

THE NEW BABY

From the moment a child is born the question of nourishment becomes of great importance. A right start avoids a lot of trouble later on; it's so easy to begin right, too. Many women cannot or will not—chiefly will not—nurse their children. It's a sad commentary on modern social conditions that this latter tendency should be so general. The best thing to do under the circumstances is to help the bottle babies all we can—they're at a big disadvantage at best. We know positively that nothing will do them more good than Scott's Emulsion—a few drops in the bottle. It seems to furnish just the right quantity and right kind of nourishment needed by babies and growing children.

The women who are willing but unable to properly nurse their children will find Scott's Emulsion a great help—a two-fold help in fact. It has a direct and immediate effect, not only feeding and sustaining the mother, but insuring also a flow of rich, nourishing milk for the baby. Thus Scott's Emulsion strengthens the mother and goes naturally through the milk and strengthens the child.

These claims are not made off-hand. We know from nearly thirty years contact with such cases that Scott's Emulsion will do just what we say it will do. We will be glad to send you a sample free so that you can judge for yourself.

TO ORGANISE AUSTRALIAN RAILROADS

Thomas Tait of the C. P. R. Called Thither

SALARY TO BE \$50,000

The Largest Ever Offered a Canadian Railway Man—He Will Probably Accept.

MONTREAL, March 3.—Thomas Tait, general manager of the Transportation of the C. P. R., will go to Australia on May 1 to become head of the railways of the Australian Commonwealth. Negotiations looking toward this end have been going on for three months. Mr. Tait being in cable communication with Premier Barton at frequent intervals. The negotiations came to a head to-day, when Premier Barton cabled the Canadian offering him the position of superintendent and general manager—in short, great Mogul—of the railways of the Commonwealth. Mr. Tait replied accepting the offer. It is understood that the salary attached to the position will be in the neighborhood of \$50,000 a year. The offer is looked upon as the biggest thing of its kind that ever came to a Canadian railway man. He will organize the whole systems of state owned railways, and will be given a free hand.

Thomas Tait was born at Melbourne, P. Q., not quite thirty-nine years ago, and entered railroad work in the audit office of the Grand Trunk at the age of 16. After two years' experience in several capacities he became private secretary to the vice-president and general manager of the Canadian Pacific.

In 1887 he became assistant superintendent at Moose Jaw, N. W. T. From this position he rose rapidly, his duties making him familiar with Canada from the Atlantic to the Pacific, till in 1897 he became manager of the Company's lines east of Fort William; later he was made general manager of transportation for the whole system, with head office at Montreal.

He is a son-in-law of G. R. R. Cockburn of Toronto. With the exception of some eighty odd miles of private road in New South Wales, and half a dozen miles of private tramways, all the railroads in Australia are owned by the Commonwealth, and Thomas Tait will be the cynosure of the world's observation as the highest railroad official in a land that knows nothing of the tangible griefs of railroad monopolies.

The government roads of Australia pay a dividend of from 3 to 4 1/2 per cent, and the people have the satisfaction of knowing that this is all used "pro bono publico."

In New South Wales there are 3025 miles of government railways, and 104 of government tramways. In Victoria the government mileage is 3321. In South Australia 1736, and in West Australia 2143.

The affairs of the state railways have been heretofore managed by a commissioner of railways in each state, but since the formation of the Commonwealth all the roads will come under one central management, which will be presided over by Thomas Tait.

"77" FOR GRIP

Grip is epidemic—the hospitals crowded—the suffering intense—the death list appalling—yet ninety cases in every hundred could be prevented or cured, with little cost and no inconvenience, by the use of Dr. Humphreys' **SEVENTY-SEVEN**. It not only breaks up the Grip, but its tonicity sustains the system, and you can keep about your business. It can be carried in the pocket and taken from the hand without trouble.

The indications of a severe attack of Grip or Influenza are: headache, chilliness, general muscular pains, fever, sore throat, cough and systemic lassitude. At the first chill or shiver, take "SEVENTY-SEVEN." It will restore the checked circulation, start the blood coursing through the veins, and break up the Grip or a Cold. At "Druggists", 25c, or mailed.

Humphreys' Med. Co., Cor. William & John Streets, New York.

SPEAKER BRODEUR ARRIVES.

OTTAWA, March 3.—Speaker Brodeur arrived in the city today. He is here arranging for the opening of Parliament.

Notice.

Every druggist who sells Yasai Zutoo Tablets (Japanese Headache Cure) has been authorized to refund the money where they fail to relieve Sick Headache, or Neuralgia, in 20 minutes. Price 25 cents a box.

HE HATED THE CREATURES

President Roosevelt was telling a friend about his mail, which averages 500 or 600 letters a day.

"One of the most remarkable letters I ever received," he said, "arrived on the morning the first full account of the Martinique disaster was printed in the newspapers. The writer said he saw that the American Consul at Martinique had been burned to death. He applied for the place, and wound up with this sentence: 'I make this early application, so as to get in ahead of those loathsome creatures, the office seekers.'

CANADIAN IRON PRODUCTION.

