## France States Stand On Disarmament

### N. B. Growers Worried Over P. E. I. Competition

#### 25 Cent Premium In New York And Phila. On Island Tubers.

WOODSTOCK, N. B., Sept. 28.—(C.P.)—Local potato growers were cheered today by an announcement arrangements had been made for shipment of a cargo to Cuba. It is understood the full purchase price was deposited in advance at a local bank. The shipment will consist of 20,000 bags and 3,000 barrels.

New Brunswick Potato Shippers had been fearful their Cuban market would be shut off owing to troubled conditions there and a threatened boycott resulting from former President Machado's presence in Canada. They also see a possibility that Prince Edward Island growers will take advantage of existing conditions to ship by water to New York and Philadelphia, where their stock commands a 25 cent premium, leaving the Cuban market for New Brunswick.

### Final Sessions Of W.M.S. Conference

#### Meeting Concluded Last Evening — Mrs. Clark Elliot, Sussex, N. B. Is New President.

The final sessions of the W.M.S. Eastern Division, of the Presbyterian Church in Canada were held yesterday at St. James Church. At the afternoon session various committees reported. Mrs. Clark Elliot, Sussex, New Brunswick, was elected president for the ensuing year. At the evening service an inspiring sermon was preached by Rev. Dr. Norman MacLeod, Brockville, Ont.

#### FOURTH SESSION

Thursday, Sept. 28th, 10 a.m. Meeting opened by singing 207, "Zion's King Shall Reign Victorious." Prayer by Mrs. Tucker, President of Picou Presbyterian, Scripture reading, St. John's Gospel, chapter 15.

Minutes of yesterday afternoon's meeting read by Mrs. F. A. A. Mutch, Recording Secretary. By motion adopted. Extracts from the Foreign Mission Report by Mrs. Alex. Falconer.

The work of Foreign Missions is progressing favorably. There are many among our people who need to be reminded of the various obligations to our foreign work. We must not lose interest and enthusiasm in the Lord's work. If we have

not done our part we would do well to examine ourselves and see wherein we have been remiss. In British Guiana, the only Canadian Missionary at the present time is Miss Aird, who is financed by our Society.

News from Japan is always cheerful and optimistic. There is perfect harmony and co-operation among the missionaries. Their annual report is compiled in book form. Several copies of 1932 have reached us and one has been placed in each Presbyterian with the hope that they would be studied and passed on to the various auxiliaries. In those reports are illustrations and information that are both instructive and inspirational and should arouse fresh interest in the work.

#### FOREIGN MISSION REPORT

Mr. Young (Rev. Luther) gives a history of the beginning of this mission and how it is continued by our church. This is all informative and should be preserved for future reference.

Miss McLean's report tells of the

### DE VALERA GOVERNMENT GAINS VICTORY

#### Former Minister of Defence Denies Being In Conversation With British War Minister.

(Associated Press)

DUBLIN, Sept. 28.—The De Valera Government, with the help of Labor votes, tonight gained its first victory in the Dail Eireann over the new United Ireland Party on a censure motion by a vote of 80 to 65.

The new party is headed by William T. Cosgrave, former President and political opponent of President Eamon De Valera.

The censure motion, introduced by Frank McDermott, another United Party Leader, attempted to criticize the Government for re-instituting the Public Safety Act.

#### The Motion

The motion read, that in the opinion of the Dail, the Government's use of the constitution act of 1931 has been unjust and offensive and is deserving of censure.

### Lord MacMillan In Farewell Address

(Canadian Press)

OTTAWA, Sept. 28.—The need for a system of domestic economy which will function successfully in the "British family" of nations was emphasized by Lord MacMillan, Chairman of the Royal Commission on Banking, in a farewell address to the Canadian Club here today.

The British Commonwealth, he asserted, had received an heritage the like of which no other nation possessed. Within the British family of nations could be found everything which was necessary to the building up of a happy and prosperous people. But the right system of domestic economy must be found. Surely, he said, human wisdom guided by Divine Providence would be able to furnish the solution.

### Communist Meeting Halted

(Canadian Press)

MONTREAL, Sept. 28.—Described by police as the most serious anti-Communist demonstration in the history of Montreal, a crowd of 5,000 men tonight broke up a scheduled meeting of a group of Communists here. Violent fist fighting broke out but none was seriously injured.

The meeting was called for the Technocracy Educational Conference Hall but no speeches could be delivered, the "anti" suddenly converging from all directions. In a few minutes there was a general melee on the streets.

### MAKES HEATED DENIAL OF NAZI CHARGE

#### German Laborer Denies All Knowledge of Communist Plot to Burn Reichstag.

By W. E. Brockmann, Associated Press Staff Writer.

