

MAYOR WARBURTON, Who welcomed the visitors to the City at the Exhibition yesterday afternoon.

## TEACHERS' ASSOCIATION MEETS IN Y. M. C. A. HALL TO-DAY

A Large Attendance of Teachers and Interesting and Instructive Sessions are Expected.

SUPT. OF EDUCATION FOR NOVA SCOTIA PRESENT

Sketch of the Life of Dr. A. H. McKay, L. L. D., the Foremost Educationalist in the Maritime Provinces—W. R. Campbell of Truro—The Program for to-day.

### PROGRAM.

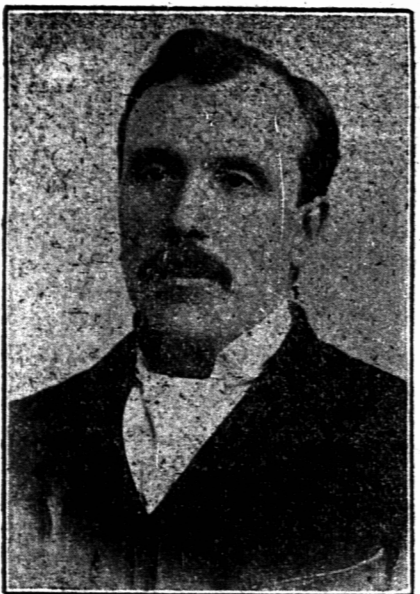

WEDNESDAY, SEPT. 24TH

- 8.00 a. m.—Enrollment, Appointing Committees.
- 9.00 a. m.—President's Address.
- 10.00 a. m.—Address.
- A. H. McKay, L. L. D., Supt. Education, N. S.
- 8.00 p. m.—Public Meeting.

This morning at ten o'clock the annual Teachers' Convention will open in the Y. M. C. A. Hall with the president inspecting the grounds. Everything points to a large attendance and a convention that will be productive of good results to the educational interests of the Island.

Dr. A. H. McKay, L. L. D. who is the principal visitor at the convention was born at Mount Dalhousie, Pictou Co., Acadia, N. S. He was educated at Pictou Academy, the Provincial Normal School, at Dalhousie University from which he graduated in 1873 with honors in Mathematics, Physics and L. L. D. in 1892 and the University of Halifax from which he took his M. A. with honors in Biology in 1890. He was the Principal of Annapolis County Academy in May, 1873, of Pictou Academy in 1874, of the same year and of Halifax Academy in 1890. He was appointed Principal in Dalhousie College at Halifax in 1890 and was selected to be Superintendent of Education for Nova Scotia which office he still fills. He has shown greater activity in

the literary, scientific and educational field in the Maritime Provinces than he. He was president of the Provincial Educational Assembly from 1874 to 1876 and

DR. A. H. MCKAY, L. L. D., Superintendent of Education for Nova Scotia.

He later organized the Summer School of Science for the Atlantic Provinces of which he was president for 1887-1888. He was President and also vice-President of the Dominion Educational Association and he was honorary vice-President of the world's Educational Congress at Chicago in 1893. He edited the Dalhousie Gazette and assisted in founding the Educational Review, St. John. To these as well as many other educational magazines he has contributed a large number of papers in geological, botanical and educational subjects.

In a paper printed in 1896 he advocated "three great reforms" in connection with public education viz the reform of our weights and measures so as to bring them under the decimal system, the reform of English spelling and instruction in phonographic writing. He is a director of the Halifax Ladies College, governor of Dalhousie University, a senator of Pine Hill Theological College a fellow of the society of Science London and a fellow of the Royal Society of Canada. His political views are summed up as follows. He believes in the more complete organization of the British Empire, in the future federation of English speaking and governed peoples and in the ultimate judicial organization and political confederation of the world. In religion he is a Presbyterian.