Canadian production of pig iron compares (in gross tons):

1902	319,557	1897	53,796
1901	244,976	1896	60,030
1900	86,490	1895	37,829
1899	94,077	1894	44,791
1898	68,765		

On Dec. 31, 1902, unsold stocks amounted to 22,069 tons, against 59,472 at the end of 1901, and 12,465 at the end of 1900. On Dec. 31 there were 14 completed blast furnaces, of which seven were in blast and seven were idle.

When the Grand Climacteric Period of a Woman's Life Arrives

Paine's Celery Compound

Takes Her Safely Into After-Life Free From the Ailments and Dangers Common to Her Sex.

Change of life, which usually comes on between the age of forty and fifty, is, to thousands of women a time of serious constitutional disturbances. The danger time is made known by irregularities, stomach derangements, headache, nervousness, pain in the back and hips, limbs and abdomen frequently swell, piles do their annoying work, there is vertigo, palpitation of the heart and debility.

When any of these warning symptoms are experienced, the use of Paine's Celery Compound will do wonders for anxious and suffering women. Paine's Celery Compound used regularly for a few weeks will build up nerve force and physical strength, soothe digestion, keep the kidneys and liver in working condition, will banish gloomy fears and give sweet sleep. It has saved thousands of women from suffering and death. Mrs. Beverly Vincent, St. John, N. B., writes thus:

"I am happy to let you know what Paine's Celery Compound has done for me. I suffered from nervousness, female troubles, and my constitution was all run down. I tried many medicines but received no benefit from anything until I used your Paine's Celery Compound. It is a medicine that has given me grand results."

THE EDITOR'S MAIL CONCERNING A TUNNEL.

Str.—Among the perplexing problems proposed for the solving of the question of winter communication, perhaps sufficient prominence is not given to the question of the tunnel.

As the editor of a live newspaper, no doubt you would be able to give the public an idea of the amount such an undertaking would cost. You could easily obtain also an account of the amount which the Government has already expended and does expend on an average yearly in connection with the present unsatisfactory modes of communication and it would likely be found that when the wear and tear of the winter steamers is taken into account, the cost of keeping those steamers, the cost of the ice-boat service and the loss to trade, and consequently loss to the Government Railway system, that it would not fall very far short of what the interest on the cost of the tunnel would amount to. I think an editorial on this subject from you would be most timely and would be perused with pleasure by many of our people and by no one more so than

Yours truly,
ENQUIRER.

NOT SO BAD AS REPORTED.

SYDNEY, C. B., Mar. 3.—The damage to the trestle of the Nova Scotia Steel & Coal Company's ore pier in the storms was not so destructive as at first reported. Only a small portion of the timber work was broken and the loss does not amount to more than seven or eight hundred dollars. Work will be delayed for only a few days.

MINUTES OF PRESBYTERY.

At Charlottetown, and within St. James Hall there on Tuesday, March 3rd, and at 11 o'clock forenoon, which place and time the Presbytery of P. E. Island met and was constituted, Mr. D. MacLean, Moderator, with whom were present Messrs A. MacLean Sinclair, Stewart, Gillis, MacLeod, Spencer, MacKenzie, Fullerton, Millar, Herdman, Macdonald, Craies, Gmtz, E. Smith, MacIntosh, A. J. MacNeil, R. G. Sinclair, Simpson, Davidson, J. W. MacLean, and D. MacN. III, Ministers, and Messrs Geo. Bell, Alex. Robertson, J. J. MacLeod, Hon. B. Rogers and T. C. James, elders.

Minutes of meetings held Nov. 4th, 13th, 25th, Dec. 4th, 26th, 13th, 15th, and February 6th were read and sustained. Messrs F. S. Coffin and W. W. Hardie were invited to correspond.

A committee consisting of Messrs Spencer and A. MacLean Sinclair were appointed to draw up a suitable minute in reference to the death of the late Mr. Adam Gunn. Mr. George Millar was elected Moderator for the ensuing six months. Committees were appointed to examine the various session records presented, and to report before the close of the meeting.

The clerk read correspondence from the Clerk of the Synod of the Maritime Provinces, also a letter from Mr. E. Macdonald with regard to his licensure. On motion it was agreed that he should be taken on trials for license at the quarterly meeting in May.

The conduct of the clerk in giving a certificate to Mr. John A. MacLeod, student was approved, and he was instructed to certify Mr. G. Green in the same manner.

The clerk reported that he had received the resignation of Mr. M. H. MacIntosh of the pastoral charge of Cavendish, Stanley and Rustico, and that he had cited the congregation to appear at this meeting for the interests. The conduct of the clerk was sustained, and Messrs A. J. MacLeod and Robert Brown, representing the Stanley section were then heard. They spoke strongly of the good work done by Mr. MacIntosh and of the attachment of the congregation to him, and presented a strong resolution adopted by that section, urging the withdrawal of the resignation. Mr. Simpson, Bayview, from the Cavendish section, though not appointed as a representative, fully concurred in what had been said.

Mr. MacIntosh adhering to his resignation. Presbytery accepted the same, to take effect on and after March 31st.

