

continued from page 13

THURSDAY.

caused by a sprain in his race in St. John a few weeks ago.

**FIRST HEAT.**

Orwell Bell drew the pole but it took several scores to get the field away owing to Roy Miller, who was one of the hardest horses to get away that has ever appeared on a race track. Roy has only been in his new owner's hands four weeks and has been brought from a very undesirable race horse to a pretty good performer. In the seventh score they got the word "go" all the horses on their stride and trotting fast. At the turn Keltie shot into the lead holding it until near the half when he was challenged by Roy Miller going to a break with Roy passing him. Orwell Bell laying back for a home stretch sprint. As they turned into the home stretch Orwell came very fast closing up Roy's lead passing him and winning by a length. Budmore third, very close, Keltie fourth. Time 2:18 1/2.

**SECOND HEAT.**

When the positions were announced Roy Miller was set back in fourth position for swerving in the stretch. Budmore getting the place in the second heat Bell and Keltie raced to the half and Keltie went to a break Bell falling along, com- fortably. Roy Miller trailing. Budmore third and Keltie fourth. They turned into the stretch Roy Miller was pulled out and in a great drive carried Bell to a break from which she quickly recovered, Roy winning the heat by a nose, Bell second, Budmore third, Keltie fourth.

**THIRD HEAT.**

This was a great race between Bell and Roy Miller. Bell racing at him all the way until the final eight when she went to a break. Roy finishing with a good lead. Budmore second, Orwell third, Keltie fourth.

**FOURTH HEAT.**

Shortly after the word "go" Orwell and Roy Miller went to a break Orwell recovering quickly but Roy losing a lot of ground which he tried hard to make up but he could not get to Orwell, who finished two lengths ahead, Roy being second, Budmore third, Keltie fourth.

**FIFTH HEAT.**

As the rule states that only heat winners can start after the fourth heat, Orwell Bell and Roy Miller were the only starters. Roy was a very tired horse, not being in condition for such a grueling contest and his driver knew that he could not beat the mare. He made a try but when Roy gave indications that he was tired he let up and Bell won by a comfortable margin after one of the most interesting races of the two days. Bell starts again tomorrow and will no doubt put up another great contest.

Frank J. Power is having so many bouquets thrown at him for his good work on the stand that it seems superfluous to say anything here, but anyone who watched yesterday's and the day before's racing can see he is a master hand at handling racing fields. He had some difficult proposition yesterday but succeeded in giving everybody a square deal.

**VAUDEVILLE.**

Exceptional interest is taken this year in the performance of the vaudeville artists who have been brought here at very great expense from the United States. They are without doubt some of the finest party of performers that has yet entertained us. We advise everybody who can possibly do so to see them. Their acts take place in between heats of the races.

**SUMMARY.**

230 Class Trot, Stake, Purse \$500	
Miss Belle Rico, (McArthur)	1:11
Bingen Worthing, (Hood)	2:23
Upton Prince, (Horne)	4:32
Miss Elred (Steele)	5:54

Orwell Belle, (McCabe)	1:23 1/2
Roy Miller, (MacKinnon)	4:12 1/2
Budmore, (Hennessey)	3:23 1/2
Keltie, (Arbing)	5:44 1/2
Time—2:18 1/2; 2:19 3/4; 2:19 3/4; 2:21; 2:25 1/2.	

**BUTTER FROM THE WEST.**—Mr. Thomas McGrath, an Islander, who lives in Birch Hill, Sask., manager of one of the largest creameries in that district and one of the most successful exhibitors in the West, sent to the Charlottetown Exhibition Association, a box of export butter for competition.

**ANNUAL MEETING HELD.**—The adjourned annual meeting of the Charlottetown Can Company, Limited was held yesterday at noon. The statement of the year's business, which was read, showed the Company to be in an excellent financial position. The following directors and officers were re-elected: John Agnew, President. H.H. Cox, Vice President. C. Fairall, Fishery Secretary and Treasurer and Managing Director. Wm. H. Prowse and Russel C. Clark. A semi-annual dividend of 4 per cent payable October 1st was declared.

