WAS KNOWN HERE - Acquaintances in this province learned with regret of the death of L. Bombardier Clarence V. W. 'Timmy' Green, 24 year old newspaper man of Fredericton, who was killed by 'enemy action' recently in England. He was a member of the Royal Canadian Artillery. Another Fredericton man belonging to the same unit, Sergeant Harry Olive was also killed by 'enemy action' recently. One Jasper Chase of Devon, near the same place was also reported to have been killed.

SNOW DISAPPEARING RAPIDLY-Heavy snow which blanketed this province since early in January is vanishing under hot sun and warm winds. While much still remains in the woods, fields in rural areas are almost all bare. Dirt roads are still impassable to wheeled vehicles in almost every district of the province but a few more days of fine weather will see a great change. Meanwhile government snow plows are opening the paved road between Charlottetown and Summerside. Two plows are working from the Charlottetown end. Yesterday afternoon they reached Brookfield, about ten miles out. Heavy drifts were delaying progress greatly. Another plow was working from the Summerside end and last night was believed to be near Kensington. West of Summerside to Tignish the road is still closed but it is expected it will be opened rapidly once the plows complete work between Charlottetown and Summerside.

W. M. S. MEETING - The regular meeting of the W. M. S. of Montague United Church was held at the home of Mrs. Kier Clark on Tuesday evening. The President, Mrs. S. E. Hayward in her opening remarks thanked Mrs. Clark for her invitation to meet with her and for entering the Auxiliary in her beautiful new home. Mrs. Harry Davidson had charge of the Devotional Service the theme being 'The Triumph of the Cross', when the President, Mrs. S. E. Hayward contained a beautiful Easter message. The hymn 'Joy to the World' was used and after the Responsive readings, 'Jesus Keep me near the Cross' was sung. The members all joined in the Lord's Prayer before the closing prayer by the leader, Mrs. Eileen Stewart, then dealt with the Study Book which was on the life and work of Rev. Oliver Jackson in Newfoundland. This was most inspiring as Mr. Jackson never took a holiday from his work of rock and hardships, but a land of wonderful opportunity and in the five years of his labor there never took a holiday from it. Mr. Jackson came to his death by drowning when a small boat in which he used to make his visits along the coast was overturned. After the minutes were read by the secretary, Mrs. R. Fraser, roll call was answered with something of the evening's programme was reading by Mrs. H. Davison 'The Young Gideons'. This was much appreciated. After the Mizpah Benediction, refreshments were served and a pleasant half hour spent.

Italian Editor Sharply protests Rising prices

ROME, April 20 - (AP) - Rising Italian prices were sharply attacked today by Giovanni Preziosi, editor of La Vita Italiana, a monthly political review. Recalling a decree ordering merchandise prices pegged at the levels of July 21, 1940, Preziosi said prices not only should not have increased since then, but should have been reduced.

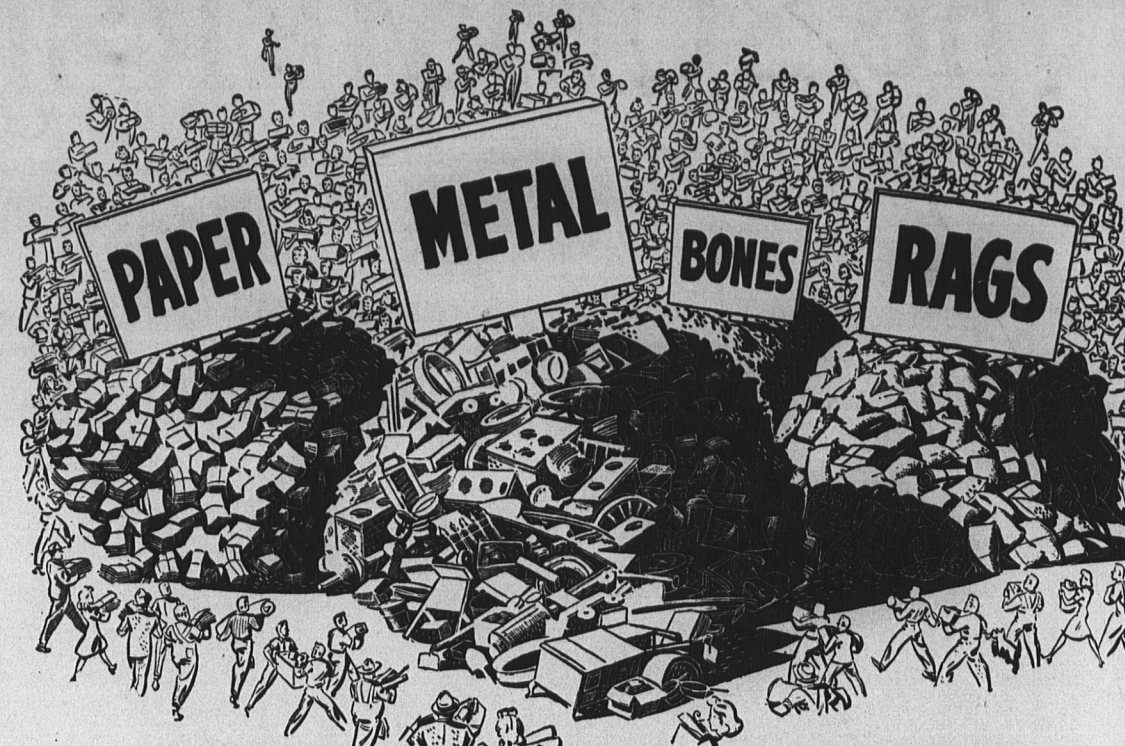

He predicted further increases 'since there exists no merchandise which had not seen a rise since July 20-and what a rise!' Canned foods, wines, cotton goods, hats, scarves and electric lights were among the goods he listed whose prices were not pegged.

