## Notre Dame Alumnae Celebrates Mary's Day

Planning To Build

On Saturday, May 7th, "Mary's Day" was observed by the Alumnae Members at Notre Dame Academy, Mass. was celebrated in the Convent Chapel at 7.30 A.M. by Rev. J. W. McCordie. During Mass Marian hymns were beautifully rendered by Notre Dame Choir, after which breakfast was served in Sodality Hall. This was followed by a business meeting at which the President, Mrs. Fred Coyle, reviewed the activities carried on by the Alumnae since the last general meeting.

In the afternoon at 3 o'clock Benediction of the Most Blessed Sacrament was given by Rev. Edward Baldwin, C. S. B. R., who also spoke to the Alumnae on the origin and efficacy of the Rosary. The members then gathered in Sodality Hall for afternoon tea, which was followed by a programme appropriate to the day.

In her opening address, Mary's Day Chairman, Miss Iphigene Arsenault, emphasized the fact that Mary's Day precedes the day set apart throughout the land on which to pay tribute to our dear earthly Mothers, dwelling on the golden opportunity thus afforded us to make intercession for them with Mary Immaculate, our heavenly Mother. A piano duet by Maureen Blake and Florence Callaghan, two vocal solos by Joan Murnaghan as well as a piano solo by Maureen Blake delighted the gathering. Two interesting papers on "Our Lady of the Cape" and "Notre Dame de Bon Secours" were read by Mrs. Fred Coyle and Miss Madelyn Clarkin respectively. The latter paper was compiled by Rev. Sister St. Mary Raymond, C.N.D. Reverend Mother Superior's delightful commentaries on both papers added still further to their interest. The singing of the Alumnae Hymn concluded the day's programme.

# "C"-DAY

Join the **CRUSADE AGAINST CANCER**

"C" Day represents the day when man has finally conquered Cancer. No one knows just when that blessed day will come—but, come it will.

Everything and anything that is done, individually and collectively, to bring "C" Day one precious second nearer, means millions of lives will be saved.

Science, research, medicine and education will relentlessly wage the Crusade against CANCER until the battle is won.

You can play a part in bringing "C" Day nearer. Join the Crusade against Cancer. Become a member of the Canadian Cancer Society.

The Prince Edward Island Division of the Cancer Society is conducting a drive for \$10,000. Voluntary canvassing groups throughout the province are preparing now to reach this minimum goal. The funds derived will be used for distribution of literature, newspaper and radio publicity and educational material designed to help conquer cancer with knowledge.

This vital educational work must go on, because statistics prove that most of our people can be saved from cancer if their symptoms are recognized and treated in the earlier stages. Some citizens may not be reached by direct canvass, but will wish to support this worthy cause.
