MR. MATHIESON drew attention to the return of expenses in the matter of boring for coal, which he claimed was incomplete in several respects. There were six questions not answered.

THE PREMIER replied that he knew of no claims other than as stated in the return. The nature of the damage to the valuable land was occupied and much debris and refuse was left on the land.

DR. WARBURTON moved the House into committee on the bill to amend the Ottawa River Incorporation Act. Mr. McPhee in the chair. Dr. Warburton explained that a principal provision is to provide for voting by ballot in the civic elections.

HON. L. McDONALD was not disposed to vote for the ballot in civic elections without further information. DR. WARBURTON said the change had been petitioned for by the Mayor and Council.

THE PREMIER said that personally he was not favorable to the change, nor had he satisfactory evidence that the people of the city desired it, but he would oppose it, if he did not think the citizens greatly desired it, although both candidates for the Mayoralty had pronounced in its favor, and the citizens had to choose one or the other.

MR. MATHIESON said both mayoralty candidates being in favor of the change, he would not oppose it, in accordance with all other civilized communities. Charlottetown could not afford longer to remain behind Summerside, Souris and every other modern city in this important matter. It was very creditable to the Mayor and Councilors that they were carrying out their pledges made to the people.

HON. MR. HUGHES moved to strike out the \$200 rental qualification for Councilors. He thought it in the interests of the city that Councilors should have a real estate qualification.

MR. MATHIESON pointed out that the rental qualification had stood for many years and was placed in the bill by the Mayor and Council. One did not need any property qualification to sit in the Legislature or in Parliament. He thought if any qualification was to be made it should be to lower the qualification, although he did not advocate this.

THE PREMIER said a rental qualification was virtually no qualification at all. A man might hold it one day and the next day not have it. As well have no qualification at all as one that was not substantial.

HON. MR. HUGHES' amendment, favor of being objected to because two members came in late, left it a tie, and the chairman declared the amendment carried. Progress was then reported.

The House then adjourned till ten o'clock tomorrow morning.

SANG CHILDHOOD HYMN ON MARCH TO CALLOWS

PITTSBURG, Penn., March 21—Singing the hymn of his childhood as he walked between two guards through the corridors of the Allegheny county jail today, Steve Rusio, a Russian, was hanged for the murder of Mrs. Beta Dombay, whom he shot Jan. 15, 1910, as she lay beside her sleeping husband and babe.

He refused to accept his attentions, she refused to accept his attentions, she refused to accept his attentions, she refused to accept his attentions.

There were no cases before the police court in this city yesterday.

Misses Eleanor Gordon, Newton, Mass., Miss Ethel Gordon, Cambridge Mass., and Wesley Gordon, Boston, passed through the City recently en route to Brudenell to attend the funeral of their father, the late Walter F. Gordon, which took place yesterday.

The People's Theatre was, as usual, largely patronized last night, the pictures being decidedly good. The International Motor Boat Race was a fine water scene and very real.

A stolen claim was a strong picture, the setting being Kicking Horse Pass in the Rocky Mountains. Playing at Divorce was a thrilling drama of society life while Silver Arrow was called the picture of the evening.

Billy Stewart sang, by special request, Casey Jones with local hits and received great applause.

Insist on getting Jordan's Emulsion—don't take a substitute.
