Island Ignored In New King Cabinet

Declares Britain Must Control The Mediterranean

Churchill Reveals Danger Of German Rearmament In House Of Commons Speech.

(C. P. Cable, By Guardian's Special Wire)
LONDON, Oct. 24.—Winston Churchill, veteran of many Conservative cabinets, told the House of Commons today Great Britain must maintain command of the Mediterranean Sea and warned that "the whole of Germany is an armed camp."
"We must without delay provide for secure and lasting command of the Mediterranean," said Churchill amid loud cheers.
As for the imposition of sanctions against Italy for her aggression in Ethiopia, he concluded: "Despite difficulties and dangers, the case for perseverance holds the field."

RACKETEER DIES FROM WOUND

Dutch Schultz Victim Of Rival Mobsters, Who Shot and Killed Two Of His Henchmen.

(A. P. By Guardian's Special Wire)
NEWARK, N. J., Oct. 24.—Arthur Flegenheimer, the "Dutch Schultz" of prohibition racketeering fame, died tonight in City Hospital from the bullet wound he received in the raking gunfire of rival mobsters who shot and killed two of his henchmen and wounded another in a raid on a downtown cash Schultz died at 8:35 P. M. authorities at the hospital said.
Otto Berman and Leo Frank, two of the gang chief's lieutenants died earlier today.
The Rev. Cornelius J. McInerney, Roman Catholic priest whom Schultz had called to the hospital this afternoon was at his bedside with Schultz's wife, mother and sister, Mrs. Helen Ursprung.
Father McInerney, who had known Schultz for 15 years, had applied him, heard his confession, and as surgeons prepared for the second blood transfusion, had administered the Sacrament of Extreme Unction.
The two gangsters killed in the Newark gunfire were identified as Otto Berman and Abraham Landau. The former known also as Berman, was 46, and acted as a truck handicapper. Landau, 40, first gave the name of Leo Frank. After his death police identified him from fingerprints as Landau and said he was a power in the Mumbars racket in New York.
His association with Schultz strengthened the police theory that Schultz and his aides were attacked in a continuation of the warfare over control of the policy racket in New York and Brooklyn, which had taken seven lives in the metropolis before the assault on Schultz.
New York police concentrated on a search for Albert Stern, 21, alias Stein, described as a killer as ruthless as the late Vincent Coll. Stern, they said, was also wanted for questioning about the hatchet killing Wednesday of "Pretty Louie" Amberg, Brooklyn gangster.
Police also turned to Central New York State after Martin Krompfer, Schultz henchman who dropped in the New York shooting, admitted he had telephoned to Troy, N.Y., five minutes before he fell seriously wounded. Samuel Gold, a bookmaker, who was with Krompfer in the barber shop, was hit three times.
A mysterious "Ethel," who sent Schultz a telegram from Syracuse, N.Y., was also sought.
A stolen sedan, believed to have been used by the mobsters who tried to kill Schultz, was found abandoned.

Emperor Warns Gorrahei Must Be Held At All Costs

Huge Ethiopian Army In Webbe Shibeli Valley Reported Attacking Native Troops Of Gen. Graziani.

(By Christian Ozanne, Havas Staff Writer)
(Copyright 1935 By The Havas News Agency)
(By Guardian's Special Wire)
ADDIS ABABA, Oct. 23.—(C. P. Havas)—A battle was raging tonight on the southeast front, with Ethiopian forces outnumbering the Italian troops two to one, according to reports received here.
Unconfirmed messages from the area north of that sector stated that a muddled Italian detachment had entered British Somaliland in the mistaken belief that it was operating in Ogaden Province.
Emperor Haile Selassie sent word to Ras Desta Demtu, his son-in-law in command of the troops in the Webbe Shibeli Valley, that strategic Gorrahei must be held at all costs. Ras Desta was reported to have 300,000 warriors in the field to match the 140,000 trained native and white troops and the superior equipment of Gen. Rodolfo Graziani.
Departure of Count Luigi Vincio-Gigliucci, head of the now-disbanding Italian Legation here will be delayed further because the Count awaits, has fallen ill on his way to this city, it was learned.
Tribal fighters in the armies of Ras Desta Demtu and Ras Nassibu are advancing toward Gorrahei in forced marches. Anxiety was expressed here when it was learned that only 1,000 Ethiopian warriors are now stationed at the settlement.
The Webbe Shibeli Valley battle was believed to be the prelude to a major engagement along the Fafan River, whose navigable length Gorrahei commands. Reports received here said Ras Desta Demtu had swung his forces into a counter-offensive against native troops under command of General Graziani in a drive to recapture tactically important points taken by the Italians several days ago.
Military experts predicted Ras Desta would move his troops northward from the Webbe Shibeli to the Fafan River Valley if he won his present objective.
Ras Nassibu, co-commander in the southeast, arrived at Harar today while his main army was advancing toward Gorrahei. It was believed in some quarters that he was seeking reinforcements.
Troops from Harar were expected to arrive at Jijiga, in northern Ogaden Province, tomorrow. From that point they will move due south to protect Ras Desta Demtu's left wing, it was said.
The Ethiopian government today received a message from Italian Legation members who left here Oct. 12, expressing appreciation for the protection afforded them in their trip to French Somaliland.
ADDIS ABABA, Oct. 24.—(C. P. Havas)—A sudden and unseasonable down-pour of rain has turned the arid wastes of Ogaden Province into a steaming swamp and has temporarily checked heavy fighting.