Mr. D. B. MacLeod was appointed Interim Moderator of Cavendish Session with instructions to have the congregation declared vacant on March 15th, or as soon thereafter as practicable. Mr. E. Smith was appointed Interim Moderator of Clifton Session, vacant through the resignation of Mr. MacIntosh.

After some discussion on the question of supply, the Committee appointed in the death of Mr. Adam Gunn, presented a suitable minute, which on motion was adopted, and ordered to be engrossed, a copy to be sent Mrs. Gunn.

The hour of adjournment to meet arrived the Presbytery adjourned to meet in the same place at half past 2 o'clock, p. m. of which public intimation was made and this sederunt closed with the benediction.

T. C. JAMES,
CLERK

Same place and date, and at half past two o'clock, the Presbytery met and was constituted, Mr. D. MacLean, Moderator pro tempore. Sederunt ut supra. The clerk read the resignation of Mr. A. W. K. Herdman of the pastoral charge of Georgetown, whereupon it was agreed that the resignation lie on the table and that the clerk be instructed to cite the congregation to appear for their interests at an adjourned meeting of the Presbytery.

Mr. E. Gillis was appointed Interim Moderator of Session of Murray Harbor North, vacant through the resignation of Mr. Herdman.

The clerk was authorized to forward the Statistical sheet to the Convener of the Assembly's Committee, presenting his own report at the adjourned meeting of Presbytery.

Mr. E. Gillis submitted the report on Church life and work. On motion the report was received, the Convener thanked for his diligence, and the recommendations, after being amended were adopted. Mr. M. H. MacIntosh submitted the Report on Young People's Societies, which on motion was received and adopted, the Convener thanked for his diligence, and the Report ordered to be forwarded to the Convener of the Assembly's Committee. On motion it was agreed that the reception of the Report on Sabbath Schools be referred to the adjourned meeting of Presbytery, and that Dr. Smith forward statistics, if necessary, in the meantime, to the Assembly's Convener.

The clerk read a letter from Mr. D. S. Fraser to Dr. Smith in reference to the Summer School for Sabbath School teachers, offering the services of Prof. Falconer, Prof. Walter C. Murray and his own for this object. On motion of Mr. T. F. Fullerton the Presbytery unanimously and heartily adopted the following resolution.

"That this Presbytery express its high appreciation of the action of the Sabbath School Committee, and of the Senate of our College, and pledged itself to do all in its power to make the Summer School a success."

A committee consisting of Mr. T. F. Fullerton, chairman, Messrs D. B. MacLeod, Spencer and Dr. Smith, ministers, with the Presbytery elders of the two city congregations and the Supts. of their Sabbath Schools was appointed to make the necessary arrangements and fix the time and place of holding the schools.

Presbytery agreed to express approval of the proposed Act of Incorporation for Covehead.

The following applications for

Inflammation of the Bladder

Mr. Michel Blandypos, Secretary Marlowe Club, New Orleans, Who Suffered From Inflammation of the Bladder

Cured By
the Only Absolute Cure for All Diseases of the Kidney, Liver, Bladder and Blood,
WARNER'S SAFE CURE

Mr. MICHEL BLANDYPOS. Gentleman: It affords me the greatest pleasure to testify to the merits of Warner's Safe Cure, as I consider it was the sole means of restoring me to health. I suffered for nearly three years with inflammation of the bladder, causing me severe pains, also the most terrible headaches, and at times I was unable to attend to my regular duties. I doctored without receiving any benefit and felt very discouraged, when a club friend advised me to try Warner's Safe Cure. It seemed as if there was not a sound organ in my body when I began using it, but I gradually improved and felt much encouraged. It took seven months to fully restore me to health, but during that time I used no medicine but the Safe Cure and therefore know that I owe my recovery and good health of today entirely to it, and am pleased to endorse it. Very truly yours, MICHEL BLANDYPOS, 1027 Marais St. New Orleans, La., Dec. 8, 1902, Secretary, The Marlowe Club.

"SAFE CURE" CURES KIDNEY DISEASE.

If you have pains in the back, rheumatism, uric acid poison, rheumatic gout, diabetes, Bright's disease, inflammation of the bladder and urinary organs; scalding pains when you urinate, oedema, jaundice, swellings or torpid liver; if a woman, bearing-down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney diseases seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a bottle of Safe Cure at your druggists. It will relieve you at once and effect a permanent cure. It kills all disease germs.

Doctors prescribe and hospitals use "Safe Cure" exclusively in all cases of kidney or bladder trouble. It is free from sediment and pleasant to take. It does not constipate, it is a most valuable and effective tonic; it is a stimulant to digestion and awakens the torpid liver. It repairs the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives strength and restores energy. You can buy Safe Cure at any drug store or direct. \$1 A BOTTLE.

TEST YOUR KIDNEYS. Let some morning urine stand for twenty-four hours in a glass or bottle. If there is a milky or cloudy or contains a reddish, brick dust sediment, or if particles or germs float about in it, your kidneys are diseased.

ANALYSIS FREE.

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and 44 Lombard St., Toronto, Can., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women, read and answered by a woman doctor. All correspondence in strictest confidence.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

Guaranteed Satisfactory OR MONEY REFUNDED.
