Lacate, Que. 25th Sept. 1908.

Minard's Liniment Co., Limited.

Gentlemen,—Ever since coming home from the Boer war I have been bothered with running fever on my legs. I tried many ointments and liniments; also doctor's treatments for the blood, but no permanent relief, till last year when my mother got me a tin of MINARD'S LINIMENT. The effect of which was most magical. After two applications the sores completely disappeared and I have worked ever since working day since. Yours gratefully JOHN WALSH.

A School of Scientific Tire Mending

Goodyear Repairmen's School Trains Experts Who Add More Miles to the Life of Tires Which Have Reached the Apparent Limit.

Most motorists would be satisfied with the generous tire mileage resulting from Goodyear quality/plus/Goodyear Service.

But we know that many tires which have given most generous mileage, still can be squeezed for more miles—a still lower cost-per-mile—if put, in the hands of an expert repairman.

Hence the Goodyear Repairmen's School.

From this school every month goes a class of trained men—trained free by Goodyear—to preach and practise the basic Goodyear policy—making tires go farther and so cost less.

For the hundreds of tire repairmen who cannot attend our school, we have published a very complete Tire Repair Manual—a correspondence course.

So the Goodyear Repairman is working hand-in-hand with the Goodyear Service Station Dealer and the Goodyear Tire Conservation Course to make Goodyear Tires go so far that their cost-per-mile will be much below that of any tire which sacrifices quality or service to achieve a lower price or "special discount."
