CITY COUNCIL AUTHORIZES BOND ISSUE

\$125,000 Needed To Install New Water Supply For Charlotte-town.

The Water Commissioners of Charlotte-town have come to the decision that it is absolutely necessary to get an additional water supply, as the demand now made on the domestic use is such that in the event of any serious fire the city would be greatly handicapped. After a recent fire the wells were tested and only seven feet remained which would have been entirely insufficient were a second fire to have occurred that night.

The Commissioners have been making enquiries and investigations in the vicinity of Charlotte-town for a new supply and have been in consultation with Mr. Lea, an eminent engineer in Montreal, and have located a supply on the Huckleberry Point Road which it is considered will answer their purposes. The engineer has not completed a detailed examination of the cost of installing this new supply but in round figures it is thought to be about \$125,000.

The Commissioners approached the City Council on the subject and at a special meeting on Monday it was unanimously decided to authorize an application to the Legislature now in session for authorization to issue bonds to the extent of \$125,000, which will mean an annual interest cost of \$6,000.

It was stated at the meeting that the Water Commission is in excellent financial condition at the present time, and its bonds are all being well taken care of; so that no more favorable opportunity could be had of providing the additional supply than at the present.

WILL HANG FOR MURDER OF HIS MOTHER

Debonair Youth Takes Mother's Life—Insurance Said To Be Motive For Awful Crime.

(Canadian Press)
LEWES, Eng., Mar. 21.—The crime of matricide today was proved against Harry Fox, a well born and debonair youth, and he was sentenced to be hanged. Young Fox strangled his mother, a charming gray haired woman of 63, as she lay in her bed in their hotel at the fashionable seaside resort of Margate last autumn. Then to cover his tracks, he set the room afire. Not long before, Fox had insured his mother's life for considerable sum.

PROTESTANT HOME FOR AGED LADIES

Bill For Promotion of Charitable Enterprise Before Legislature.

A Bill is now before the Legislature in which Honorable F. L. Hazzard, E. T. Higgs, J. A. Webster, H. Winchester, R. E. Mutch, D. A. MacKinnon, Lloyd D. Murray, F. M. Stewart, J. E. Harris, J. A. McMillan, S. N. Robertson and W. E. Bentley are being incorporated for the purpose of establishing in the City of Charlotte-town, a Protestant Home for aged Ladies, which will be open to the whole Province.

It will be remembered that the late Horace Hazzard with whom Mr. E. T. Higgs was associated in business, left the residue of his estate to be used for this purpose; some others left bequests for a similar purpose and the Trustees feel it is now time to get the enterprise under way. Once the institution is in operation it is confidently expected that other charitable persons will also generously provide something in their wills for this highly commendable work.

Similar institutions are in operation in the other provinces of Canada, where after a few years they become self sustaining, especially when an endowment fund is provided; and, no doubt, in this Province sufficient funds will accumulate to make this institution a credit to the City.

The Home will likely be known as the Charlotte Residence and the directors hope to have it under way during the present year.

Inspecting Ont. Ayrshire Herds

(Special to The Guardian)
TORONTO, Ont., Mar. 21.—A. M. Weir, of South Land, New Zealand, and President of the Ayrshire Breeders Association of that country, and F. Mills of Northland, N. E., accompanied by Frank Napier, Sec'y. Canadian Ayrshire Breeders' Association, are at present making a tour of inspection of the leading Ayrshire cattle herds of Ontario. Messrs. Weir and Mills were sent to Canada by the New Zealand Ayrshire Association to inspect Canadian Ayrshire herds with a view to ascertaining whether Canadian Ayrshire herds can replace the old country Scotland, as a source for getting high class bulls to head New Zealand herds. An embargo of several years standing prevents them from getting out bulls from Scotland.

This reduction is expected to increase materially already large shipments of Canadian lumber to the region concerned.

FORMER POST- MASTER DIES AT OTTAWA

Mr. James Callaghan, Well Known Here, Passes Away With Pneumonia—Served Forty Years in The Post Office.

A telegram conveying the news of the death in Ottawa of Mr. James Callaghan, former postmaster here, was received last evening. Mr. Callaghan, who had been ill for some days with pneumonia, died at the home of Mrs. M. J. Callaghan, with his wife, who was residing for the winter.

Mr. Callaghan was 68 years of age and had served in the Post Office for forty years in the successive capacities of money order clerk, senior clerk, assistant postmaster, and postmaster. He was appointed to the latter position four years ago and resigned on November 1, 1929, being granted leave of absence. He didn't live to enjoy his superannuation which was to come into effect on May 31.

The deceased is survived by his wife, one son John, in Ottawa, and one daughter Mother St. Vincent, of the Congregation de Notre Dame, Souris. The latter left for the bedside of her father yesterday morning.

Escaped Prisoner Is Shot Dead

(Canadian Press)
MONTGOMERY, Alta., March 21.—Thomas Barnes, one of two prisoners who have made a break from Spangher Prison early today, was killed in a gun battle with county officers near here shortly before ten a. m. today. Reports at the county jail gave no information concerning Lee Hughes, who accompanied Barnes in the dash for liberty.

