of the four previous years. Yet

there has been an increase in the number of patients. The Premier pointed out that those of 1924 were \$28,000 less than in 1920. As to the revenue it was \$30,000 less. Expectations had not been realized in respect to the collection of taxes. A material increase can be attained without doing any injustice to any class of the people. The property that the taxation of the farm was to have been increased was not fulfilled. In 1924 \$44,000 was received by the government from the sale of intoxicating liquors. In 1920 the late government received \$51,100 and \$45,500. In 1924 a larger number of prosecutions than in any other year since the Prohibition law was in force. Then there is the matter of the gasoline tax. The revenues has exceeded what was expected and it will be applied to the keep of the roads. It is stated that the government has a deficit of \$23,000 to \$25,000. This deficit is arrived at by comparing the late government and the present government. He showed that the late government had adopted the policy of the Atsenuat Administration despite their denunciation of it. The item of interest in 1919, \$56,497 and in 1924, \$69,000. Then there is Falmouth Hospital, the expense was \$29,000 less than in the previous year and over \$11,000 less than the average of the four previous years. Yet

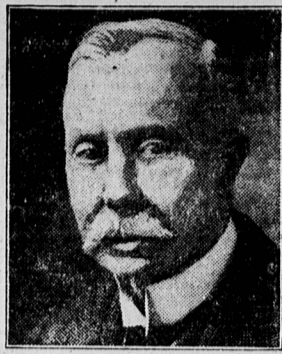

adjustment of the subsidies had been discussed. The Premier pointed out that this Province is entitled to special consideration because we have but one source of revenue, the people. The Premier then dealt with the estimate that has occurred in the advance copies of the report of the Comptroller Auditor, showing how it had been made in the haste of printing. He reviewed the case at length. The government early discovered the error and a correct statement will appear. The fault does not lie in the new system; it lies in the old system. The new system has not yet been tried out. During the past year the government has administered affairs with the utmost economy consistent with efficiency. The estimates of expenditure for this year amount to \$7,185,555 and of the revenue \$7,211,762. In view of this showing there is no cause for pessimism; on the contrary there is good cause for optimism.

Don't Let That Cold Turn Into "Flu" Rub on Good Old Musterole That cold may turn into "Flu," Grippes or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief. Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold. As effective as the messey old mustard plaster, it does the work without the blister. Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief. 40c and 75c, at all druggists. The Musterole Co. of Canada, Ltd., Montreal.

Better than a mustard plaster

TORTURED BY A "DEAD" STOMACH

"Fruit-a-lives" bring relief from Chronic Constipation

Mr. Fred Ludlow

"For a great many years, I was a martyr to Constipation and Indigestion; nothing I tried ever did me any good. I was induced to try 'Fruit-a-lives' and they brought relief with the first tablet; and by taking this splendid medicine at regular intervals, I suffer no more. I CAN NOW EAT ANYTHING WITHOUT FEELING THE SLIGHTEST PAIN OR DISCOMFORT AFTERWARDS." So writes Mr. Ludlow, a former U. S. Vice and Deputy Consul in Great Britain, and now of 161 West 36th Street, New York. Thousands have been relieved of the miseries of Constipation and Indigestion by "Fruit-a-lives," the famous natural remedy made from the concentrated and intensified juices of fresh oranges, apples, prunes and figs. 25c and 50c at all dealers.

of Public Works to lay on the table of the House a statement in respect showing the amount of the tender that Morson & Sullivan had for Road Project from Baldwin's Road to Launching. Better than a mustard plaster

agreed without amendment. On motion of Mr. Shaw McMillan the bill to incorporate the Bellefleur Company was read a second time and committed. Mr. Hunter in the chair. The bill was reported agreed to without amendment.