U.S. ACCEPTS BRITISH INVITATION

Naval Conference Will Be Held In London Beginning Dec. 2.

(A. P. By Guardian's Special Wire)
WASHINGTON, Oct. 24.—The United States formally consented tonight to join with Britain, France, Japan and Italy in an attempt to salvage something from the expiring Washington and London naval limitation treaties.
It accepted with alacrity an invitation by the British Government to participate in a naval conference in London, beginning Dec. 2, aimed at extending the principles of naval restrictions incorporated in the pact which expires with 1936.
Simultaneously on another foreign affairs front, it was disclosed that President Roosevelt and Secretary of State Hull agreed at a series of conferences today on the substance of a reply to the League of Nations invitation for comment on its sanctions against Italy.
It was learned on good authority that their decision, as it now stands, was to dispatch merely a recapitulation of the action taken by the United States under its new neutrality law. The reply would contain no comment whatever on the League's proposed steps toward halting the East African conflict.
The projected London naval parity, it was conceded here, will face many obstacles to any major accomplishment. In fact, the opinion was expressed among some observers that the conference was called at this time merely to conform to the provisions of the Washington and London treaties which stipulate such a conference shall be held one year before their expiration.
These sources expressed the belief that the proceedings might be more or less perfunctory, with a

Departments Merged Under 16 Ministers, With Hon. C.A. Dunning As Finance Minister.

(C. P. By Guardian's Special Wire)
OTTAWA, Oct. 24.—A Liberal Government of 16 members headed by Rt. Hon. W. L. Mackenzie King was sworn into office today to succeed the Conservative administration of Rt. Hon. R. B. Bennett, defeated at the polls nine days ago.
With several departments merged as an economy move, the Liberal administration will consist of only 16 men, compared with 21 for the Bennett cabinet at the time of dissolution.
One of the features of the cabinet slate was the return of Hon. C. A. Dunning to the finance department after five years on the political sidelines as a result of his defeat in the 1930 election. He was expected to enter the House through a Quebec seat, being the English-speaking representative from that province.
Only one portfolio, agriculture, was not filled tonight and Prime Minister King announced he had offered it to Premier Gardiner of Saskatchewan. A reply from the Western government leader was expected in a day or two.
Prime Minister King was sworn into office late this afternoon by Chief Justice Sir Lyman Duff, shortly after resignation of Mr. Bennett. The cabinet members were not sworn in until 10:30 p. m. E. S. T. tonight.
In a statement to the press tonight, Mr. King announced he would establish a system of under secretaries, patterned after that in vogue in the United Kingdom. It will be designed to train younger men in departmental routine and take some of the load from the ministers.
The Prime Minister reiterated his intention of calling a Dominion-provincial conference as soon as possible to discuss constitutional, financial and social problems. He said it would be discussed with

SOOTHSAYER WARNS NEGUS

Selassie Will Not Depart For Dessye Until After November 2.

(A. P. By Guardian's Special Wire)
ADDIS ABABA, Oct. 23.—Emperor Haile Selassie was advised today by his principal oracle and soothsayer that if he went to Dessye before his coronation anniversary Nov. 2, evil might befall. The soothsayer, reading omens, told the Emperor if he waited until after Nov. 2, Ethiopia's battle against Italy surely would be crowned with success.
The Emperor, thereupon decided to observe his coronation ceremony Nov. 2 and, on Nov. 3, to participate in the elaborate festival of St. George, the army's patron saint, and depart for Dessye afterward.

German Prof. Wins Nobel Prize

(A. P. By Guardian's Special Wire)
STOCKHOLM, Sweden, Oct. 24.—The Nobel prize in medicine today was awarded to the German professor, Hans Spemann, professor of zoology in the University of Freiburg.
The award carries with it 160,000 kroner—about \$42,000.
Dr. Spemann was awarded the prize for his discoveries in connection with embryonic evolution.

Mussolini Orders Withdrawal Of Libyan Troops

One Division Will Be Sent Home As A Goodwill Gesture To Britain—Duce Seeks Legalisation Of Ethiopian Conquests.

