The latest news, first of all.

Neil McQuarrie, Summerside, was in the City yesterday.

A. Leri arrived in the City last night by the Western train.

L. M. and Mrs. Poole, City, have returned from a visit to the United States.

The Miles Cora and Beatrice Paton have returned from Quebec. The latter is a student at McGill, and her father went on to meet her returning.

Harry Harley, the well-known athlete, of this city, was married to Miss Emma March, also of this city, today morning. Rev. Dr. McLehlan performing the ceremony.

Principal Jas. Fearon of the Deaf and Dumb Institute Halifax, was a passenger to this City by the Northumberland last evening and is registered at the Victoria.

The Chief Superintendent of Education has appointed Friday, 21st, inst., as Arbor Day for the schools in this Province, and recommends that it also be observed as Empire Day, and that the exercises be of a fitting and patriotic character.

Owing to the big Saturday Guardian and the large number of advertisements therefor it is necessary that all "changes" of matter reach this office not later than ten a. m. Friday to insure insertion in that following issue.

The highest temperature registered yesterday was fifty one above zero. At nine a. m. the temperature stood at forty-two above and at nine p. m. at forty-five above. The coldest registered Monday night was thirty-eight above.

The funeral of the late Michael Doyle took place yesterday morning. It was largely attended, many of his former fellow-employees of the railway being among those present. Requiem High Mass was sung at the Cathedral by Rev. Pius McDonald. Rev. Maurice McDonald officiated at the grave. The pall-bearers were Messrs Angus Walker, L. B. Miller, P. H. Trainor, S. F. Hodgson, Alex. McDonald, Peter Ferguson.

H. L. Chipman, Eastern Manager, Plant Line and J. Nicoll, who has been appointed agent in this City in place of Wm. McInnis, resigned, arrived via Pictou last night and will open up the Plant Line office for the season. The first Plant Line steamer will leave Boston for this City next Saturday, May 8th, and will make first trip from here May 11th. Advertisement of Plant Line sailings will appear in next issue.

The Colonial Stock Company had another excellent house last evening when they presented The Brixton Burglary, an exceedingly funny play with a plentiful succession of comic situations, and sparkling dialogue. The capable company brought out the interest and vivacity of the story in good shape and gave their audience quite as many laughs to the minute as was good for them. The Brixton Burglary is just funny enough. The large audience was greatly pleased with the performance. To-night A Woman's Victory, a strong detective story, worthy of Sherlock Holmes will be put on, and at the matinee on Thursday, Little Lord Fauntleroy, always a favorite with the little folk as well as many of larger growth. The Colonial Stock Company is fast making friends in this City.

The first presentation of Talking Pictures in this city was at New Wonderland on Monday evening, when Frank L. Stanton and his talented company of artists opened their engagement there. It is a splendid idea, a fully entertaining novelty which takes well anywhere it has been introduced, and the Stanton Comedy trio met with a splendid reception. The first pictures they present is "A Race for Millions" and the dramatic situations it abounds with are full of intense interest, which is doubly enhanced when the voices speak the story. The sketches the company presents are built so Mr Stanton says "for laughing purposes only" and they surely accomplish that purpose for the "Troubles of Brown" is one of the most laughable farces imaginable. The engagement of this clever company is surely one of the best ideas New Wonderland management has yet introduced, and what with the novel Talking Pictures, the clever character impersonations of the sketches, and the all round splendid pictures New Wonderland always has, there is a big bid for patronage which will no doubt be generously given.