**ON THE SQUARE.**—The Market Square presented an animated appearance last night, where great crowds were attracted to the stands where the "wheels of fortune" and other catch-penny devices were in full swing with quiet but intense interest. The most part presiding over the destinies of the machines. Some excitement was caused about 10.30 when a countryman and an inebriated townsman had a difference of opinion about something. The countryman who was quite a giant in stature, with one good thrust gave a fine example of the art of self-defence and laid his opponent in the dust. Friends gathered him up and started dragging him to his boarding place on Kent Street a huge list of mourners (?) following, hoping to see some new phase of the situation arise but nothing transpired and after a while the crowd melted away.

es of the party system and had voted as their fathers and grandfathers had done. "You people," said he, "haven't used the brains God gave you". After a few more remarks in which Mr. McMillan scored the press of Canada, the organization was proceeded with. Mr. J. A. Dewar being appointed President and Mr. James Pender Vice-President. Organizers were appointed for the different counties, not without some difficulty and a very evident disinclination on the part of practically all the appointees to accept responsibility. It was only at the earnest solicitation of Mr. McMillan that some gentlemen were prevailed upon to be nominated as organizers and one farmer had some misgivings as to the success of the movement. Mr. Hughes thought it was a 'big contract', but Mr. McMillan was optimistic. A foundation fund was started, but only eight or ten of those present contributed the necessary dollar.

Good weather again favored the Exhibition yesterday and the second day saw a much larger attendance than on opening day. The trains inward brought hundreds of visitors from all parts of the country and great numbers from various points of the mainland.

Judging the various lines of live stock, etc., was begun yesterday and much interest is manifested in the proceedings. The horse races of course proved a big draw-card and the attendance at these was very large.

The exhibits within the main building also attracted a vast number while hundreds roamed among the cattle pens and viewed the live stock of every description.

Exhibit grounds are minus the fakirs' tents this year. Where the large tents were located in other years a great line of automobiles was parked yesterday. The only tent worth while in the vicinity is a large one where Mrs. Hasbrouck is delivering addresses on Child Welfare.

**GALLANT-GALLANT** Wedding. St. Anthony's church, Bloomfield, was the scene of a pretty wedding on Wednesday August 18th, when Miss Rose Mary, daughter of Mr. and Mrs. Dominic Gallant, became the bride of John F. Gallant, son of Mr. and Mrs. Amade Gallant. The ceremony was performed by Rev. F. X. Gallant. The bride was attended by Miss Rose Gallant, sister of the groom. The groom was supported by Mr. Joseph Aucoin. Mr. Oliver Pitre, cousin of the bride presided at the organ. After the marriage ceremony the bridal party drove to the home of the bride where dinner was served to relatives and intimate friends of the contracting parties. Many valuable and useful gifts testified to the esteem in which the bride and

**Makes a Family Supply of Cough Remedy**

Really better than ready-made cough syrups, and saves about \$2. Really and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never spoils.

The Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for chronic, dry, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" in full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

The groom are held. Mr. and Mrs. Gallant will reside in Bloomfield. Their many friends unite in wishing them many happy years of wedded life.

**WEDDING BELLS.**—The marriage took place in St. Peter's Cathedral on Wednesday, September 22nd, Rev. Canon Simpson officiating. Miss Winnifred Louise, only daughter of Mr. and Mrs. John Williams, Upper Prince Street, to Mr. Chester Fenton Garrett, also of this city. The bride wore a travelling suit of brown with hat to match and a Hudson seal, scarf and carried a bouquet of chrysanthemums. The gifts were numerous and costly, including silverware, cut glass, china and linen as well as a number of substantial cheques. The happy couple left on a short wedding trip to points on the mainland. They have the best wishes of a host of friends for a long and happy wedded life.

There was a large attendance at the annual convention of the Teachers' Association held in Prince of Wales College Hall yesterday, about 225 responding to the roll call. After the enrollment of members the following committees were appointed: Press Committee, Principals H. Johnson, W. L. Wynne, H. M. Cain. Resolutions Committee, Messrs J. D. Seaman, Neil McCannell, Miss Bihel Duffy. Finance Committee, Mr. Charles McDuff, Inspector Shaw, Mr. Frank McMillan.