On motion of Hon. Mr. Myers, consideration of the bill to incorporate the Prince Edward Island Dairyman's Association was resumed in committee. Mr. Hunter in the chair. As amended, the bill provides that all representatives of dairy factories shall be eligible as members of the Association. Mr. McLaure directed attention to the clause which enabled the Association to conduct a general wholesale and retail business, and expressed the opinion that this was going rather too far. But after discussion the clause as read was agreed to. Progress was reported.

On motion of Mr. M. E. McDonald the bill to incorporate the Trustees of Murray River Cemeteries was read a second time and committed. Mr. J. B. McDonald in the chair. This Bill provides that John B. Saunders, Watson White, Alexander Richards, Alexander Gosbee, Matthew McLeod, Jr., Samuel Hume and Robert Whiteway and such other persons as shall become shareholders in the corporation are constituted a body corporate and have all the general powers and privileges incident to a corporation. The bill provides that all the land now known as the New Cemetery of Murray River and also that other plot or parcel of land known as the Old Cemetery of Murray River and bounded as follows: On the East by land owned by John Henry Saunders on the South, West and North by land owned by Phillip Lowe, together with the right of way as at present exists, the same to become the property and be vested in said Corporation. The bill was reported agreed to without amendment.

On motion of Mr. McLaren the bill to amend the Act incorporating the Silver Black Fox Breeders Association was read a second time and committed. Mr. Buntain in the chair. The bill was reported agreed to without amendment.

On motion of Hon. Dr. McMillan the bill to amend the Charlottetown Incorporation Act was read a third time and passed.

On motion of Mr. Saunders, the bill to incorporate the trustees of the Greenmount Church of Christ was read a third time and passed.

On motion of Mr. Shaw McMillan the bill to incorporate the Ladies Auxiliary of the Prince Edward Island Protestant Orphanage was read a second time. Mr. M. F. McDonald in the chair. This bill provides that F. Gertrude Horne, Grace Hughes, Nellie G. Rowe, Hilbert Prowse, Bessie M. Huestis, Margaret A. Rogers, Jane T. McKillop, Lottie E. Moore, Mary E. Acorn, Amelia Stewart, Mamie Drew and Minnie D. Wright, officers and members of the Ladies' Auxiliary of the Prince Edward Island Protestant Orphanage and their successors and such as so many other persons as are or shall become members of the corporation are to be a body corporate and incorporate by the name of "The Ladies' Auxiliary of the Prince Edward Island Protestant Orphanage" and by that name shall have all the powers and privileges made incident to a corporation by the Act of Assembly of this Province in and entitled "An Act relating to corporate bodies" and amendments thereto. Mr. McNeill took exception to the bill on the ground that the powers afforded by it were already supplied in the bill incorporating the Trustees of the Protestant Orphanage. Mr. Saunders contended that the bill was not an interference with the powers of the Trustees. After some further discussion progress was reported.

THE BUDGET When the Premier rose at 7:30 to deliver the Budget Speech the floor lobby and gallery of the Legislative Chamber were all crowded by expectant ladies and gentlemen. Hon. Mr. Stewart was received with applause when he rose to move the House into Committee of supply. He said that in 1924 the Government had kept well within the estimates. Rub good old Musterole on the congested parts and see how quickly it brings relief. Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold. As effective as the messey old mustard plaster, it does the work without the blister. Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief. 40c and 75c, at all druggists. The Musterole Co. of Canada, Ltd., Montreal.

Better than a mustard plaster

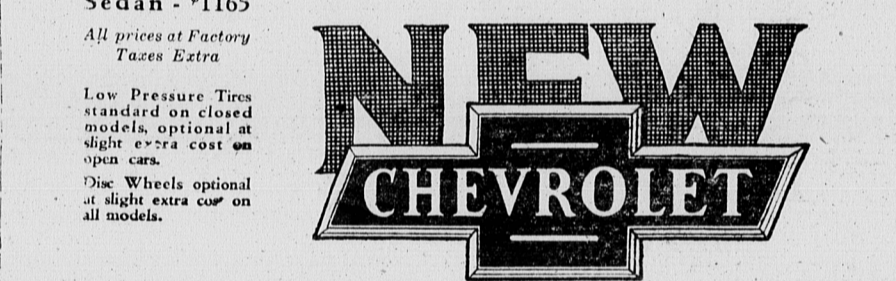

Long Springs—88% of Wheel Base

Long semi-elliptic springs of chrome vanadium steel—rear springs under-slung—total length of one rear and one front spring equalling 88% of the wheel base of the car—imagine the comfort of riding on such spring suspension!

