

# Rank Outsider Wins England's Racing Classic

## Forbra, Starting 50 To 1 Against, Outfooted Field Of 36 To Cop Grand National—Only Nine Finished The Course.

AINTREE, Liverpool, March 18. (Canadian Press Cable)—More than 200,000 persons this afternoon saw the greatest steeplechase in the world, the Grand National, captured by Forbra, long-legged seven year old gelding by Foresight out of Rhymbra, owned by William Parsonage of Shropshire and superbly ridden by jockey John Hamey from the north country. Forbra, who has never before achieved distinction in his brief chasing career, carried bottom weight of 147 pounds and started at 50 to 1 against, paying nearly 100 to 1 in the "totes."

Three lengths behind came Mrs. Ireland's Egremont, another bottom weight entrant, bet at 33 to one and ridden by E. C. Page. A poor third was Shaun Gollin, owned by W. H. Midwood, ridden by D. Williams, and carrying 172 pounds. Shaun Gollin, winner in 1930, started at 4 to one today.

### Nine Finished

Only six other horses finished out of the 36 starters—not an unduly high percentage of casualties for the greatest of steeplechases. They were, in order: Near East, Aspirant, Heartbreak Hill, Annandale, Sea Soldier and Theras, who struggled in dozens of lengths to the rear.

The winner has the distinction of never having fallen, but at the same time he had never before won any race of importance, certainly nothing to warrant the belief he would trounce the high class field that turned out today. He won a couple of minor races in 1930 and did not have a single success last year. The good, hard going however was perfectly suitable for Parsonage's stylish fencer, who was getting 28 pounds from the topweight. And the moral is that nobody can buy a ready-made winner.

Only U. S. Entrant  
The only United States bred

### Hockey

The final game for the Prince Edward Island Interscholastic Trophy was played in Kensington rink, Tuesday, March 15th, between the Summerside and Kensington High School teams, and resulted in a win for the former by the score of 6-2. As the first game in Summerside had resulted in a one-all draw, the Summerside boys won the round 7-3, and are in possession of the trophy for the year 1932.

Archer and Steele, centre and right winger for the winners, were the outstanding players on the ice, each of them scoring three goals, and being frustrated at the goal mouth on numerous occasions by the local net guardian.

McDonald, on defence for the visitors, threw many wrenches into the red and white attacking machinery, and saved his goals again and again by knocking down wicked drives travelling towards Muttart in the nets, showed vast improvement over his last appearance in Kensington, and balled rubber out a la Eady all evening.

The local sextet fought hard and courageously, but were never in the picture. Their customary team play appeared gummed up, and many of their passes went begging. Waite, in centre, showed flashes of class, and with a little luck, would have broken into the scoring column. Lockhart and Cousins, the home defence, weaved their way picturesquely through the enemy goal-keeping, but never seemed to get into scoring position. Baker, in the nets turned in a finished performance. Cousins got the first counter for the home team, scoring from a mix-up in front of the net, after McDonald and Steele had been chased for illegal checking. McLean carried the disc off Archer's stick into the net for the other.

The lineups follow:  
Kensington—Goal, D. Baker; Defence, E. Lockhart and J. Cousins; Forwards, M. Waite, B. McLean, E. Hughes, N. Hogg, B. Higgins, D. Bonness, H. MacFarlane.  
Summerside—Goal, R. Muttart; Defence, J. McDonald, Monkley; Forwards, F. Archer, C. Steele, W. Perry, Sullivan, Hickey, Monkley.

### Favorite Failed to Complete Course

The favorite Grakle failed to complete the course; the second choice was Heartbreak Hill, and the third choice, Mrs. M. A. Gemmill's Gregalach, winner in 1929 lasted about half the distance. Valentine's Brook proved even more deadly today than the far-famed Becher's Brook.

### The Start Perfect

The start was perfect and nobody had any trouble at the first fence. Everybody got over the second fence, too, except Apostasy, but after that they fell thick and fast. Tooghenhill, Glangasa, Alike, Vincicole and Aruntius came down in the next few jumps; Merriment was another victim and Holmes refused at Becher's Brook.

### Spread Confusion

Two more fences and the debacle occurred. Gregalach refused and spread confusion among the field, horses breaking in all directions. Grakle refused, Heartbreak Hill suffered some interference and Sea Soldier got over from almost a standing start after being taken well to the outside. Forbra and Egremont emerged in front from the melee and were running together when they cleared the water jump. After another hurdle K. C. B. crashed and got up behind the runners with his foreleg broken, dangling from the knee joint. Sea Soldier barely missed running into him.