Preziosi said some price increases furnished him by a buyer for a charity organization included: Butter from 16 lire (80 cents) to 22 lire (\$1.10) a kilogram (approximately from 40 cents to 55 cents a pound).

He said that it is almost impossible to get butter or other fats in Rome with ration cards but 'you can get all you want if you pay the price.'

He said Italians could get coffee, meat, sugar, coal and many other things provided they pay 'super' prices.

HOUSEHOLDERS! THESE ARE YOUR WAR WEAPONS Save them, Give them, and help WIN THIS WAR

We cannot all march into battle-but we can march into the attics, the cellars and store-away places in our homes. There are war weapons in these places-and in your household waste, which can be turned into a valuable contribution to Canada's war production and into funds for war auxiliary services.

Many local volunteer organizations have already completed plans for a Salvage Campaign in their districts. More will follow. Quickly, we hope, all Canada will be organized to 'clean out and clean up on Hitler!'

Every day of every week until this war is won, every scrap of material which can be profitably salvaged in the area in which you live must be saved, collected and turned into war production material and money.

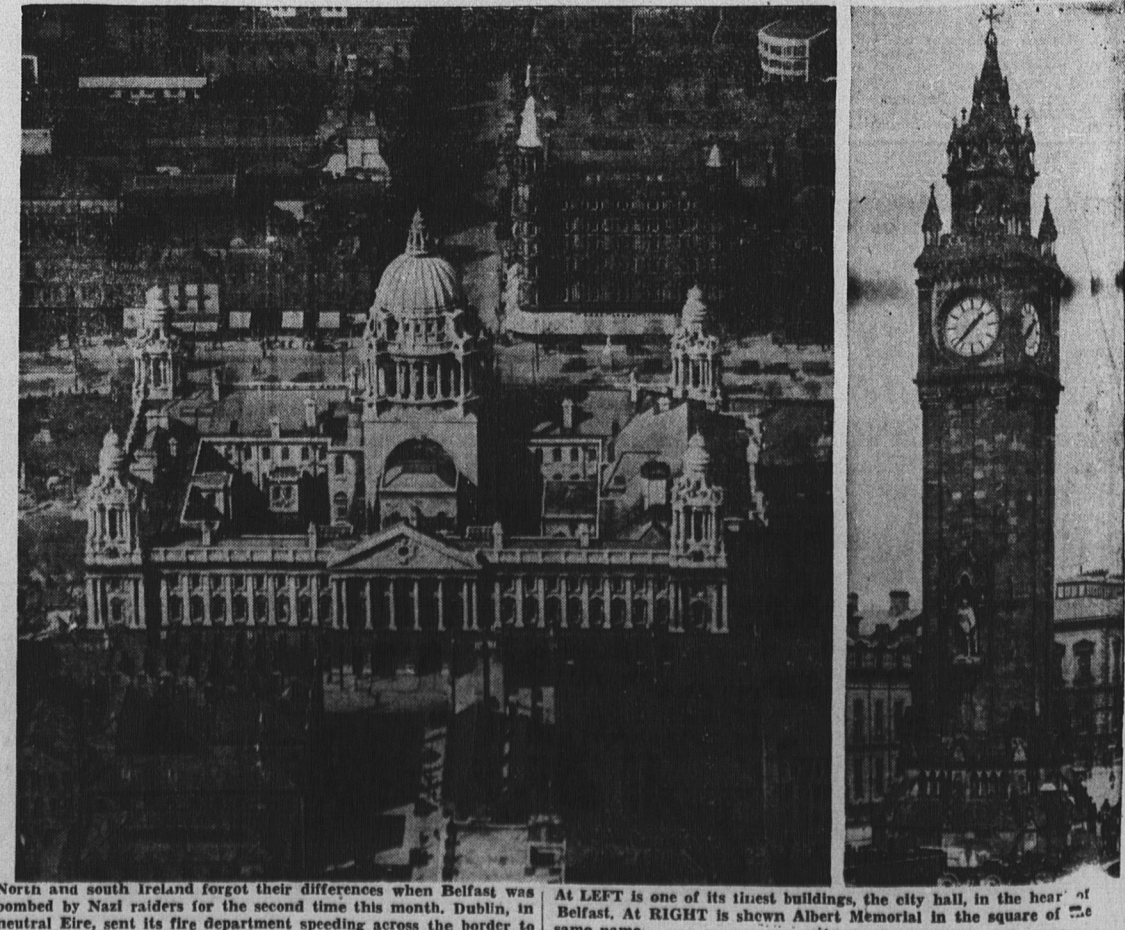

A careful study and survey is being made throughout Canada by this Department as to the type and class of salvage which will realize the greatest return in your community. If this information is not now in the hands of your local Salvage Committee or your Municipal Council, have them communicate with the Supervisor, National Salvage Campaign, New Supreme Court Building, Ottawa.

EVERY SCRAP COUNTS Put Them Out Carefully They Will Be Collected They Will Be Used The complete facilities of the Department are at the disposal of local community organizations to aid in making their Salvage Campaigns a success. When the Campaign starts in your community, we ask that you give it your unqualified support.

Belfast Bears Brunt of Nazi Raids on North Ireland

North and south Ireland forgot their differences when Belfast was bombed by Nazi raiders for the second time this month. Dublin, in neutral Eire, sent its fire department speeding across the border to fight flames that threatened historic buildings in its neighbor city. At LEFT is one of its finest buildings, the city hall, in the heart of Belfast. At RIGHT is shown Albert Memorial in the square of the same name.