Labourer's Compensation Act Mooted In Address Before The Labour Union

That industry should be responsible for the upkeep of a labourer's family in event of the temporary or permanent injury or death of the breadwinner was the keynote of a very interesting and instructive address delivered before the members of the Labourers' Protective Union on the subject of the Workmen's Compensation Act by Mr. William L. Best, National representative of the Brotherhood of Railway Engineers and Firemen in the L. F. U. Hall last evening. Mr. Best, who is a native of Orpau, has been absent from his native province for a great many years and is at present touring Canada in the interests of the Brotherhood.

To Commemorate Name Of Balfour

(Canadian Press)
LONDON, March 21.—Reports from Bucharest today said that all Jewish boys who are born in Rumania, next week will be named Balfour and the girls will be named Balfours. In this manner will the Jewish community commemorate the name of Lord Balfour, who died this week in England and a week of mourning has also been proclaimed by Rumanian Jews.

Dies From Heart Failure

(Canadian Press)
LONDON, Mar. 21.—Parliamentary lobby circles indicated today the conviction was growing in ranks of the Liberal Party that Rt. Hon. David Lloyd George, Liberal Leader has in hand some deal with the Government. Mr. Lloyd George has been frankly reticent with his colleagues recently, and members of the party expect to hear of the supposed deal at the party meeting Tuesday. Names of prominent members of the MacDonald Government, who are said to be carrying on the negotiations are mentioned in conversation, and even the place of private meeting is specified.

ferred to the request for a Compensation Act, which is at present before the legislature. In opening his address Mr. Best reminded his hearers that he was neither a foreign agitator nor a pessimist. He believed that the note of optimism should always be sounded wherever justifiable. In Canada labor conditions are just a little better than in any other place in the world. Still there is one condition which should not prevail—the nightmare of unemployment. For this condition, no particular person can be blamed. Labourers have come into the world under a system over which they have no control. It will be a long time before equal-

BODY OF EARL BACK AMONGST HIS AIN FOLK

Remains of Great Statesman Passed Unnoticed Along Lonely Snow Covered Roads to Old Family Home.

(Canadian Press)
WHITTINGHAM, Scotland, Mar. 21.—The body of the Earl of Balfour was brought back amongst his "ain folk" today by his faithful valet, James Colman, to whom the veteran statesman said farewell just before he died Wednesday morning. In the early hours of the morning the train reached Dunbar bearing the oak coffin of antique design. Colman stood, by tearfully as the body of the man he had served for a quarter of a century was placed in a motor hearse on its last journey to Whittinghame, the old family home. The Dunbar fisher folk knew nothing of the arrangements, and the body of the man who had been Prime Minister, had attained world wide fame and frequently had helped them with their nets, passed unnoticed. As the hearse travelled along the lonely snow-covered roads to Whittinghame, however, the villagers seemed to feel instinctively it was coming and stood silently at their cottage doors with bared heads. The Minister of the Whittinghame Church, the Rev. Marshall Lang, brother of the Archbishop of Canterbury, met the coffin as it was borne to the Balfour's Scottish home church.

Public Accounts Show A Deficit

TAFT'S ESTATE IS VALUED AT \$475,000

Former President And Chief Justice Owned Real Estate Near Murray Bay, Que.

(Canadian Press)
WASHINGTON, Mar. 21.—A petition today for the probate of the will of the late William Howard Taft showed the former President and Chief Justice left an estate valued at \$475,000. As filed by Mrs. Taft, the petition for probate showed Mr. Taft owned real estate near Murray Bay, Que., and the mansion on Wyoming Avenue in Washington, together estimated to be worth \$125,000.

Government's Reckless Expenditure Landing The Province In Bankruptcy.

The public accounts tabled in the Legislature yesterday showed a deficit of \$244,048.29. The Government claims the deficit is \$176,540.37, but while they take credit for interest in Sinking Funds on the revenue side they omit to debit sinking fund payments on the other hand. The balance sheet is not a creditable production in other respects as it is not even made to balance. On ordinary expenditure the deficit is \$13,434.46. The balance sheet is given below.

DOINGS IN THE FEDERAL PARLIAMENT

House Will Adjourn For Two Weeks At Easter, After Which Date of General Elections May Be Announced.

(Special to The Guardian)
OTTAWA, Ont., March 21.—The allowance to Veterans Bill was continued to be decided last evening until nearly closing time. In the end the bill received its second reading, and has been referred to a special committee for further consideration. Among those who contributed to the discussion was Mr. A. E. MacLean (Prince) who supported the principle of the bill. It did not, perhaps, he said go far enough, but any defects in that respect could be remedied by the committee now taking charge of it. The Companies Act, which emanated from the Senate last year but too late to have consideration, followed the measure and is quite extensive in its provisions, and largely of a technical and departmental nature. It was agreed, after brief discussion, to pass the second reading, and refer it to a special committee, yet to be appointed. Two other bills, one amending the lumber marketing act and the other the Patent Act, minor affairs were reported and the House adjourned.

8 Year Old Boy Suicides; Was Scolded By Teacher

BUFFALO, N. Y., March 21.—An eight year old boy committed suicide in a public school here this afternoon hanging himself after he had been banished to the coat room by his teacher for being unruly. The victim was Girard Lyons, a pupil in the third grade. His teacher, Adele Marshall scolded him and by way of further punishment sent him to "solitary confinement." A half hour later, when the other children were dismissed from their classes they shrieked in terror when they found Girard hanging by his necktie attached to a pair of coathooks on the wall.
