CANUCK SHINES AGAINST STAR BALL RESULTS

(Canadian Press)
TORONTO, Ont., April 29—Marcel Rainville, youthful Montreal tennis star justified the high praise bestowed on him in the United States during his recent participation in southern tournaments, by defeating WILLIAM CROCKER, also of Montreal, in straight sets in their match in the Canadian Davis Cup trials here today. The scores were 6-3, 6-2, 6-3. Rainville is ranked number 9 in Canadian tennis placing, while Crocker is number two. "B"

WOULD RACE JOE WRIGHT

(Canadian Press)
PHILADELPHIA, Penn., April 29—Ken Myers, scullery star of the Bachelor's Barge Club of Philadelphia, has accepted a challenge to race Joe Wright, Jr., of Toronto, in a special quarter mile dash, June 1, marking the opening of the new course on the Humber River in Toronto. Myers accepted the challenge because he is anxious to meet Wright before the Canadian sails for England to defend the Diamond Scull, emblematic of the World's amateur rowing championship, which he won at the Henley regatta on the Thames last year.

PALEFACE ARRIVES IN CAPE BRETON

GLACE BAY, April 29—Paleface, 200 1-4, Glace Bay's new community-owned free-for-all-aller, arrived in Sydney yesterday and is now quartered at McCowman's Racing Stables there. Paleface is the handsomest horse that ever came to Cape Breton in the opinion of scores of horsemen that saw him yesterday. A fine big upstanding horse, weighing now 1090 pounds, he is as pretty an animal as one would care to look at; with the exception of his mane and tail he is almost snow white. Charlie Sweet and Jimmy Boutiller, who brought the horse here had a fast run, leaving Hanover, Mass., last Tuesday. They were royally treated by train hands along the line who strained a point to get the horse and his attendant into Sydney as speedily as possible. Paleface will remain in Sydney and be jogged daily by Charlie Sweet, he will be brought to his new home in Glace Bay at head of what is expected will be largest parade of decorated autos in history of Cape Breton.

He has many important bouts scheduled for the outdoor season in Boston.

As Seen In Far Off Australia

The Referee, published in New South Wales, Australia, in speaking of Percy Williams, "the fastest human," says:
"It is likely that Canada won't have him long. Already his steps are being dogged by powerful athletic clubs in the United States which are seeking his services. He must maintain his amateur status, but he has his pick of several soft jobs, paying magnificent salaries. He's only a human if he accepted one of the offers, but what of the hypocrites making them, preaching purity of athletics out of one side of the mouth, and seeking to ruin youthful athletes out of the other?"
This latter sentence not only applies to Percy Williams but athletes and players near home, with clubs giving extra inducements to them while professing pure amateurism and out and out professionals reinstated by the governing body. The athlete is not as much to blame as the others responsible therefor.