Yet this is but one of the features that make for greater riding comfort in the new Chevrolet—new from radiator to rear axle to provide a new value that is astonishing everybody who sees these cars.

See our special display at our Motor Show this week—A most wonderful exhibit of quality Cars at low cost.

for Economical Transportation A. Horne & Co. Dealers

Charlottetown Prince Edward Island

past few months we have had the inspectors report upon the disbursements that may be consolidated. But there is a disposition in the country to hold on to the small revenue it was \$30,000 less. The moral sentiment of the best people must be behind the government in bringing about an economical reform. A commercial course will in future be pursued. A material increase can be attained without doing any injustice to any class of the people. The property that the taxation of the farm was to have been increased was not fulfilled. In 1924 \$44,000 was received by the government from the sale of intoxicating liquors. In 1920 the late government received \$51,100 and \$45,500. In 1924 a larger number of prosecutions than in any other year since the Prohibition law was in force. Then there is the matter of the gasoline tax. The revenues has exceeded what was expected and it will be applied to the keep of the roads. It is stated that the government has a deficit of \$23,000 to \$25,000. This deficit is arrived at by comparing the late government and the present government. He showed that the late government had adopted the policy of the Atsenuat Administration despite their denunciation of it. The item of interest in 1919, \$56,497 and in 1924, \$69,000. Then there is Falmouth Hospital, the expense was \$29,000 less than in the previous year and over \$11,000 less than the average of the four previous years. Yet

there has been an increase in the number of patients. The Premier pointed out that those of 1924 were \$28,000 less than in 1920. As to the revenue it was \$30,000 less. Expectations had not been realized in respect to the collection of taxes. A material increase can be attained without doing any injustice to any class of the people. The property that the taxation of the farm was to have been increased was not fulfilled. In 1924 \$44,000 was received by the government from the sale of intoxicating liquors. In 1920 the late government received \$51,100 and \$45,500. In 1924 a larger number of prosecutions than in any other year since the Prohibition law was in force. Then there is the matter of the gasoline tax. The revenues has exceeded what was expected and it will be applied to the keep of the roads. It is stated that the government has a deficit of \$23,000 to \$25,000. This deficit is arrived at by comparing the late government and the present government. He showed that the late government had adopted the policy of the Atsenuat Administration despite their denunciation of it. The item of interest in 1919, \$56,497 and in 1924, \$69,000. Then there is Falmouth Hospital, the expense was \$29,000 less than in the previous year and over \$11,000 less than the average of the four previous years. Yet

adjustment of the subsidies had been discussed. The Premier pointed out that this Province is entitled to special consideration because we have but one source of revenue, the people. The Premier then dealt with the estimate that has occurred in the advance copies of the report of the Comptroller Auditor, showing how it had been made in the haste of printing. He reviewed the case at length. The government early discovered the error and a correct statement will appear. The fault does not lie in the new system; it lies in the old system. The new system has not yet been tried out. During the past year the government has administered affairs with the utmost economy consistent with efficiency. The estimates of expenditure for this year amount to \$7,185,555 and of the revenue \$7,211,762. In view of this showing there is no cause for pessimism; on the contrary there is good cause for optimism.

Don't Let That Cold Turn Into "Flu" Rub on Good Old Musterole That cold may turn into "Flu," Grippes or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief. Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold. As effective as the messey old mustard plaster, it does the work without the blister. Just rub it on with your finger-tips.
