ESAU WOOD AND HIS WOOD SAW

You can do queer things with the English language, as we have more than once given examples to prove.

Oh, the wood Wood would saw! And oh, the wood saw with which Wood would saw wood!

But one day Wood's wood saw would saw no wood, and thus the wood Wood would saw if Wood's wood saw would saw wood.

Now, Wood would saw wood with a wood saw that would saw wood, so Esau sought a saw that would saw wood.

In fact, of all the wood saws Wood ever saw saw Wood Wood never saw a wood saw that would saw wood as the wood saw Wood saw saw wood would saw wood, and I never saw a wood saw that would saw as the wood saw Wood saw wood until I saw Esau Wood saw wood with the wood saw Wood saw saw wood.

Now Wood saws wood with the wood saw Wood saw saw wood.

Oh, the wood the wood saw Wood saw would saw!

Oh, the wood Wood's woodshed would shed when Wood would saw saw wood with the wood saw Wood saw wood!

Finally, no man knows how much wood the wood saw Wood saw would saw would saw, if the wood saw Wood saw would saw all the wood the wood the wood saw Wood saw wood.

A WEDDING IN GALILEE

Marriage in the ancient cities of Galilee has an element of surprise for both bride and bridegroom; they are not permitted to see each other until after the ceremony.

A golden silence prevailed for long intervals while the guests smoked the nargile, or Turkish pipe, three or four of which sufficed for the company.

The silence melted into sonorous Hebrew, spoken or half chanted, with rising and falling inflections—until at last, like a rest in music, came the solemn pause and the great moment.

The rabbi then entered the room of the women, where Esther the bride, stood waiting bashfully, her face covered with a long veil, and gave her the end of the kerchief.

There was no sign of love between the two betrothed, as between lovers in the West, but in order to annul the marriage it would be necessary to obtain the consent of a tribunal of rabbis.

PHOSPHATE INDUSTRY OF OCEAN ISLAND.

Ocean Island, a tiny dot on the Pacific Ocean, only five miles in circumference, is the richest tract of land, for its size, under the British flag.

With an office on a back street in Sydney, New South Wales, had a buff colored irregular shaped piece of rock to keep its doors open.

A STUDY OF THE CHARMS AND SPELLS OF AFGHANISTAN

The charms of Afghanistan have, in most cases, been written by Mullahs or Faqueers, and the people place an unquestioning belief and unflinching trust in them.

Many people will sit down in meditation before a grave, and, by holding their breath as long as possible, derive inspiration from a saint.

Cuffs are very tight.
The tiered skirt is smart.
Dotted material is a favorite.
Belts continue to be string-like.

Yes, the world has much to sadden. And to make the way seem long. But there, too, is much to gladden.