(By John Evans Associated Press Foreign Staff)
ROME, Oct. 24.—Italy made a definite gesture of goodwill toward Great Britain tonight by ordering the withdrawal of one division of soldiers from Libya but at the same time a spokesman asserted settlement of the Ethiopian war would be difficult "as long as the sanctionist machine works at Geneva."
Discussing the removal of the troops, which have been concentrated upon the border of Egypt, a fact Britain regarded as a threat, the spokesman said:
"Our actions have been taken on our own initiative. Italy hopes the move will be interpreted as a friendly gesture."
But vestiges of anti-British feeling lingered in official circles. These described the speech to Parliament yesterday of Anthony Eden, British Minister for League Affairs, as "much more rigid and less conciliatory" than the address Tuesday of Sir Samuel Hoare, Foreign Secretary.
The steamer Samio, capable of carrying 2,000 troops, sailed from Naples tonight for Libya under orders to be ready to take off contingents of the Metaxa division.
These troops are expected to be returned to Italy as a demonstration of Italy's willingness to reduce her Libyan garrisons in return for a possible withdrawal of Britain's naval might now massed in the Mediterranean.
A government spokesman said Mussolini's gesture in Libya represents "a major contribution" to the solution of the problem of peace, not only in Europe but also in East Africa.
The matter, of course, does not dispose of the Italo-Ethiopian dispute. But in informed quarters belief was expressed that it lays a foundation for a solution, impossible so long as tension existed between Italy and Britain.
"The men to be withdrawn are members of the Metaxa division, the 'dark horse' among Italy's colonial troops. Their departure from Italy was never officially announced and they sailed after Britain had reinforced her Mediterranean fleet.
How many men will be left behind patrolling the border of Libya was not disclosed. Unofficial information, however, places the strength of the present Libyan garrison at 80,000 Italian and native troops.
Mussolini started a drive against sanctions today in his campaign.

Province Of Chahar To Be Independent

(By Guardian's Special Wire)
TOKYO, Oct. 24.—Chahar Province will be incorporated within the next two weeks in Manchoukuo or set up as autonomous Province preliminary to such incorporation, it was reported by reliable sources here today.
The Mongol Prince Toowan is scheduled to become chairman of the new autonomous regime in Chahar, it is understood. The 42-year-old Prince was educated in Peiping and formerly enjoyed support of Marshal Chiang Kai-Shek, commander of the Nanking government's forces.
Meanwhile agitation for autonomy was reported by the Japanese press to be spreading through Northern China, and especially in Hopei Province. Peasants were said to be revolting against the Kuomintang and especially against the authority of Chiang Kai-Shek. Authorities here, however, expressed belief the uprising was less serious than reported.

Death Of Lord Morris, Former Nfld. Premier

(C. P. By Guardian's Special Wire)
NEWFOUNDLAND, Oct. 24.—A link with Newfoundland's political history was snapped here today with the death of Baron Morris, Premier of the former dominion for many years including the great war period.
Lord Morris, who had lived quietly here since his retirement from public life in 1918 when he was created a Baron, was 76. He had been ill for a long while.
His son, Hon. Michael William Morris, B.A., born in 1903, succeeds to the title as the second Baron Morris. Lady Morris, the former Isabel Langrishe Legallia, died last year. A daughter survives.
Edward Patrick Morris was born at St. John's, Nfld., on May 8, 1859, and was educated at Bonaventure College there and at University of Ottawa. He was called to the Newfoundland Bar in 1888.

NEW PEACE PROPOSALS FORMULATED

Copyright, 1935,
By The Havas News Agency
(By Guardian's Special Wire)
ROME, Oct. 24.—New peace proposals for settling the Italo-Ethiopian quarrel, which would give Ethiopia an outlet to the sea by making Assab, Eritrea, a free port, was understood tonight in informed quarters to have been prepared by Premier Mussolini.
These quarters said the plan provided:
1.—All Ethiopia to be submitted to international control in one form or another, according to the territories involved.
2.—League of Nations control of Ethiopia proper (the ancient Abyssinia, including Addis Ababa).
3.—Control by Italy of the provinces in which she is given rights by the treaties of 1906 and 1926.
4.—Respect of British rights in the Lake Tana region.
5.—Tigre Province (now partly occupied by an Italian army) to become Italian territory.
6.—All Ethiopia to be disarmed.
7.—Assab, in Eritrea, to become Ethiopia's outlet to the sea.
Diplomatic negotiations tonight were understood to be at a standstill because no technical method has yet been devised to approach the practical stage. Whether a settlement should be found through Geneva or by three-power negotiations between Britain, France and Italy remained undecided.
It was formally denied tonight that Mussolini had asked suspension of economic penalties against Italy while peace negotiations are in progress.

Thanksgiving Day Observed At Fireside

(C. P. By Guardian's Special Wire)
HALIFAX, Oct. 24.—Thanksgiving Day was observed at the fireside in the Maritime Provinces.
Bleak October weather and a chill wind made the out-of-doors undesirable and the fact it was a Thursday defeated all camping week-ends.
Only one hunting accident was reported. A bullet went through the hand of Clarence McInnis while he was chasing deer in Cape Breton.
A huge Charlottetown crowd attended a Thanksgiving service at Trinity United Church where the harvest season was celebrated at the same time. The church was artistically decorated with a colorful display of Prince Edward Island's harvest—grain, fruit and vegetables.
There was little athletic activity in the two provinces at Glace Bay, Dalhousie University was defeated by Oaledonia 29-0. There were several soccer games in Halifax.