The address of the President, Inspector Doyle, was a masterly one and was very favorably commented upon.

The Superintendent of Education, Mr. R. H. Rogers, who appeared before the teachers for the first time since his acceptance of office, gave an excellent address. He is a fluent and pleasing speaker and his appeal to the teachers for co-operation with the Department and for a united effort to raise the standard of education in the province was timely and effective.

The convention meets again this morning at 9.30.

A terrible fatality occurred at East Bideford last Friday night when Mr. Samuel Dawson, one of the best known and most highly respected farmers in that community was killed by a bull. Mr. Dawson went into the barn to water the bull. His little son and daughter, the only occupants of the home at the time had gone to bed. Next morning Mr. Dawson's body was found in the barn by his little son who at once notified his uncle Mr. Colin McKay. The latter came and the story of the tragic end was only too plainly visible. On examination it was found that the body had been terribly bruised and there were cuts on the head and face. Mr. Dawson, who had carried a lantern had evidently unchained the animal which had been dehorned only a few weeks ago, led him to water when it turned upon him with the result stated. Mr. McKay sent for Dr. Stewart and the Coroner Pate of O'Leary. The latter on hearing the facts considered an inquest was not necessary. The deceased, whose wife died four years ago, leaves to mourn ten children, three in the United States and one in Western Canada, one son John, in Tryon, Frank at Poplar Grove, Artemus, George and two daughters, Eva and Lucy at home, also one sister, Mrs. S. McQuarrie, Crapaud. The heartfelt sympathy of the whole community goes out to the sorely stricken family. The funeral took place on Saturday and was very largely attended. The service was conducted by Rev. Mr. Sodden and the remains were laid to rest in the Methodist Cemetery, Bideford.

That the farmers of Prince Edward Island are not enthusiastic over the organization which Mr. R. J. McMillan, of Seaford, Ontario, is endeavouring to promote in this province is evident from the lack of interest generally shown in the meeting which was held yesterday afternoon in the Lyceum, Charlottetown, and which was called for the purpose of establishing a central organization in affiliation with the United Farmers of Ontario. While it is true that the Exhibition was a counter-attraction, nevertheless one would expect that if the farmers of whom at the time there were thousands in the city were deeply interested in the movement they would surely have

spared an hour or two to attend a meeting advertised to them with questions of vital importance to them. But the attendance was disappointingly meagre, and after considerable delay the meeting had to be called to order with just thirty-four persons in the hall including a few strangers. Mr. John A. McMillan, of West River, was appointed Chairman and after a few remarks he introduced Mr. R. J. McMillan. Mr. McMillan dealt very briefly with the object of the organization, first expressing his regret at the slimness of the attendance. He said that as it was evident that they wanted to go out to the exhibition he would cut his remarks short, and proceeded to speak of the opposition which the Farmer's Movement has encountered in the other provinces. He said that the Organization which he represented was, above everything else, thoroughly democratic, and but he immediately made the astounding proposal that the newspapers of this province—as he alleged had been done elsewhere—should be boycotted if they attempted to criticize the organization. He declared that the Organization would not stand for criticism. "The newspapers," he said, "cannot exist without you farmers, and if they criticize you you withdraw your subscription and it won't continue. When I was in Ontario organizing, the same thing happened and I asked the farmers to withdraw their subscriptions." Mr. McMillan then attacked the political system of the country as it exists, and after stating that the farmers of Canada were merely playing at political tug-of-war, he was frank enough, if rather impolite, to tell his audience that the farmers of Prince Edward Island were ignorant because they have so far recognized the advantage

**FRIDAY.**—**PAINFUL ACCIDENT.**—While pole vaulting on Monday last Eli Gallant, son of Mr. Bruno Gallant Summerside, had the misfortune of breaking his wrist, the pole breaking while in the act of vaulting with the above painful result.