### Bold Bid For Victory

The field was cut to less than a dozen on the second circuit with Forbra and Egremont battling for the lead and Annandale close up. Forbra surged into the lead at the second last fence and cleared the last obstacle in fine style as the rear became deafening. Egremont cleared it too, and those old timers who have seen a long horse struggle in after completing Aintree's four and a half miles with his thirty two jumps saw a stirring duel in which Egremont, full of run, made a bold bid to catch Forbra but could not do it. The seven other finishers crossed the line long spaces apart. Annandale, coming in seventh, had been running third at the last jump when he fell and was remounted by Jockey Stout.

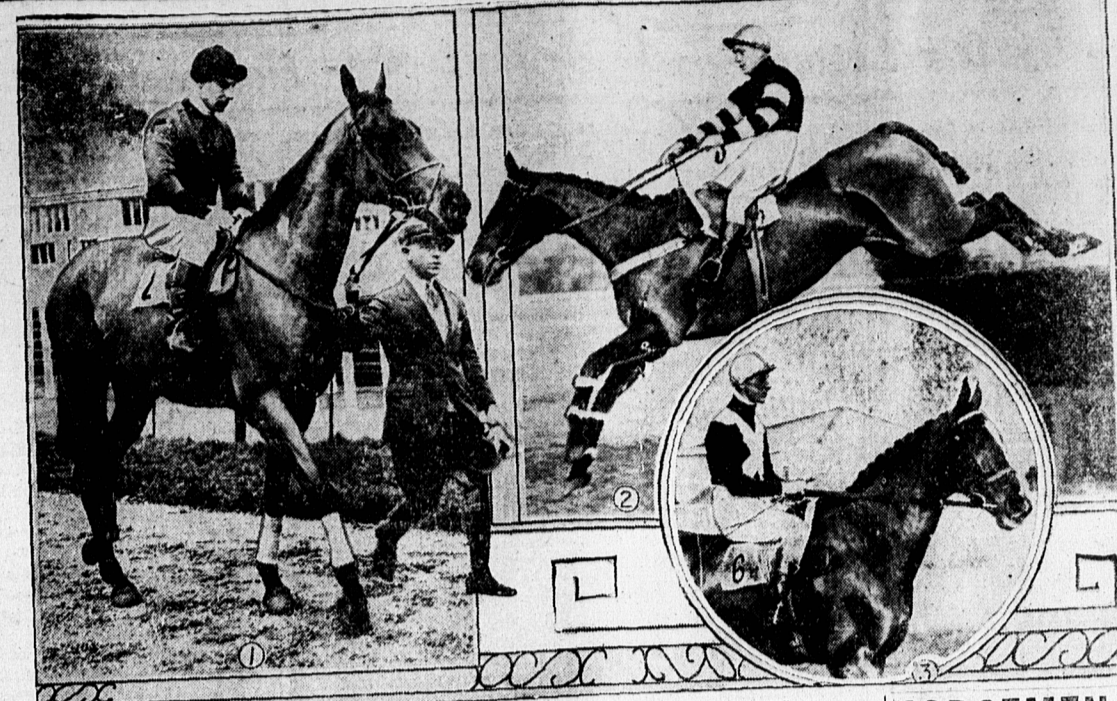

Wilson handled Sea Soldier well and kept him to the outside as free from interference as possible but the United States horse, although he jumped in good fashion, could not reach the leaders. Wilson said afterwards that every time he used his whip Sea Soldier seemed to slow down.

### Hockey

Jimmy's Taxi, 2; Hunter River, 6. A very fast game of hockey was played in Hunter River rink Wednesday night, when the Hunter River Royals defeated Jimmie Power's Heartbreakers by the score of 6-2. In the first period both teams started out very fast, which ended 2-0 in favor of the Royals, Boyle scoring both goals unassisted.

In the second period the play was very even with the score ending 5-2, Gillis and Ryan scoring for the Heartbreakers, while Wood scored one and Boyle two for the Royals. In the third period the Royals played a defensive game and succeeded in keeping the Heartbreakers from scoring. There was one goal scored, Boyle, who was playing a wonderful game, scored his fifth goal of the night shortly before the bell.

