Optometry

Optometry may be defined as the scientific examination of the eye and the prescribing of lenses to correct optical defects.

Formerly the examination of the eye for glasses consisted in the placing of lenses before the eyes of the patient until a seemingly suitable lense had been found.

Optometry affords scientific and precise methods whereby the conditions of the eye may be readily and accurately determined. With delicate instruments and the use of light rays the faulty condition of the eye is diagnosed.

ASQUITH DENIES RUMOR

LONDON, Jany. 4.—The Daily News says: "Strange rumors are being circulated concerning the political future of Mr. Asquith. Sir Henry Lucy is quoted by a morning paper as saying that there is still talk of Mr. Asquith going to Washington as successor to Sir Auckland Geddes at the British Embassy. Mr. Asquith, when invited by the Daily News representative yesterday to discuss the rumor said: 'As far as I know there is no truth in such a suggestion.'"

— A WESTERN TURKEY: Another proof of the efficiency of our modern transportation and mail service. On going to her mail box a few days ago, Mrs. George Schurman of New Annan, was agreeably surprised to find a parcel containing a large fat, dressed turkey, which arrived in prime condition, sent to her by her son Ray, who raises these birds extensively on his farm in Dodsland Sask. Mrs. Schurman who wished others to have a share of this foreign specimen, decided to hold a family reunion on New Year's evening at the home of her son, Mr. T. H. Schurman of New Annan, it also being the occasion of her grandson's birthday, Master Alfred Schurman. After a sumptuous repast of not only western turkey but all the delicacies of the season, the evening was spent in music, recitations, etc. Mr. [illegible] Moase added considerably to the entertainment with a few useful and many humorous speeches, the latter citations. The evening closed wishing the host and hostess, Mrs. George Schurman many happy returns, and that Mrs. Schurman may receive many such parcels.

To P. E. Island Farador People

Dear Friends,— At the commencement of my twelfth year as representative of the Farador Company, I desire to thank all who have by their good words done much to promote the use of the Farador in this province.

The Farador represents that form of treatment known as thermo-magnetic induction, and it is indeed a joy to know that thermo-magnetism is at last coming in to its own, that it is beginning to receive that recognition which it so justly merits. The Farador came into existence in 1911. Other instruments of a magnetic nature had been in use before that time, but none that could be visibly tested in the same manner as the Farador.

While many chronic ailments of a serious nature have been healed by the Farador, it is in acute ailments that the most striking cures are effected. A few months ago many were astonished at the remarkable cure of a woman in one of our local hospitals through the use of a thermo-magnetic instrument, but this created no surprise to users of the Farador, who knew that numerous cures of pneumonia and other forms of fever had long been effected by means of the Farador.

It is to be hoped that the day is not far distant when people will have sufficient wisdom to avail themselves of so great a remedy whenever threatened by any acute ailment.

Once more I would urge upon owners of Faradors the wisdom of bringing the instruments to me occasionally in order to have them tested. By so doing any defect in the cords may be at once detected and rectified.

With best wishes, I remain,
Yours for health,
W. EDGAR ENMAN.

$1.30 A Week To Feed Inmate Of York Co. Home

FREDERICTON, Jan 5—The York County Council this afternoon received the report of the managing committee of the municipal home which is located at Nashwaaksis. Councilman Seymour reported that the weekly cost per inmate for food had been $1.30 and the total weekly cost per inmate had been $3.46. Total expenditure on the home during the year had been $6,678.94.

A grant of $300 was voted the Children's Aid Society of Fredericton. There was some opposition because at times the children's home had been unable to take children from the county, but only three councillors voted against giving the same grant as before.

Administration of justice for the year cost $14,756.56, of which the city of Fredericton will pay $6,015.78 and the county, $8,740.78.

Warden G. C. Grant will be the host to the councillors and a large number of invited guests at the annual warden's dinner to be given Thursday night at the York hotel.

TO LEAVE CONSTANTINOPLE

VALETTA, Malta., Jan 4—In consequenre of the uncertain situation in Constantinople, 1,600 British subjects and Maltese will leave that city at once, it was learned here today. Of these 600 will be landed at Cyprus and the remainder brought to Malta.