LEIPZIG, Germany, Sept. 28.—(A.P.)—A squad of storm troopers waited in the marble lobby below the Supreme Court room, today as Paul Zachow, a laborer, made a terrified denial he ever incited Marinus Van Der Lubbe to set the series of fires culminating in the Reichstag blaze, for which the Dutchman and four others are on trial here.

#### Fourteen Witnesses

The storm troopers escorted 14 witnesses here from Berlin to testify in the Court's attempt to probe an alleged Communist plot behind the Reichstag fire. Van Der Lubbe begrudgingly admitted earlier this week he had soaked rags in gasoline and fired three places in Berlin before the Parliament Building blaze. Zachow, apparently scared, told the court, "I am a good German. I have suffered enough."

#### "Bridge to Moscow"

The laborer had been accused by Ernst Panknin, a Nationalist laborer, whose charges were cited by the prosecutor as showing a "bridge to Moscow." Panknin was held in the protective custody and will be so guarded during all his stay in Leipzig.

Two of the witnesses brought here are Communists being detained in a concentration camp.

One witness, Eugene Pfeiffer, a window blind maker, testified he had heard Van Der Lubbe claim to be a Communist and express the opinion something should be done to curb the Nazis.

### Prepare For War Debt Discussions

(Associated Press)

WASHINGTON, Sept. 28.—An atmosphere of business instead of diplomacy will surround the war debt discussions that begin here next week with representatives of the British Government.

It was disclosed today they will be conducted by Dean Acheson, Undersecretary of the Treasury, and Frederick Livesey, an economic advisor of the State Department, in the treasury building. The British spokesman will be Sir Frederick Leith-Ross who sailed yesterday from England.

In putting the negotiations in the hands of the Treasury, the Government returned to a policy followed in the early days of the debt problem. Under President Woodrow Wilson, the debts were regarded as a treasury matter.

### Re-Armament Of Germany Not In Line With Policy

#### French View Of British Disarmament Plan Is Waited — Japan To Withhold Judgement

(Canadian Press and Associated Press Cable)

GENEVA, Sept. 28.—France cannot sponsor any re-armament of Germany, Joseph Paul-Boncour, the French Foreign Minister, made plain today in the course of a conference with Konstantin Von Neurath, German Foreign Minister. The latter goes to Berlin tomorrow to submit the British, French and Italian disarmament proposals to his chief, Chancellor Adolf Hitler.

The uncompromising French viewpoint was expressed not long after Dr. Joseph Goebbels, German Minister of Propaganda and Hitler's right hand man, had told news paper correspondents his country should be treated as an honest partner in the reconstruction of a peaceful Europe. "To infer Germany desires war," said Dr. Goebbels, "is short-sighted and discouraging in view of the fact that everywhere else there is no disarmament, but re-armament."

#### French Plan

With the League Assembly not meeting the disarmament talks took first place today. All the discussions centre on the French trimmings to the British Disarmament Plan, which has already been accepted by the World Disarmament Conference as the basis of discussion. France proposes a four-year "standstill" period before there is further actual disarmament, and during this period she would have the armaments of each country automatically inspected at regular intervals.

It was learned authoritatively the French Foreign Minister had urged Germany to join the peace

### Russia Refuses Offer

#### Will Not Consider Signing World Wheat Agreement on Present Terms.

(By Albert W. Wilson)

(Associated Press Staff Writer)  
LONDON, Sept. 28.—(A.P.)—Russia again flatly refused today to be drawn into the world wheat agreement despite an offer by Canada and the United States to let the Soviet Union share with them any possible extension during the next year of the limit now set for world exports.

The North American countries already had been promised by the

### Renewed Disorders Break Out In Matanzas Prov.

(By Edmund A. Chester, Associated Press Staff Writer)

HAVANA, Sept. 28.—Renewed disorders flared in Matanzas Province today to plague the Grau San Martin Government as striking workers seized Yumuri Match and Cigarette Factory at Matanzas City.

More trouble was reported at the town of San Jose de Los Remedios, where armed bandits were reported sacking farmers' homes. The mayor of the town sent out a call for troops.

In Colon three Communist leaders were arrested following an attempt to burn a Roman Catholic Church. Authorities said they had seized a quantity of literature at Communist headquarters.

Strikers refused to let anyone

enter the match company property at Matanzas. The seizure climaxed several days of disorders at the plant during which one girl worker was wounded and 14 were stripped of their clothing by male workers. The Government apparently was willing to let political negotiations go by the boards for the time being, as only reports of an impending military revolt in Camaguey Province and the problem of ousting the nearly 500 army and navy officers from the National Hotel here otherwise annoyed the officials.

Approximately 200 soldiers equipped with 27 machine guns arrived at Camaguey from Havana, but the Government said they were sent there to guard sugar mill properties.

### Expect Increased Lumber Activity

(Canadian Press)

KENNETCOOK CORNER, N. S., Sept. 28.—Increased activity in Nova Scotia's lumber industry this winter was forecast today by Hon. A. S. MacMillan, Minister of Highways. Addressing a gathering of Liberals here, the Minister expressed confidence in efforts of the Provincial Government to find wider markets for Nova Scotia timber.

