THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 13,000 and Prince Edward Island has 108,000. The Guardian's daily circulation is therefore 1 to 14 of population in the city in which it is published, and 1 to 13 of the population of the Province. This is the management believe unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces. St. John has a population of 40,000 and the Province of New Brunswick 300,000. St. John has five newspapers and among them The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,228,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 20,000. That is 1 to 12 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of the Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

KILLED BY A COW'S TAIL

Binghamton, N.Y. - Wm. A. Wells, of Neward Valley, was milking when a cow swished her tail, striking him on the forehead with the fleshy part of the appendage. Shortly afterwards, Mr. Wells returned to the house, complaining of a pain in the head, which rapidly grew worse. Physicians pronounced it apoplexy, brought on by the blow from the cow's tail. Mr. Wells died the same night.

Apoplexy is the result of poisoned blood. Bowels become constipated, kidneys get weakened, skin action becomes poor, and the blood is loaded with impurities, which produce weakness in the blood vessels.

Whenever there is headache, back-ache, neuralgia, rheumatism - it means blood poisoning. "Fruit-a-lives" are certain cures for all these troubles. "Fruit-a-lives" are made of fruit juices and tonics. 50c a box. At all dealers.

Bad Palpitation of The Heart

EVER SINCE SHE WAS NINE YEARS OLD, MILBURN'S HEART AND NERVE PILLS EFFECTED A COMPLETE CURE.

If you find your health failing, your food apparently doing you no good, your heart beating irregularly - now slow, now fast - skipping a beat now and then, palpitations or throbbings on the slightest excitement or exertion, pain in the region of the heart, face pale, dizzy and faint spells, these all point to heart weakness, to nerve derangement, to a state of health consequent upon some ailment which, if not corrected and cured by the greatest of all Nerve Pills, will surely end in either prostration and hopeless invalidism.

From the depot many have been raised by this remarkable remedy, as its power is beyond all question most marvellous; both why wait until you have gone so far? Taking these pills now will turn you from the perilous path of sickness and put you on the highway to health.

Miss Mary Wilson, Toronto, Ont., writes: "It is with the greatest of pleasure that I recommend Milburn's Heart and Nerve Pills. Ever since I was nine years of age I have been afflicted with palpitation of the heart, pain in my side and nervousness. As I grew older it kept increasing. After having tried numerous doctors' medicines, but to no avail, I was induced to try your pills, and after using several boxes I began to improve, so kept on taking them for some time until now I can truthfully say I am in perfect health."

A HARD CASE OVERCOME.

No longer necessary to suffer from many curable rheumatism. Every case can be cured. As I grew older it kept increasing. After having tried numerous doctors' medicines, but to no avail, I was induced to try your pills, and after using several boxes I began to improve, so kept on taking them for some time until now I can truthfully say I am in perfect health."