A SPORTING WAGER

By W. H. GOCHER
Almost everybody at some time in their career has been a sporting wager. The most unusual that crossed my line of vision was a game of billiards for two stallions, one of which cost \$28,000 at public auction. This occurred in the latter part of the eighties when I was connected with a newspaper in New York.
At that time I had a regular assignment to go to Parkville Farm Saturday to pick up a few items of news in connection with the horses which John H. Shults had on his farm located in that suburb. In those days a trip from New York to Parkville was a very fair journey. After crossing Brooklyn Bridge in a cable car it was necessary to take a surface car to Greenwood Cemetery and from that point travel on the Coney Island railroad which stopped at Parkville and a few other points.
On the day the sporting wager was made I found W. H. Wilson of Cynthiana, Kentucky at Parkville Farm. At that time he was one of the leading breeders, his establishment being Aballah Park. Its proprietor was also usually referred to as Cynthiana Wilson to distinguish him from another branch of the Wilson family located at Rushville, Ind. where its members made horse history with the get of Blue Bull.
Kentucky also owned W. H. Wilson a debt of gratitude so far as the horse interests were concerned as he took George Wilkes to that state while he also led the way towards organizing the Kentucky Trotting Horse Breeders' Association, which is still doing business at Lexington.
When W. H. Wilson started Abdallah Park he put Indianapolis Pacing Abdallah and Smuggler in the stud. When they failed he purchased Simmons, a brother to Rosa Wilkes, from some one in Pennsylvania and went California where he secured Sultan. At that time Sultan was a leader among the sires of colt trotters but he met with but very little success in Kentucky. At the start Simmons was handicapped on account of being blind but he finally became a leader among the sires of race horses.
Wilson's trip to Parkville Farm was to interest Mr. Shults in a few trotters which he had for sale. He did not make any progress but when the pair began talking about their stallions John H. Shults proposed that he and Wilson play a fifty point game of billiards to see who would own both Simmons and Pancoast.
Wilson, who in his younger days flirted with chance in many a game on the Mississippi River steamboats, accepted the proposition and in a few minutes he and Mr. Shults had their coats off in the billiard room and were busy chalking their cues for a game that carried such a peculiar wager. I was selected to keep count and the game started.
As both players were out of practice there was very little counting for some time. As they progressed their game improved until finally they were tied at forty. From that point they moved up to forty-five when Wilson made a run of four and missed an easy shot which if he had made it would have taken Pancoast to Abdallah Park. Drops of sweat popped out on his forehead and checks as Mr. Shults ran out the game.
Nothing was said as the three of us walked out of the billiard room to the farm office. Wilson moved over toward the window that looked out on the track. After a time he turned and said "Mr. Shults, will I ship Simmons to Parkville or will you allow him to remain for the balance of this season in Kentucky where there are a number of mares booked to him?"
As he spoke Mr. Shults was lighting a cigar. Turning toward him he said: "Wilson, let Simmons remain in Kentucky. Keep your horse, I do not want him." His comment was as much a surprise to W. H. Wilson as the loss of the game. Finally he started for New York. Later on Pancoast was paralyzed by a stroke of lightning and sold. As the years rolled by a daughter of Simmons was brought to Parkville Farm and bred to Axworthy. She produced that splendid mare Hamburg Belle which placed the race record of the world at 2:01 1-4 where it remained until Tilly Brooke won at Toledo in 1919.

THE MARKETS

OTTAWA, Ont., April 29.—There has not been many price changes reported on Canadian egg markets over the weekend but the situation on the whole is tending firmer. The peak of production appears to have been reached in most parts of Saskatchewan and Manitoba.
MONTREAL, Que., April 29.—A reduction of ten cents in the price for winter wheat flour featured the produce market here today. This drop followed the reduction recently in spring wheat flour prices in consequence of the downward trend in wheat prices. Local feed oat prices were reduced one cent per bushel and the higher grades of oats two cents per bushel. Corn and wheat prices remained unchanged. Butter was a cent cheaper to the retail trade here today, jobbing houses announcing a reduction in their prices to retailers to forty cents per pound for solids, and 41 cents per pound for prints. The wholesale trade in butter was quiet, buyers deferring purchases in view of the downward trend in the present market. Asked prices in the wholesale trade were 37 cents per pound for eastern townships number one pasteurized, fresh made and 33 1-2 cents for New Zealand finest. Some western number one pasteurized was sold at 36 cents per pound. Receipts were 474 boxes. The cheese market was quiet with little business passing. There was an easy undertone to the market. Receipts were 126 boxes. Prices were unchanged. Receipts were 3,197 cases. Potato prices were higher today. There was a better feeling to the market with more activity. Supplies are light, rainy weather at loading points keeping roads in bad hauling condition, making supplies scanty. Prices advanced on track here to sixty five cents for New Brunswick Green Mountains per ninety pounds in bulk. Prince Edward Island potatoes were selling at 75 cents for whites and 80 cents for green mountains per 90 lbs. in bags.
EDMONTON—Egg receipts here have increased with fine weather prevailing. Storing operations are going on freely and the majority of eggs shipped are seconds for breaking purposes. Dealers are quoting country shippers extras 21; firsts 20; seconds 16.
VANCOUVER—There is a firmer tone on this market. Dealers are quoting producers extras 22; firsts

