NEVER PROVE FALSE TO A FRIEND.

Never prove false to a friend. In love and in friendship be true; Never prove false to a friend. So long as he's faithful to you; He may be dishonest, a knave. In other's opinions, but then To you he is generous and kind, And one of the noblest of men.

Is any man free from each fault, All righteous and good in his ways? Lives there a worm on earth That can be named but in praise? Never speak of a friend, To gossips keep closed your ear; An excellent rule in the main, Is to credit one-tenth what you hear.

Stand by a man in distress, When you know he is really in need; What matter if ever he falls, There is honor for you in the deed. That one may deceive you 'tis true, 'Then his and not your's the disgrace; Because we find one man untrue, Shall we wrong or distrust the whole race?

Censure a man for his faults, Give him honor when honor is due, But never prove false to a friend, So long as he's faithful to you; Never prove false to a friend, In love and friendship be true, Never prove false to a friend, So long as he's faithful to you.

A SUCCESSFUL HORSEMAN Never allows his horse to suffer pain. He always uses Nerviline which is noted for curing stiffness, rheumatism, swellings and strains. Nerviline is just as good inside as outside. For cramps, colic and internal pain it's a perfect marvel. In the good racing stables Nerviline is always used, because it makes better horses and smaller veterinary bills. Twenty-five cents buys a large bottle of Nerviline; try it.

SPRAINED HER ANKLE.

"I tripped on an icy step and sprained my right ankle very badly, writes Miss Minnie Burgovne of Greenwood. It swelled to a tremendous size and caused intense pain. I applied Polson's Nerviline and got prompt relief; the swelling was reduced, and before long I was able to use my foot." For sprains, swellings and muscular pains Nerviline is the one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nerviline. Fifty years in use.

ARTISTIC AUTUMN MILLINERY

We beg to announce that we have now in our show room, a large variety of the newest models in Fall Millinery. They are beautiful and artistic goes without saying, as our milliner Miss Walpert—after a most successful spring season—is well known to the ladies as an exceptionally clever artist in the millinery line.

Owing to an unusually large stock of Furs, and ladies' Mantles, which necessarily take up a great deal of space, we will hold no formal millinery Opening this season, as it would result in an uncomfortable crush. However a large display of unusually attractive models are now ready, and the ladies are cordially invited to come at their convenience and view the latest authentic styles as prepared by Miss Walpert and her clever assistants.

The change in the season's styles, not only includes new shapes but new materials as well, and introduces new colors and combinations. The fashionable hat is large—very large—with high crown, and brim which droops slightly, or flares high to right side. Hats with sailor brims are also good, with wide high crowns which display to advantage the new fancy bandeaux, large wings Ostrich plumes and tips now so much in vogue. A great number of the smaller shapes are on the turban order, and these are expected to be very much worn.

Satin plays an important part in the new millinery, as also Ottoman silk and lustrous velvets, with which the striking large Directoire shapes are plainly covered.

The most fashionable colors are Peacock blue, Smoke grey, Empire green tans and Brown. All black hats are excellent style, and jet effects, tinsel bandings and soutache braiding much used. Fancy hatpins are still modish on the plainer models, while on the more elaborate hats buckles—some extremely large—are much used.

We have an unusually splendid assortment of shapes in Felt, Satin, Velvet and Fur, and Miss Walpert, after her recent trip to the millinery centres is better prepared than ever to cater to the millinery wants of our customers.

We guarantee you artistic work—up-to-date materials—fair prices and correct styles; you can ask no more, and we give you no less. Leave your order today.
