TIME TO GET SET FOR FALL

Now is the time for the career girl to take a closet inventory for fall needs. By swiping a few days from summer, when leisure time is usually freer, a gal can organize her wardrobe, check her needs, and meet the autumn with fewer waste motions and perhaps a sizable saving to her budget.

Check shoes, handbags and accessories for a possible carry-over into fall. If any accessories needs only repairs to qualify for further service, attend to these. Repairs cost much less than replacements.

What about last year's scarves and other neckwear? Look over your assortment, revive their freshness with laundering or dry-cleaning, and count each piece salvaged as a wardrobe item destined for a style whirl this fall.

Sort out your jewelry. These sparklers are in for a big winter season so the more pieces you can put into service by cleaning, re-straining or re-setting, the better your budget will benefit.

Pair of stockings singles into well-matched mates. If all that's needed to make a match of odds and ends is a tinting bath, now is the time to dip.

Any time that's left can be well spent mending clothes that will be put into service this fall. There is going to be a lot of hemline-lengthening to do. You will probably also find that many shoulder pads will need thinning out.

THE FIRST CHARLOTTETOWN SAINT DUNSTON'S BASILICA TROOP

"First News"

Since completing their summer camp at Buchan last July the Scouts of "The First" have not been idle. While the District Camp was being held on the Provincial camping grounds, six members of "The First" were back in the bush, camping in the real Pioneer style, doing their own cooking, sleeping in a lean-to, holding their own Council Fires and carrying on a busy program of Scouting activity. During this week-end Second Eddie Kays and Scout Elwood Donnelly passed Second Class Cooking.

Then on the afternoon of August 27, a Troop hike was held, across the Hillsboro Bridge, southward cross country through woods and fields, and finally the Scouts, by a circuitous route, ended up at a point in the vicinity of Duffy's Point where supper was prepared. Oysters were collected along the shore while P. L. Charles Ready completed his First Class Cooking by baking a delicious twist and Second Tommy Kays baked a not-too-delicious one. However, Tommy was successful in cooking a good dish of rice and later on another occasion finished his First Class Cooking by baking a very good twist. Tommy sticks to his first work almost as well as his twist sticks to everything he touches, but is making good progress along the First Class trail. On this hike John Walsh passed Second Class Cooking.

The only incident of importance which happened was that the boiler in which the corn were to be boiled was found to have several bad leaks. These were speedily mended with pottery clay both inside and out, which greatly enhanced, so "his" said, the flavor of the corn and added a nice muddy color to the water. A cheerful fire was merrily burning, and all the Scouts sang the well known old Camp songs, listened to a story and talked of those things which Scouts usually do. Patrol Leader Tommy Kays had thoughtfully taken along a large bar of paraffin wax on which he and P. L. Charles Ready contentedly munched throughout the evening. Doubtlessly this aided them very much in making the sing-song success it was. Tommy is always prepared for such emergencies. On the way back Tommy was led by the hand by Elwood, as usual.

"SEVENTH" CHARLOTTETOWN TROOP HIKE
On Saturday afternoon, September 13th, a few boys under the protective wings of A.S.M. Burrows and T. L. Cudmore left the troop hall on a very successful corn boil. Of course the S. M., after providing the corn and oranges forgot to get a pot to boil the corn in, and some of the fellows even complained of no butter—and it a \$1.00 a lb. (well almost).

This difficulty was soon taken care of by resourceful "Scouting" by some of the fellows who wanted to use their Scout hats, naturally nobody but the "Seventh" would have used this ingenious method.

After all things had been settled the troop got down to gorging themselves and a wide game followed, after which the T. L. and A. S. M. gave the boys a few pointers on nature and the T.L.'s experiences at the Jamboree and the "folies Bergere". Oh oui yes! yes! indeed.

After all the eating and no exercise even at that some of the Scouts complained of being hungry on the way home.

This Friday night the troop plans to go out on a night hike, leaving the Troop Hall at 7:00 sharp, under "sealed orders".

Next week, the services of Mr. Harry Pineau (Tall Timber) S.M. of the "First" have been temporarily sought after to give the older Scouts a talk on the "stars" in preparation for the Starmen Badge.

Good Scouting All, and remember the motto of the Seventh this year is: "To keep the Out in Scouting!"

Yours
BEAVER.

P.S.—A report of each hike and troop meeting will be put in this column every week; the leaders would like every Scout in the "Seventh" to read them, mark them, and inwardly digest them. As a matter of fact all Scouts should read the news, it is for your benefit it is written; it gives you up to date news of your troop and others.

Yours
BEAVER.