Ramon Novarro In a New Guise

PLAYS A PHILANDERING YOUNG LORD IN "A CERTAIN YOUNG MAN," A COMEDY ROMANCE.
Ramon Novarro—as a philandering young English lord with an infatuation complex that gets him into many a peck of trouble—is the central figure of the latest whimsical romance of the screen, in which the star makes his bow in an entirely new guise, in "A Certain Young Man," his new vehicle now at the Strand Theatre.
Ramon is introduced with moustache and monocle, in the very height of fashion in London, but after he meets THE GIRL he discards both and tries to live down his past—with results that land him in many trials and tribulations. In his escape from these a real love story comes in, as charmingly romantic as any he has ever appeared in, and all done in an ultra-modern vein. The story would do credit to a Barrie—it more than does credit to Novarro.
It starts with the adventures of a young boulevardier whose flirtations are the talk of staid old London, and when he goes to Biarritz and other Southern France playgrounds to escape too many pretty women the real romance develops. Marceline Day is the heroine, and Carmel Myers and Renee Adore play the rival charms.

19-20; pullet extras 17-18. Receipts are heavy but are being taken care of.
TORONTO—There is a firmer feeling on this market. Country shippers report sales of graded eggs at extras 31; firsts 29; seconds 24 1-2, delivered in free used cases. Quotations to country shippers for ungraded eggs are unchanged at extras 27-28; firsts 25-26; seconds 21-23, delivered, cases to be returned.
MONTREAL—The egg market here continues firm with prices holding steady. Dealers are quoting country shippers for ungraded eggs, delivered, cases returned, extras 28-30; firsts 26-27; seconds 23-25.
WINNIPEG—Egg receipts here are somewhat lighter. Dealers are quoting country shippers 1/3 for ungraded eggs, extras 25-26; firsts 23-24; seconds 20. Local breaking plants are paying 21 cents for cracks, 22-23 cts. for seconds.
BANGOR, Me., April 29.—One of the most unusual accidents of the athletic field on record occurred here when Walter H. Hall, 19, was struck by a discus throw by another student. Hall suffered two minor fractures of the skull, but is expected to recover.

O'BRIEN LOSES CANADA ADDS TO UNKNOWN ONE MILE HIGH SCHOOL TITLE

Sensational Finish To Slashing Bout At Indoor Circus—Victoria Club Very Appreciative
"Joe" O'Brien lost the first fight of his career last night at the Victoria Indoor Circus, when he fouled the great "Unknown" from New York. "Joe" led all the way until the referee called foul.
"Joe" disagreed with the decision and walloped the referee and timer, F. G. Kennedy, of Southport. A return bout is in the offing.
Another capacity attendance patronized the affair last night. The Victoria Club wishes to thank the citizens of Ch'town for the magnificent turnout. Tonight there will be step-dancing and other features and possibly "Joe" will appear again. The usual door prize will be given.

PHILADELPHIA, April 29—Canada tonight had as an addition to its long list of track and field championships the one mile high school championship of America. The Dominion had to thank R. Lewis, R. McBeath, G. Peterson and Ed Fraser, of Hamilton Collegiate Institute who Saturday, before 40,000 people defeated the best the United States had to offer turning in a new mile in the time of 3:29 2-5 at the Pennsylvania relay carnival. The Canadians were third in the two mile championship, defeated by Lakewood of Ohio and Mercerburg Academy.
By carrying off the mile title in a carnival in which three thousand athletes took part, Hamilton had revenge over the Crack Lakewood team for the 2 mile event, Lakewood was third and Kearney of New Jersey 2nd in the mile.

LONDON, April 29—It was officially announced tonight that the king would personally preside at a meeting of the Privy Council at Craigwell House May 10. The meeting will be attended by Premier Stanley Baldwin and Sir William Joynson Hicks, the Home secretary.

CHOCOLATE TO MEET LABARBA

NEW YORK, April 29—One of the most promising matches arranged for this spring is that between Kid Chocolate of Cuba, and Fidel LaBarba, former flyweight champion, which will be held at the New York Coliseum, May 21.
Bushy Graham, Utica bantam, who was disqualified for fouling Chocolate last week, is under indefinite suspension.

Huntley Gordon, Bert Roach, and others of note are in the cast. Novarro in a modern dress suit proves even more romantic than in a uniform, and probably will make modern flappers' hearts throb at an even livelier rate than in his costume pictures.
The elaborate reproductions of London town houses, British castles, the gorgeous pavilion at Biarritz, and other colorful backgrounds are elaborately constructed for the picture, one of the most ambitious Novarro vehicles of the present season.