LIBYAN REBELS BOMBARDED

LONDON, Jan 4—The Times quotes the Giornale d'Italia as reporting that the Italian cruiser San George, aided by airplanes has bombarded the fortifications of the rebel forces at M'asrata, on the Libyan coast of North Africa.

Notes By The Way

(Continued from page 4.)

have done by the majority vote of 1921. And verily we have our reward. The Bell Government has given us trebled taxes and starved our most needful public services. The King Government has given us heavier tax burdens than ever we suffered under before and just now has added the odious receipt tax, and this four years after the war!

Back of all this we ask our Liberal readers what have all our Liberals federal governments under Alexander Mackenzie, Sir Wilfrid Laurier or Mackenzie King ever done for Prince Edward Island? What did we ever get from them A beggarly array of empty promises! Had we never had other and better rulers than these we should be still winter cursed and ice-shackled as we were in their time, still in the narrow-gauge and iceboat stage of a miserable existence, with starved revenues and a hopeless outlook. What have our Solid Four Liberal members done for us since we sent them to Ottawa? They each get $4,000 per session for themselves but what for the province? Well, they got us the receipt tax! That is something.

Happenings Of The Week

Continued from Page 4

Congratulations are being forwarded to Miss Myrtle Ross, who this week was appointed matron of the Ross Memorial Hospital, Montreal. Miss Ross, who is a brilliant student, is the daughter of Dr. and Mrs. Alex. Ross, of this city.

The first national Christian conference of Canadian students held in Toronto on Monday, at which were several P.W.C. boys, came to an end with the final afternoon given up to general discussion. In the words of Dr. Swamindas, of the University of Madras, India, "the conference was a revelation of the Canadian spirit of genuine interest in a new world and order, and it augurs well for the world in general, and in particular for the empire and India."

* * *

Quite a few of the students are leaving early this week for the mainland colleges after a delightful holiday which to many was all too short.

* * *

Miss Constance Whear and Miss Lena McLure are leaving today an return to Toronto, where they will resume their studies at the Conservatory of Music, having spent a pleasant holiday at their respective homes here.

Mr. H. Weston Peake, of Montreal, spent the week-end in Ottawa, the guest of Lieut.-Colonel Hugh F. Osler, C.M.G., D.S.O., and Mrs. Osler

* * *

Last Saturday evening Mr. and Mrs. Alvin Hansauld entertained at a jolly snowshoe party in honor of a number of the P.W.C. young people, past and present, and terminated the tramp with dainty refreshments at their home.

* * *

Miss Alberta and Miss Lois McKinley, of North River, were guests Christmas day of Mr. and Mrs. F. G. Goodspeed, Manawagonish Road, St. John. The Misses McKinley were former teachers in the Netherwood school at Rothesay. Miss Alberta McKinley is now on the teaching staff of the Ladies' College, Halifax, but is at present enjoying her vacation. Miss Albert McKinley and her sister are en route to Porto Rico, where they will visit their brother, Mr. Wm. McKinley.

Many Reported Dead In Bridge Collapse

KELSO, Wash., Jan. 5.—Several persons are believed dead and a number are injured as a result of the collapse of a bridge here today. The structure was loaded with spectators watching a log jam, and it is estimated that from 100 to 1500 persons and ten or more motor vehicles were precipitated into the Cow Litz River, swollen by recent rains by the crash.

The bridge was a timber structure of the suspension type. The accident was due to the breaking of one of the cables. At 8 o'clock tonight eight persons were reported missing.

TO DISCUSS PLANS FOR MARKETING CANADIAN CATTLE

OTTAWA, Jan 5—Plans for the marketing of Canadian cattle under the new conditions following the removal of the British embargo against the importation of Canadian non-breeding cattle, will be discussed at a conference which is to be held between officials of the Federal Department of Agriculture and livestock men from all parts of the Dominion. The conference is expected to take place toward the end of the month.

The proposals to be discussed will it is understood, likely include steps for the development of union stockyards at Montreal and central gathering points, the establishment of standard grades and also arrangements for the continuity of supply.