It was hoped that new markets would be found by W. McL. Robertson, who sails for England Saturday as the Government's lumber envoy. Then later, he asserted, the Government would seek European markets for many other products of this Province.

### The Weather, Etc

THE WAY OF THE TRANSgressor MAY BE HARD BUT IT'S NEVER LONESOME!

Moderate, light winds; partly cloudy with much the same temperature; probably a few light scattered showers.

(Canadian Press)

METEOROLOGICAL OFFICE, Toronto, Sept. 28.—Minimum and maximum temperatures:

Dawson	34	44
Edmonton	31	38
Victoria	50	54
Vancouver	52	54
Edmonton	32	38
Regina	32	38
Brandon	32	38
Kingston	32	38
London	32	38

### Uncover Medical Racket

#### R. C. M. P. Investigate Alleged Medical Racket Carried On in Maritimes.

(Canadian Press)

OTTAWA, Sept. 28.—New Canadian Mounted Police headquarters believe a medical racket is being worked among farmers in the Maritimes and possibly other sections of Canada. A warrant has been issued for a man giving the name of Dr. A. R. Macumber, of Montreal, to whom G. Enos Dares of Rhodes Corner, N. S. said he paid \$987 for an operation on his eyes.

According to Dares, the operation, which lasted 15 minutes, consisted of the doctor squirting a few drops from a bottle under the eyelid and

### Three Candidates For Mayor Of New York?

NEW YORK, Sept. 28.—(A.P.)—New Yorkers went to bed again tonight without knowing whether they would have a choice of two or three candidate for Mayor this November.

After a day of feverish conferences, smiling young Joseph V. McKee, Independent Democrat who had been expected to make known this afternoon whether he would enter the contest, announced late in the evening that he would not state his position until tomorrow morning.

### Bank Robbed

(Canadian Press)

MONTREAL, Sept. 28.—Police tonight were combing the Montreal underworld for two youthful bandits who today held up the manager and two employees of the St. Catherine and Jeanne d'Arc branch of the Royal Bank of Canada and quietly departed with \$3,000.

Ten thousand steel workers were idle along the West Virginia "pan-handle" at the Clarksburg, Wierton, W. Va., and the Steubenville, O., plants of the Weirton Steel Company shut down because of a dispute between the company's union and the Amalgamated Association of Iron, Steel and Tin Workers.

George Dunn, President of the Steubenville local of the Association, said the company forced men to work more than 40 hours a week in violation of the NRA code.

Fear Trouble  
Pittsburgh officers said they feared trouble if a third march of striking coal miners is directed against the Clairton, Pa., plant of the Carnegie Steel Company. More than 70,000 miners were away from the shafts, many of them spreading strike doctrine northward into Mercer and Venango counties.

At Detroit, officials of the Ford Company declined comment of the Edgewater situation. In Washington, Senator Wagner, New York Democrat, chairman of the National Labor Board, said he would seek to persuade Ford officials to reopen the Chester plant.

Strikers of the Ford Motor Company plant at Edgewater, N. J., demanded a five-day week, seven-hour day and a \$5 daily minimum wage. Strikers from the Company's closed Chester, Penn., plant urged the remainder of the 3,200 employees to walk out. The company claimed 100 men were idle, the strikers claim 600.

At Detroit, officials of the Ford Company declined comment of the Edgewater situation. In Washington, Senator Wagner, New York Democrat, chairman of the National Labor Board, said he would seek to persuade Ford officials to reopen the Chester plant.

Strikers refused to let anyone

### 100,000 Strikers Balk NRA Plans

#### 10,000 Steel Workers And 70,000 Coal Workers Stage Walkouts

(Canadian Press)

NEW YORK, Sept. 28.—A total mounting toward 100,000 strikers hampered work in the coal, steel, automobile, silk and leather industries of the United States today.

Two employees of the Shamrock Coal Company were beaten by strikers in Fayette County, Penn., and two strikers were arrested. Other strikers, numbering 100, pummeled a mine foreman because their water supplies were cut off. The home of Edwin Martin, former mine deputy for the H. C. Frick Coke Company, was dynamited while his family slept.

#### Ford Strikers

Strikers of the Ford Motor Company plant at Edgewater, N. J., demanded a five-day week, seven-hour day and a \$5 daily minimum wage. Strikers from the Company's closed Chester, Penn., plant urged the remainder of the 3,200 employees to walk out. The company claimed 100 men were idle, the strikers claim 600.

At Detroit, officials of the Ford Company declined comment of the Edgewater situation. In Washington, Senator Wagner, New York Democrat, chairman of the National Labor Board, said he would seek to persuade Ford officials to reopen the Chester plant.

Strikers refused to let anyone
