R. G. McLEOD, Lyndale, leaves this morning for South Boston, where he purports residing in future. Mr. McLeod has accepted a position with Messrs. Stone & Forsythe, paper manufacturers.

REV. A. E. BURKE and Rev. A. J. WIGHTMAN, both of Alberton, are two of the contributors of special articles in the Christmas Number of the Maritime Farmer. Everybody interested in the project are cordially invited to be present.

THE entertainment in the Opera House tomorrow evening under the auspices of the Y. M. C. A. should have a full house. THE VALUE OF CHARCOAL

Few People Know How Useful it is in Preserving Health and Beauty.

Costs Nothing To Try.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gas which collects in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets.

Send your name and address today for a free trial package and see for yourself. E. A. Stuart Co., 50 Stuart Bldg., Marshall, Mich.
