### Alcoholism Can Be Cured.

Rev. Father Quinlivan's Opinion of the New Antidote.

The good points of this new discovery for the cure of the liquor habit, in my opinion, are the following:—First, if taken according to directions, it completely removes all craving for liquor in the short space of three days; its use for a longer time is intended only to build up the system. Second, it leaves no bad after-effects, but, on the contrary, aids in every way the health of the patient whilst freeing him from the desire for drink. Third, the patient may use it without interfering with his business or leaving his home. All other liquor cures I have yet heard of are very costly, operate slowly, are doubtful as to effects, and often impair the health and constitution of the patient. I therefore look upon this remedy as a real boon, recommend it heartily to all concerned, and bespeak for it here in Montreal and elsewhere every success.—J. Quinlivan, S. S., pastor of St. Patrick's, Montreal.