**FORMER ISLANDERS BEREAVED.**—Word has been received of the death at Youngstown, Alberta on Sept. 9th of Marial Vivian, the eighteen months old daughter of Mr. and Mrs. James A. MacDougall. The child had been sick about two weeks with cholera. The funeral took place in Youngstown Cemetery, Rev. Mr. Dorrian officiating.

**HEATHERDALE SCHOOL FAIR.**—The Heatherdale School Fair was held on Sept. 16th, and was a decided success. The following schools took part: Heatherdale, Kilmuir, Brooklyn, Bellevue, Valleyfield West. The exhibits which numbered about 200 were judged by Inspector Shaw, Mr. Laird and Miss Carruthers. Mr. Coffin of the Bank of Commerce, Montague, Judge of the Live Stock, \$27.00 being the amount of prizes from the Banker's Competition. After the exhibits were judged lunch was served after which sports were indulged in. The Prize List will appear later.

**A GOOD FOX PELT.**—Discussing the fox fur products with Mr. J. B. Rombough, the latter expressed himself as quite optimistic regarding this fall's prices. He showed the Guardian a letter received from Mr. E. H. Rayner, Summer side, agent of the Speer Fur Corporation offering \$625 for a clear silver pelt. While Mr. Rombough considered the price a fair one at this season of the year he declined the offer as he thinks this particular pelt worth more. His opinion is that good fox fur of the best quality will bring good average prices this fall.

**WEDDING BELLS.**—A quiet but very pretty wedding took place at the home of the bride Wednesday morning, when Miss Amy Ellis, daughter of Mr. and Mrs. Ellis, became the bride of Mr. B. Graham Rogers, son of Mr. and Mrs. Charles Rogers, Summerside. They were unattended, the immediate relatives and friends being present. The ceremony was performed by Rev. Mr. Mitchell. The happy couple left on an extended honeymoon trip to the Western States. On their return they will take up their residence in Summerside. Their hosts of friends wish Mr. and Mrs. Rogers all joy and prosperity through life.

**WEDDING BELLS.**—A pretty wedding took place, September 27 at St. Mary's Church, Montague Rev. Father Croft officiating when Ella, youngest daughter of Mr. and Mrs. Richard Collings of that place was united in the holy bonds of matrimony to Edgra Walker, Charlottetown. The bride wore a navy blue suit with hat to match and was attended by her cousin Miss Irene Collings, Charlottetown, while Mr. Frank Doyle acted as best man. After partaking of a dainty breakfast at the bride's home the wedding party motored to Charlottetown where luncheon was served at the home of the groom, Dorchester Street. The happy couple left on the afternoon train for St. John and other Canadian cities. The groom's gift to the bride was a set of furs and to the bridesmaid a pendant. Many other valuable gifts were received Mr. and Mrs. Walker have the best wishes of a host of friends for a long and happy wedded life.

At the request of a large number of prominent farmers in various parts of the province a series of meetings in the interests of the United Farmers of P. E. I. is being held for the purpose of organization. Mr. R. J. McMillan, one of the directors of the U.F.O. is addressing the meeting, assisted in organizing details by E. C. Hatch, of the United Farmer's Guide. To date, four meetings have been held on the western section of the province, the first one being at O'Leary on the evening of Sept. 21st. At this meeting the farmers of the locality voted un-

# Oily skin and shiny nose

## How to correct them

Do you know that the oil in your skin is necessary to keep it smooth, velvety, supple? This oil is constantly being produced by the glands of the skin. When it is too abundant the result is an oily skin and a shiny nose. You can relieve this embarrassing condition by using the following treatment as frequently as is necessary.