## Favored To Win — But Dropped Out

## CAMBRIDGE IS FAVORED TO WIN BIG RACE

LONDON, March 18. (Canadian Press Cable)—Stalwart Varsity oarsmen who have been training for months went to bed early tonight, for tomorrow they will take the Cambridge and Oxford shells on the Thames for the 1932 renewal of the classic Varsity boat race.

After a game of cards and a few tunes from the phonograph the athletes were given a nightcap of a pint of specially brewed ale and then tucked in the sheets at 8 p. m. They will celebrate tomorrow night, but first comes a grueling test of stamina, a four mile race from just above Putney bridge to Mortlake brewery, which will add another notch to the record of the greatest inter-varsity contest.

The oarsmen will not have so many hours of pre-race suspense tomorrow as they usually have. The start has been fixed for 10.30 a. m. (5.30 E. S. T.) and the usual morning "pope opener" has been dispensed with. Instead the crews will have a brisk run before breakfast.

The rival Coxswains went over the course today to get an exact idea of the current, after the crews had their last serious outings. The distance is shortened to a little over four miles, instead of the usual four miles and 856 yards, on account of dangerous eddies around construction work on the Putney bridge.

Experts don't dispute their belief that Cambridge will win their ninth straight victory, and made the roll read: "Cambridge 43, Oxford 40; drawn 1." Popular opinion seems to be that it will be an even race for most of the distance and then Cambridge will forge ahead. But the Oxonians console themselves with the thought that form may play a little part in the result and declare Oxford's 1932 eight is better than many people imagine. And Oxford have to defend their record of nine straight victories—set from 1890 to 1898.

### Tennis Tournament

NEW YORK, N. Y., March 18.—Gregory Mangin, of Newark, N. J., supplied the bulk of entertainment in the United States National Indoor Tournament today with a decisive quarter-final triumph over Young Sidney Wood, Jr., of New York.

Mangin, ranked No. 11 in 1931, turned back the Wimbledon champion about as he pleased by scores of 6-4, 6-2, to enter the semi-finals. The defeat was regarded as virtually eliminating Wood from consideration as a member of the next Davis cup squad.

In the day's other singles matches, George Lott, Chicago veteran, disposed of Julius Seligson, New York, 9-7, 6-4, and Frank Shields of New York eliminated Frank Bowden of New York, 6-7, 7-5.

## LOOKING 'EM OVER

BY "TEC"  
PROVINCIAL BONSPIEL

The second annual bonspiel which begins at the Forum at 1 o'clock on Monday will bring together the best curlers from Summerside, Montague and Charlottetown. Summerside will be represented by three senior teams, a junior team and a ladies team. Montague will have two or perhaps three teams, while Charlottetown will have the large number of eleven senior teams, one or two junior teams and a ladies team. Prizes for the various matches have been given by the business men of Charlottetown and Summerside.

R. T. Holman & Co. Ltd. of Charlottetown and Summerside. DeBlois Bros. Ltd. Hughes Drug Co. Ltd. North Atlantic Packing Co. Ltd., owned and operated by W. H. Tidmarsh of Charlottetown. G. H. Taylor & Co. Moore & McLeod & Co. Ltd. Prowse Bros. Ltd.

Besides the prizes for the various matches the MacArthur and Gaboury trophies will be at stake. Montague are defending the Gaboury cup and Charlottetown will defend the MacArthur trophy against a challenge from Montague. The MacArthur Cup is a challenge cup and can be challenged for by a club once a season, a short time ago Charlottetown curlers were successful in bringing it back from Summerside. The challenge from Montague was both welcome and expected.

The Gaboury Cup is also a challenge cup but must be played for in Charlottetown by representatives of the three clubs. One, two or three rinks from each club may challenge and the cup goes to the club scoring the greatest number of points in the three cornered fight. There will be plenty of shouting, cheering and sweeping, and all that we wish or hope is that we are on the lucky team.

