Come see the new Servel Refrigerator that makes ice and freezes ice cream, keeps food cold, and operates on kerosene. It brings you all the marvels of modern refrigeration, yet costs just a few pennies a day to run.

Note especially Servel's different, simpler freezing system. No machinery, no moving parts at all. Just a tiny kerosene flame does the work. So Servel stays silent, lasts longer. Come see the new Kerosene Servels now on display.

made to the President and also to Vice President, Mr. L. T. Beaton who was called upon more frequently than the others. Lastly let me say, it has been a privilege to serve the farmers of this country and we appreciate your continued support. We will carry on so that the principles of maximum compensation for the primary producer under which the Potato Growers' Association was founded shall not perish from this Province.

BALDWIN'S ROAD W. L.

The March meeting of the Baldwin's Road Women's Institute was held at the home of Mrs. Thomas Curran on March 1, 1949, with nine members and three visitors present. The meeting opened by a duet by two of the members. The roll call was answered by an Irish joke.

The minutes of the last meeting were read and adopted. It was decided to donate \$5.00 to the T. B. League. It was decided to purchase a floor polisher and curtain stretchers for the members of the Institute. Sick committee reported

that one treat was given out. The school was reported scrubbed. Mrs. Joseph Cullen kindly invited the members to her house for the next meeting. The meeting was then adjourned.

A tasty lunch was served by the hostess and the remainder of the evening was spent in a card party which was much enjoyed by all. Proceeds of the game amounted to \$20.15.