W. R. Campbell, M. A. Principal of Colchester County Academy of Truro, who will be present and take part in the meeting of the Teachers' Association, is one of the leading educationalists of the Province of Nova Scotia. He commenced his work as the most of our successful teachers have in the "Country Schoolhouse," by study, push, and enterprise he has advanced step by step until his appointment to one of the most important Academic positions in the province. Under his principalship the Academy

## THE EXHIBITION NOW IN FULL SWING

(Continued from First Page.)

In the building. The walls are nicely draped with gentlemen suits and overcoats, while suspended from the ceiling may be seen the latest styles in winter overcoats, also the now popular shower proof coats, while a tastefully arranged in the centre on nickel plated stands is displayed men's suits, children suits, overcoats. The fur robes on the floor give the whole a splendid effect. The Exhibit taking it on the whole may be easily classed as one of the best in the building.

### JORDAN'S EMULSION.

Richard Jordan and his son Willard have a display of Jordan's Emulsion of Cod Liver Oil at the Exhibition. This preparation captured a Diploma and first prize at Halifax last year and would no doubt have done equally well had it been exhibited there this year.

### GAUVIN AND GENTZEL.

The firm of Gauvin, Gentzel & Co., is too well known in the Maritime Provinces to need any introduction. The studio in our City is ably operated by Mr. J. S. Bayer whose portraits, colorings of pictures and general artistic workmanship command the attention of citizens generally. Mr. Bayer has been awarded two medals for professional artistic workmanship and was appointed one of the judges of Photography at the Halifax Exhibition recently. All citizens and visitors to our Exhibition will be repaid in seeing the exhibition of photos, the colored work, and engravements, all the work of Mr. Bayer of Gauvin, Gentzel & Co. of Charlottetown. We believe this beautiful artistic display of Professional Photography is the first of its kind shown at a Charlottetown Exhibition. Messrs Gauvin, Gentzel & Co., of Halifax have made it their business to show the public what they are doing and have been awarded 5 gold medals, at different exhibitions. The Charlottetown studio has been open for about a year and a half and we congratulate the Manager Mr. Bayer upon his enterprise in making such a good display at our Exhibition and the artistic taste and finish of his workmanship. The public will be well repaid in seeing Messrs Gauvin, Gentzel & Co.'s, display at our Exhibition Building.

### DODD AND ROGERS.

The firm is showing opposite the main entrance on the east side an extensive line of Oxford Ranges with all the latest improvements. They also have a display of hot blast heaters, McClary stoves and small dining room heaters. The booth is nicely trimmed with spruce, red, white and blue bunting.

EXHIBITION NOTES - It is pleasing to note the interest taken in the carriage horse class at the Exhibition this year. There was a field of twenty-one all fine looking horses. There were several ladies among the exhibitors. The first prize P. Holloran's light chestnut which has good action. Arthur W. Week's beautiful dark chestnut mare, driven by Mrs. Week's took second prize, and the third prize also went to a lady w/ Miss Warburton.

### CHICAGO MARKETS.

CHICAGO, September 23.—(Special)—Sept.—Wheat, 80; Corn, 61; Pork, \$16.80. Dec.—Wheat, 69; Corn, 45; Pork, \$15.20.

has had a period of continual prosperity, preparing some of the best University students in the province. A little over a year ago, largely due to Mr. Campbell's efforts a magnificent new building was provided by Truro, for the accommodation of the County Academy. This building is one of the best equipped and commodious in the Maritime Provinces.

Mr. Campbell is one of the chief members of the committee who has charge of the direction of Domestic Science in the public schools of Nova Scotia. He has devoted considerable time to the introduction of this subject into the schools, and the marked success attending the efforts of the committee is in a large measure due to Mr. Campbell's efforts.

It will be of great benefit to our teachers and citizens to hear educational question discussed by progressive teachers such as Mr. Campbell.

To cure a headache in ten minutes use Kuafort Headache Powders.

WANTED—A girl for general housework. One with experience preferred. Apply to M. S. Benj. Rogers, Jr. Easton Street. 92411
