CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this Province.

Warren Grey, Charlottetown, was in St. John last week.

Yesterday a new Roman Catholic Church at Hope River was dedicated.

Mrs. (Dr.) Kelly, City, who is undergoing treatment at the City Hospital, was reported yesterday to be much improved.

The McNamara Case lectured and illustrated by Prof. Sarsfield, also two reels of Pictures, will be at the Peoples Theatre tonight, and all for five cents.

The marriage takes place in St. Dunstan's Cathedral this morning of Peter McCarron, Conductor of the P. E. I. R., to Miss Mary McKenna. The groom will be supported by Patrick Dorsey while Miss Mary Callaghan will attend the bride.

The Guardian News Department greatly regrets that its issue of Thursday containing the Provincial election returns missed some of the early morning mails owing to an attempt to insert too large an amount of news in the time available. All subscribers thus inconvenienced are respectfully asked to accept this explanation and the assurance that such an error will never be made again by the News Department. This statement is made in justice to the subscription and other departments of none of which are in the least to blame.

Yesterday afternoon at two o'clock that was mortal of the late Robert Macpherson, sr., was consigned to the earth. The funeral cortege was unusually large and spoke eloquently of the esteem and respect which the departed's memory and the sympathy felt for those who are left to mourn. The services were held at the grave in the cemetery of the Free Masons, of which order the deceased was an esteemed member. Held their beautiful and impressive burial at the grave in the People's Cemetery. J. A. McKinnon, Master of St. John's Lodge officiating. The pall-bearers were Charles Dalziel, Simon Crabbe, Andrew McNair, Charles Webster, John MacDonald and Wm. Gillespie.

Gordon Whitlock, City, for the past few years of the P. E. I. Telephone Co., has left for Halifax, where he takes a position in the Nova Scotia Telephone Co. Mr. Whitlock is a young man greatly liked in all circles in this city and his departure was marked by two presentations. The Telephone Company employees gave him a valuable gold watch suitably engraved as a mark of esteem and his personal feelings for him were plainly set out in an address which accompanied the watch. Shortly he accompanied the watch, shortly he leaving a number of his boy companions evidenced their regard for him by presenting him with a handsome fob. Mr. Whitlock among the much missed particularly among the young men with all of whom he was deservingly popular. In athletic circles he was prominent as a basketball football, baseball and hockey player and all who knew him will earnestly wish him every success in his new field of labor.

MINERALS IN THE HUMAN BODY. The human body contains, among other constituents, about two pounds of phosphorus, which is essential to the health of bones and the vigor of the brain. This phosphorus, if extracted and put to other use, would make up about four thousand packages of friction matches.

Besides phosphorus, the body contains a few ounces of sodium and half an ounce of potassium. The quantity of the latter would be sufficient for many experiments in a class in chemistry.

In addition to sodium and potassium there are a few grains of magnesium, enough to make the silver rain for a family's stock of rockets on a Fourth of July evening or to create a brilliant light visible at a considerable distance.

WHERE AUTOS MUST HAVE HORSES. The small city of Odder, Denmark, a place of some 4,000 inhabitants, still refuse to allow the motor car to use its roads. Motorists passing through the town have to procure a horse to draw their cars through the streets, and those guilty of contraventions of this regulation are heavily fined.

RACE TRACK GAMBLING

OTTAWA, January 4.—That Progress was being made in checking the traffic in women throughout Canada, but that race track gambling continued to do as much harm as ever, was the statement of Rev. Dr. Shearer, secretary of social and moral reform of the Presbyterian church in Canada, who is in Ottawa today. Dr. Shearer could see no advance in connection with race track gambling even though the social and moral reform people had fought so hard for its abolition.

BOSTON NEWS AND JOTTINGS

from Note-Book, by the Habitual Frequenter. Back again after a rest. A rest from the amateur reportorial ranks, not from my daily clerical tasks. The weather in the Whirling Hub is somewhat like the "Good Old Summer-Timer." One day recently the thermometer, which is looked so scornfully at in the summer-time, soared up to the 65 degree mark. Many were seen on the streets; and many in other places were glad to be out in such beautiful weather and believe they had done their summer's paralytic again. Only 41 passing salutes was not overheard so much as in the sweltering heat. When shall you be ready to take another dip in the briny ocean? The girls especially were seen automobiling and taking strolls about and remarking what a beautiful day for us to wear our new winter bonnets and to do some Christmas shopping. The Boston Chamber of Commerce and Retail Board of Trade used a scheme to have the Christmas shoppers do their shopping early. In thousands of conspicuous places and on the front and rear of electric cars this sign blazed forth: Do Your Christmas Shopping Early. There is one thing about it which meant no doubt for the ladies to do theirs for Hubby could do his early and in a very short time. All Hubby would have to do is produce the necessary Greenback and the Mistress would go on her way rejoicing. The football season has drawn for the end of the football season. Harvard and Yale at Cambridge fought for victory but neither side could push or kick the ball over the goal line. 45,000 cheering favorites assembled within the walls of the massive structure and waved their banners to and fro for the Blue of Yale and the Red of Harvard. Many enthusiastic admirers and alumni graduates could not gain admission, but remained outside of the gates and listened to the echoes of the myriads inside when their favorite team came within scoring distance of placing the ball over or below the goal posts. It would take the bulk of the population of the Garden of the Gulf to make up and equal the crowd that gained admission and those who could not at this annual battle between the two greatest football rivals in history. Boston society folks turned out in numbers and there was many visitors from all parts of the country. Guests were also present from Ottawa. Hockey is now getting popular at the Boston Arena. Many new clubs have organized and are preparing to give the champs from across the border a few tricks in putting the "puck" into the cage. The first Canadian team that visited here was defeated by 3 goals to 1. It is up to the stars across the border to uphold their hockey reputation by sending teams of fighting calibre to compete with the Hub teams this year for the title. Many provincialists would say they are showing some spirit on the ice arena. Many provincialists would say the Garden of the Gulf champs give a warm reception should they play a game in the Hub this season. One of the recent appointments to the Judicial Bench of the Commonwealth of Massachusetts by Governor Foss is Hugo Dubuque. Mr. Dubuque is a Canadian by birth and a graduate of Boston University Law School. He is a member of a number of clubs and is prominent in social circles, and also a great friend of Sir Wilfrid Laurier.
