Murder at Amherst, N. S.

AMHERST, August 5.—Lloyd King of Tidnish was arrested this evening on a charge of murder, following a coroner's inquest on the body of Lewis Crossman.
Lewis Crossman was killed in a fight that ensued over a dispute concerning a horse belonging to King getting into Crossman's garden. Crossman, who was a man of 65 years of age, apparently did not put up much of a fight, other than he tried to save himself from the assault by King.
The unfortunate affair took place at twelve o'clock today on the main road near Tidnish, the fashionable summer resort at Amherst. The evidence disclosed the fact that King struck Crossman several times with his fist, and also kicked him about the head after he was knocked down.
Coroner W. F. Donkin, Amherst, presided at the inquest, and in addition to the evidence given by eye-witnesses, evidence was also given by Dr. Ross Miller and Dr. E. P. Atkinson, who performed the autopsy on the body of Crossman.
The evidence given by the doctors established the fact that the deceased came to his death by a severe blow in the region of the right temple.
The verdict given by the Coroner's Jury was that the deceased came to his death as a result of the blows given him by King. King, who was present at the inquest, was immediately arrested by Chief Pickers of Amherst on instructions from Crown Prosecutor J. A. Hanway of Amherst. King was brought to Amherst and lodged in the County Jail.
Crossman was a married man with a large family, and was a very respected citizen. King is also married, and has one child, and belongs to one of the best families in Tidnish.

SAD FATALITY AT SUMMERSIDE

Gasoline Explosion Causes Death of Miss Mary Perry Serious Burns to Others and Destruction of Dobson Laundry.

A terrible fatality occurred at Summerside Steam Laundry on Spring Street yesterday afternoon at five minutes after one o'clock, when a cask of gasoline exploded while being emptied into an underground tank, instantly killing one of the women employees Miss Mary Perry, and badly burning John Dobson, the proprietor and six of the employees. The injured were instantly rushed to the Prince County Hospital.
Mr. Joseph Hickey an assistant at the laundry in giving testimony at the inquest held afterwards stated that the explosion came from the mangle about eleven feet from the cask. There was an open flame from the mangle he said, and in his opinion the explosion of the gasoline was caused by this.
As soon as the explosion occurred fire broke out in the entire building, and the escape of those within was almost cut off by smoke and fire.
Miss Mary Perry, 45 years of age was instantly killed and her body burned to a crisp.
Mr. Joseph Hickey was blown into the street and the others with great difficulty found their way out, but were badly burned.
The casualties were as follows:
Burned to death.—Miss Mary Perry.
Very badly burned.—John Dobson, proprietor; Miss Irene Ahearn, Josephine Arsenault and Pearl Arsenault.
Not seriously burned.—Miss Beatrice Gallant, Mary Gallant and Joseph Hickey.
The instant the fire broke out the firemen were on the scene. They did splendid work and kept the flames from spreading to the other buildings which were very near.
Within two hours the fire was completely out, and just a shell of the building remains.
The machinery is all completely destroyed.
An inquest was held on the scene of the fire two hours later by Dr. E. T. Tanton, Coroner.
The jury was composed of the following:
James A. Morrison, (foreman), George Sudsbury, Capt. J. S. Allan, R. H. McDonald, John Matheson, D. F. McNeill.
The jury also recommended that the Town Council make inquiry regarding gasoline tanks throughout the town.

PARLIAMENT CONVENES SEPTEMBER FIRST

Ratification of the Peace Treaty Will be First Business With the Proclamation of Peace War Measures Act Will Cease to Exist and it is Expected New Liquor Measures will be Taken Up.

OTTAWA, August 5.—Parliament meets on Monday, September 1st (Labor Day), the same day the Prince of Wales will lay the cornerstone of the new parliament building.
The session is not expected to last more than four or five weeks. Ratification of the peace treaty will be the principal business.
Since prorogation on July 7th, there has been considerable correspondence with the Imperial Government in regard to the necessity of early ratification of the treaty. Already a bill to approve ratification has passed both Houses at Westminster and received a Royal assent.
With the proclamation of peace the War Measures Act will cease to exist, and with it will terminate the life of the Dominion order-in-council prohibiting manufacture, importation and inter-provincial trade in alcoholic liquors the order-in-council forbidding race track betting, and a number of others. During the session which closed a month ago, the Government brought in a bill to continue the prohibition order-in-council for twelve months at the termination of the war. But a Senate amendment to restrict the bill to the war-time period ended it. The bill failed to pass. Another bill will, therefore, be necessary.
There is further the civil service re-classification bill which was still on the order papers when parliament prorogued and there is the bill to continue the war purchasing board in operation. Both will, no doubt, again be before parliament in the coming session.
It is fully realized here that the date selected for the opening of parliament will be somewhat inconvenient for those engaged in active farming operations. But the urgency of the situation, it is emphasized, had made it necessary to take the course which has been taken.
There will thus be a double ceremony at Ottawa on the first of September. The gathering of members of parliament on that date, it is felt, will be very appropriate for the laying of the cornerstone by the Prince of Wales. Members will further be afforded an opportunity of being present.