Line-up of teams for Charlottetown:  
1.—1st stone, D. Grant; 2nd stone, O. D. MacGregor; mate, Ebers; skip, MacLaine.  
2.—1st stone, Sear; 2nd stone, C. M. Williams; mate, Fraser; skip, Hughes.  
3.—1st stone, Moore; 2nd stone, Brenton; mate, Wheat; skip, Moore.  
4.—1st stone, Lord; 2nd stone, MacQuaid; mate, Morris; skip, Spillet.  
5.—1st stone, Affleck; 2nd stone, Lawson; mate, Taylor; skip, Archibald.  
6.—1st stone, Burhoe; 2nd stone, Sentner; mate, MacIntyre; skip, Townsend.  
7.—1st stone, Shaw; 2nd stone, Ferrand; mate, W. S. Grant; skip, Toombs.  
8.—1st stone, E. Taylor; 2nd stone, A. Pickard; mate, D. A. MacKinnon; skip, D. B. Stewart.  
9.—1st stone, W. Duffy; 2nd

Hockey at Victoria Rink, Tuesday, March 22nd, Prince of Wales College Senior team Vs. Victoria Unions. Admission 25 and 15 cents. 1577-11

## Abegweits Clinch Island Ch'Ship

### Red Shirts Win Hard Fought Game From Crystals Last Night 6 To 2 And The Total Goal Round 8 To 4

Upwards of 1400 cheering and wildly excited fans saw Summerside Crystals down by Abegweits at the Forum last night by a score of 6 to 2 and at the same time witnessed the presentation of the Robinson Cup, emblematic of the P. E. Island hockey championship. This cup, as well as the intermediate trophy is sanctioned by the Maritime Amateur Hockey Association.

The Island series was a two game affair, the first game ending in a 2 all draw, the Abbies winning the total goal score round 8 to 4. Last night's set-to was a fan pleasing clash that produced all the angles necessary to make a game spectacular as well as exciting. It is true the Summerside team was outclassed in every period, but that indomitable courage typical of the western puck chasers, manifested itself during every minute of play in which they forced the local Red Shirts to loosen themselves to gain the hard earned victory, and the championship.

A pleasing feature of the fixture was the absence of rough and unorthodox tactics. Both teams played clean hockey, only two one minute penalties being handed out during the night. The Crystals as a whole showed weakness on their front lines in comparison with the Abbie speedy attacking lines. However, one hockeyist of the lot among the visitors had class written all over him, and this, worthy was one "Chicken" Gallant who proved a thorn in the sides of the Red Shirts all evening. His skating and stickhandling was one of the features of the clash, and his back-checking and boring-in tactics had the fans on the edge of their seats on more than one occasion. Another boy who showed well was young White, fast and heady centre. Harold Eady in the Crystal nets, was also in great form last night. The score, true enough, was six to two, but each and every count scored on the colorful Harold, was good enough to beat any goalie performing in the Maritime circuit this season. He got all of his close-in shots but one, but the rebounds spoiled his doom, when fast Abbie forwards camped on the rubber before he had a "chinaman's chance" to clear.

The Summerside defence of Reg. Saunders and Gauthier, worked like Trojans, but a fast passing game which was carried over their blue line, was more than any defence could stand, and as a result five of the Abbies six goals were drilled into the draperies on the well known rebound.

After the game the Abbies were called back to the ice, where Jack Sterns, second Vice President of the M. A. H. A., in a brief complimentary speech, presented the trophy to the donor, Mr. B. W. Robinson of Summerside, who in turn presented the emblem to Captain Harold Gross of the Abegweits. Mr. Robinson also complimented the boys on their win, but instructed "Husky" to be very careful of the cup, as the Summerside boys would surely be back for it next season.

After the presentation, three hearty cheers were given for the Crystals and Abbies. Mr. Willard W. Muttart, Manager of the Crystals, also congratulated the Abbie one and all and expressed the hope that the good feeling now existing between Summerside and Charlottetown would never grow less. Such gentlemen and lovers of clean sport, as Messrs. Robinson and Muttart are truly a credit to any and all branches of athletics. May their good judgment and close association with athletics always continue.

THE SCORES  
First Period  
After two minutes of fast hockey, Walter Lawlor made the light flicker when he raced in on Herbert Saunders' hard angle shot to take the rebound from about six feet out and dint the twine.  
Three minutes later Jackie Kane combined from centre ice with Stevie Estabrooks to rush over the Crystal blue line. It was a short passing attack that took the duo well in on Eady; Kane got the final pass and drilled the heel for another tally. On this score, Abbies continued to force the play, and camped on their opponents' blue line, where Leo Gauthier, visiting defenceman finally relieved the situation by batting the puck well into neutral territory, where Harold Gross retrieved, and speeding down right wing at a terrific rate he collided heavily with Monty Montgomery, fast Crystal left winger. "Monty" was almost knocked unconscious, while Gross received a nasty cut over his left eye. Both players retired for repairs, and on returning to the game, received a big ovation from the fans.