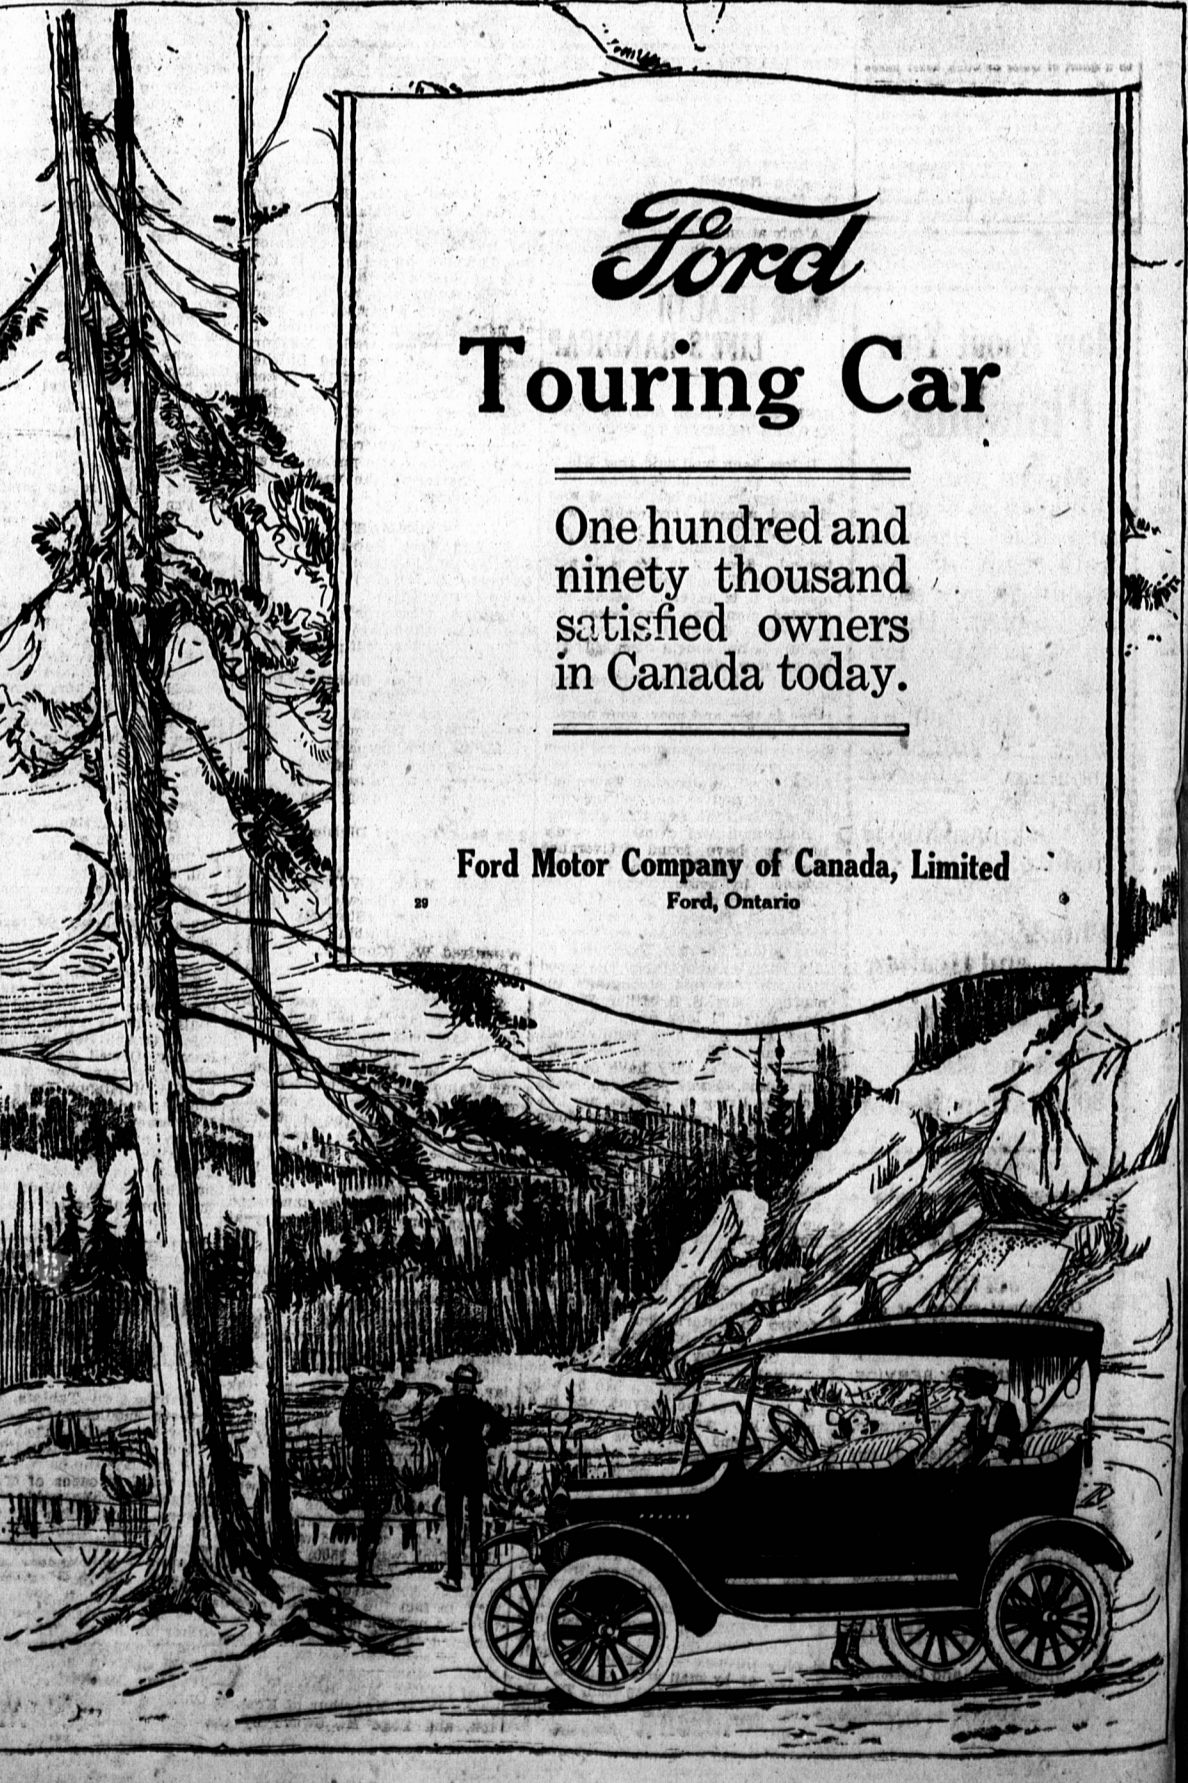

With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice.

This treatment will make your skin firmer and drier the very first time you try it. Use it as often as your skin requires, nightly if necessary, and before long you will see a marked improvement.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

The Andrew Jergens Co., Cincinnati, New York and Perth, Ontario.

ously to form a local branch of the United Farmers. A board of officers was elected, consisting of a President, Vice-President, Secretary and four directors. Similar action was taken at Ellersburg on the 22nd, Palmer Road, the 23rd and Kensington the 24th. Mr. McMillan in his address dealt with co-operation among farmers in buying and selling their commodities and for political action. In dealing with the cooperative work Mr. McMillan outlined the rapidly increasing business done by the U.F.O. They already own the second largest creamery in Ontario and are at present formulating plans to enlarge the capacity of their plant. The marketing of live stock is another line of their activities. During the first eight months they were doing business at the Union Stock Yards, Toronto, their turnover was over nine million dollars. They now have offices at the Montreal Stock Exchange and arrangements have been made with the U. F. of N. B. to market their livestock through the Ont. Association. Mr. McMillan states that the turnover this year in the U. F. O. co-operative work will be in the vicinity of \$30,000,000. In dealing with the political side of the question he takes up the transacting of the affairs of Canada from a business standpoint and gives many apt illustrations of how the business of Canada is not looked after as it should be, showing the necessity for a change in the personnel of the government. Mr. McMillan comes from Huron Co., Ontario and is very active in the organization there, having been a farmer all his life. He is in an excellent position to speak on the need of organized effort among the farmers by virtue of his extensive travels in studying and setting of live stock having been seventeen times in Europe on this business besides numerous trips to Western Canada and the States.
