big clearing out sale is affording an excellent opportunity for Christmas buying.

As the contractors have taken charge of the second floor the remaining stock is being removed to the first floor and must be cleared out at once, as in a few weeks time the work will be extended to the first floor consequently many lines are now being cleared out at about one half their value.

Everybody invited.

74 BODIES OF MINERS FOUND PILED IN A HEAP

Extremely Pathetic Scenes at the Funeral of the Victims

JACOBY'S CREEK, Pa., December 20.—Searching parties at the Darr mine yesterday reached entry to No. 27, where they found 74 bodies in a heap. With the 46 bodies which have already been brought to the surface, the total number recovered today is 120. The bodies found in No. 27 entry are not so badly mutilated as some of the bodies previously recovered. Today was funeral day at the mine. Twelve unidentified bodies were taken from the temporary morgue and placed in a line along the tracks of the Pittsburg and Lake Erie railroad. The last ceremonies were conducted in the open air with hundreds of friends, relatives and sightseers as spectators. The scenes were extremely pathetic. Following the services the bodies were placed on a train and taken to Conneville, Pa. for burial.

NEARLY \$2,000,000 IN LOCOMOTIVES

The Grand Trunk Places Orders for 100 Engines.

The Grand Trunk management has just placed orders for one hundred new locomotives, which represent an expenditure of nearly \$2,000,000.

These locomotives will be built during the winter, spring and summer—the last delivered by August next—in time to take their place in the road's equipment for the movement of next season's crop. The fact that no less than seventy out of the one hundred engines are to be built in Canada is likely to give satisfaction to all who are interested in the development of local industries.

RESUMING MIDNIGHT MASS IN FRANCE

All Paris Celebrated Christmas in Traditional Old Time Style

PARIS, Dec. 26.—On Christmas Eve all Paris celebrated the "Reveillon" with traditional merry-making. The restaurants, streets and boulevards were brilliantly illuminated for popular dances. A noteworthy feature of Christmas eve was the resumption throughout France of midnight mass in the churches, which last year were abandoned by direction of the higher clergy because the separation law was about to go into effect.

STOCK NOTES

The Farmers' Advocate in reporting the recent Winter Fair at Amherst says: Among the exhibitors in the hog classes were: Peter Brodie, Little York, P. E. I. with nine Berkshire and two grades. Mr Brodie won first and second prizes in every class in which he had entries, also the cup donated by J. E. Wood, of Halifax, for the best three bacon hogs of any breed. While at the Fair Mr Brodie sold two sows to go to Jamaica, Leonard Court of Donaldton, a new exhibitor, showed eight Chester Whites, winning four firsts, two seconds, and one third prize. A. A. McBeath of Marshfield, P. E. I. exhibited the pair of Yorkshire sows that won first at Charlottetown in October, and second in export bacon class and held his own at Amherst by winning first and second in pure-breed classes, and a special for best breeding sow over six months. Mr McBeath considers them too good to enter the block test. Roper Bros, of Charlottetown showed eight Yorkshires, seven Tamworths, eight grades and one Chester White, and won a big slice of the prizes, also the Dominion swine breeders' special for best sow under fifteen months and the Blatchford special for best Tamworth sow under fifteen months. DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hays' Catarrh Cure. Send for circulars free.

Try Ferrone's and watch your appetite grow. It turns all you eat into nutriment and building material—fills your veins with rich, red blood—gives you audacity and vigor. FROM whatever viewpoint you consider it, my showing of Xmas Furnishings is head-and-shoulder above the ordinary sort.

It's not alone the quality of the different lines—it's the patterns, the style, the immense varieties shown and, too, the fact that my up-to-date goods cost no more than you're asked to pay for the inferior kinds.

My showing of Neckwear is by far the largest ever shown in the Province.

With the purchase of every Tie you have one guess on the big Candle. Would'nt it be a cheap tie if you won the \$10 gold piece?