A two goal lead did not shake the Westerners by any means; instead it had a tendency to imbue them on to greater effort, and at the eight minute mark, White caught Reg. Saunders' neatly executed pass to beat the Abbie defence and also Stull from very close in. However, the Abbies again pulled away, when "Baldy" Schwab sped in with Kane, the latter taking a drive and "Baldy" looking after the rebound.  
The only two penalties handed out in the game were awarded in this session. Gross and Lawlor taking the one minute counts.

Second Period  
Both teams tallied once in this session, Johnny Squarebriggs getting Gross' rebound and "Chick" Gallant scoring unassisted, in one of the brightest plays of the evening.

Third Period  
Crystals were forced to see tw added counters go by Eady in the frame, when Schwab decorated it twine on Estabrook's rebound at the latter hanging up the fin counter on his own rebound a minute before the closing bell.

SUMMARY  
First Period  
1. Abbies (Saunders) Lawlor, minutes.  
2. Abbies (Estabrooks) Kane, minutes.  
3. Crystals (Saunders) White, minutes.  
4. Abbies (Kane) Schwab, minutes.  
Penalties: Abbies, Lawlor, Gt 1 minute.  
Stops: By Eady, 8; Stull, 4.  
Second Period

### N. S. F. Bill Passes Second Reading

OTTAWA, Ont., March 18. (By the Canadian Press) — A bill to amend the Criminal Code making it an offence to procure goods through the issue of worthless or N. S. F. cheques, passed through the Senate in committee today but only after considerable objection to it had been advanced. It now stands for third reading. The bill also abolishes grand jury in the Province of British Columbia.

## HORSEMEN TO AID FIREMEN'S BENEFIT FUND

### Large Crowd Expected At Today's Races — Collection Will Be Taken Up For Fire Fighters.

Through the generosity of the Charlottetown horsemen a good card of racing is on the bill for this afternoon on the river ice off Victoria Park, the proceeds of which will be handed over to the City Fire Department to augment their benefit fund.

As there is no method by which admission tickets may be sold the horsemen are taking up a collection and they feel confident the attendance together with a liberal response will materially aid the fund. The races will start at 1.45 sharp and special prizes, donated by the Victoria Driving Club and the Firemen will make the contest interesting.

It will be seen that the local firemen appreciate the efforts of our fire ladders, it now remains for citizens to show their appreciation by attending and digging down in their jeans—down deep—so that the proceeds for the fund will be worth while.

Even if you have never yet watched a horse race get down on the ice tomorrow with the crowd and enjoy the sport of kings.  
The following are the entries:  
Free for all—Hush, Volo Rico, Major Aubrey.  
Class A. Trot and Pace—Briar Mack, Johnny Walker, Kalmuck, Miss Possibility.  
Class B. Trot and Pace—Billy Cope, Grandma, Mr. Henley, Lealock, Ruth S.  
Class C. Trot and Pace—Real Great, La Rico, Sybilcot, Poinsett, Silver Doctor, Waltz.

Everybody attend the races today. Same course and same hour of starting. It's a big benefit day for the firemen.

## FREDERICTON 2 BOSTON CLUB 0

BOSTON, Mar. 18. — The Fredericton, N. B., Millionaires' shut out the combined Boston Hockey Club and North Cambridge Hockey Club, 2 to 0, in the first of their two game series at the Arena tonight.

The Boston Hockey Club was ridden by the resignation of several players, but President Kenney of the New England A. A. U., gave his permission to combine with the North Cambridge Club.

The goals were scored by Beaton on a pass from Gammon in the second period, and Webster unassisted in the third. The second game will be played here tomorrow.

### Famous Irish Actor Gradually Sinking

MONTE CARLO, Monaco, Mar. 18. — (AP)—Chauncey Olcott, the actor who was famed a generation ago for his Irish ballads, was reported dying here today at his villa. Olcott has been suffering from anemia for 11 years, members of his family said, and in recent weeks he has been steadily failing. Olcott and his wife and son have been in Monte Carlo for several months. The actor has been unable to get around much because of weakness.

When you start going places, you'll want socks that don't hold you back.
