

One Pill

It is impossible to be well, simply impossible, if the bowels are constipated. Waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. The dose of Ayer's Pills is small, only one pill at bedtime. All vegetable.

A convincing proof of the fact that if one gives a boy a Kodak, a Kodak film, and has the film developed and printed in Johnson & Johnson's developing and printing department, one will be sure to get good results was again evidenced by the number of excellent snap-shots of the procession yesterday, which were on exhibition in the show-window of the firm last evening. The days was not by any means an ideal one for taking instantaneous exposures as the sun was very much clouded, but with the speed which the Kodak film possesses a boy of sixteen can take good pictures as already shown. The pictures will be on exhibition for a few days.

A splendid evidence of the citizens' loyalty was seen at the People's Theatre last evening. A special program had been prepared as a tribute to the late beloved monarch, the Fourth Regiment Band being the grand feature of the evening. As the picture of the great Peacemaker was thrown on the screen the band utters a responsive with the Dead March in F-sharp, played superbly. This was followed by a picture of King George V and the audience standing during the strains of God Save the King was a sight worth seeing. The other band selections were all magnificent. Mr. Caspary's singing was superb and the pictures without a fault. The management deserves the highest commendation for providing a spectacular and musical treat such as last night's.

On Monday morning an interesting race took place between the tug boat William Aitken and P. C. Brown's racing machine, Iris II. They left the head of Marine Wharf at the same time with the small craft on the inside. They kept well together until Connolly's wharf was reached, when the William Aitken crossed the end of the wharf so close that the captain of Iris II, Jimmie Williams, found he was compelled to slow down and pass the elephant on the other side. This he did and when Rocky Point was reached the Iris II had the lead of half a mile. Of course the captain of the William Aitken was surprised and will no longer doubt that the racing machine can easily make between 13 and 14 miles per hour. This is the fourth season for Iris II and she is certainly well equipped.

Spring-Cleaning

The Human System Needs It.

Mrs. M. Morgan, 411 4th Ave., E. Brainerd, Minn., writes: "I take from one to two bottles of Hood's Sarsaparilla in the spring to purify the blood, just as regularly as I do my house-cleaning, not to go around light-footed and light-headed. I believe it is the best blood purifier known."
Hood's Sarsaparilla so combines the curative principles of roots, barks and herbs as to raise them to their highest efficiency, hence its unequalled cures. Get it today. Sold by all druggists everywhere. 100 Doses \$1.
