

Sunday School Lesson

MARCH 30—OUTLINE OF THE HISTORY FROM ABRAHAM TO SOLOMON

(Review—General Topic: Abraham to Solomon)

Golden Text.—Jehovah is merciful and gracious. Slow to anger, and abundant in loving kindness.—Psa. 103: 8

Devotional Reading.—Psa. 23.

LESSON THEMES

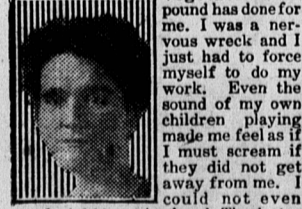

The Theocracy. The history of the Jewish nation begins with Abraham, the friend of God, the father of the faithful, "the ancestor of all nations which have held a monotheistic belief practically."

But for a long time the nation seemed to make no progress. The period which intervened between the entry into Canaan and the life of Samuel was a time of anarchy and apostasy. The Book of Judges is a record of two centuries of national disintegration and religious declension.

MRS. DAVIS NERVOUS WRECK

Tells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me."

What were the three great periods in the history of Israel? How many of these epochs are covered by the lessons of the past three months? When and with whom did the Theocracy begin? What was Abraham's great contribution to religion?

Bible Thoughts For Today

MARCH 30

LOVE NOT THE WORLD, neither the things that are in the world. If any man love the world, the love of the Father is not in him.—1 John 2:15.

MARCH 31 TRUST IN THE LORD with all thine heart; and lean not unto thine own understanding.—Proverbs 3:5.

APRIL 1 GREETINGS.—The Lord bless thee and keep thee. The Lord make his face shine upon thee, and be gracious unto thee.

APRIL 2 THE KINGDOM OF GOD cometh not with observation: Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you.—Luke 17:20, 21.

APRIL 3 OH THAT MEN would praise the Lord for his goodness, and for his wonderful works to the children of men.—Psalm 107:21.

APRIL 4 THUS SAITH THE LORD that created thee, O Jacob, and he that formed thee, O Israel, Fear not: for I have redeemed thee, I have called thee by thy name; thou art mine.—Isaiah 43:1.

APRIL 5 TAKE NO THOUGHT saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed?

them a king according to their own ideal, that bitter experience might teach them a lesson they would not otherwise learn: and then a king "after his own heart," a true representative of the kingdom of God.

The Hierarchy. The Hierarchy at length took the place of the Monarchy and resumed the ideal of Theocracy. When the kingdom fell, and the discipline of the Captivity had done its work, "the unity of a church succeeded to the unity of a nation."

Mountain Personalities. The history we have reviewed in the last quarter may be compared to a mountain range in whose high elevation there are commanding peaks. This range began with Abraham, the Friend of God, the Father of the faithful; Joseph the Hermit; Moses the Liberator, Legislator, and Prophet; Joshua, the Citizen-Soldier and Man of Courage; Samuel, the last of the Judges and the Founder of the School of the Prophets.

FOR STUDY AND DISCUSSION

What were the three great periods in the history of Israel? How many of these epochs are covered by the lessons of the past three months? When and with whom did the Theocracy begin? What was Abraham's great contribution to religion?

Child Welfare And Public Health

Articles on Child Welfare, and Public Health, will appear weekly in this Column, furnished by the Local Red Cross Branch.

TOLD BY RADIO

SMALLPOX GETTING WORSE

One of the health talks broadcast to all towns in Ontario by the Staff, Public Health Material from the Institute of Public Health, London, Ont., prepared by request of the Provincial Board of Health through Dr. J. J. Middleton.

That is all very well; but there are two points that people forget or don't know. The first point is that the very mild smallpox we have had for the last twenty years or so is disappearing and a much more severe form is gradually taking its place.

So the first reason people don't get vaccinated—because smallpox is so mild—is no longer a good reason. Smallpox is getting worse slowly but steadily and no health officer will be surprised to see a return of the kind we had twenty or thirty years ago, where one out of every four cases died, and the others were disfigured or maimed or blinded for life.

They forget or don't know that the new method of vaccination, introduced into the Canadian army by a Canadian right here in Western Ontario during the war, has been used on many thousands of soldiers, many thousands of men, women and children, even young babies without the slightest injury or trouble.

First of all it doesn't hurt—very often even children don't know when the physician is doing it—they keep their arms held out and their set teeth tight, expecting a stab or cut or something and when the physician says "all right, don't hold your arm up any more—it is all done," they don't believe it.

In the second place, no blood is drawn, so there is no chance of anything going wrong with it afterwards. In the third place, there is no dressing, no bandage, no celluloid cap, nothing at all to put on the arm afterwards; you just pull down your sleeve and that is all.

There is only one thing for the person who is vaccinated to remember—don't touch the place, don't scratch it, don't put anything on it, at all, don't bandage it or use court plaster or anything—just "leave it alone."

If it doesn't take, that is all there is to it. If it does take, leave it alone just the same and keep on leaving it alone. The arm will take care of itself perfectly through all the stages of vaccination, right up until it is all over, if you will do your part—and your part is to leave it alone and keep on leaving it alone.

If you fuss with it, scratch it, put a bandage on it or a protector of anything else except your ordinary clothes you may have some trouble. If you leave it alone, you won't.

Get vaccinated. It won't hurt you. It may save your life, your looks or your livelihood some day. It isn't fair to your children to leave them uninsured against smallpox. Get them vaccinated by the new method even if you don't insure yourself. Give the children a square deal on this smallpox danger any way.

The prophecy mentioned above has now come true and the local papers have recently reported that the severe smallpox outbreak in Windsor and the border towns is of a particularly virulent type which may result in 50 per cent fatalities. No one knows the day it may appear on the Island. Vaccination is such a simple procedure, the only known protection for this loathsome disease, and yet the Red Cross school inspection statistics show that 15.4 per cent of the children in the public schools of Charlottetown, 85 per cent in the Summerside School and 89 per cent in the rural schools are UNVACCINATED.

is your child one of these? Remember that Prevention is better than being hideously disfigured for life. Who would be to blame if this occurred—certainly not the innocent child. Parents—you owe it to your children to see that they are properly VACCINATED.

Get this new book Think of it! A big 200 page book with 700 well tested recipes and household pointers for about the cost of paper, printing and postage! She Always Keeps Them in the House

Ontario Lady Recommends Dodd's Kidney Pills She Says They Are An Excellent Remedy For Lame Back. Dunbar, Ont., March 28.—(Special)—"I have been a user of Dodd's Kidney Pills for twenty years and find them good for 'lame back.' Such is the tribute Mrs. A. Barkley, a well known and respected resident here, pays to the old Canadian kidney remedy, Dodd's Kidney Pills.

"I recommend them to everyone, and am never without them in the house." All that is claimed for Dodd's Kidney Pills is that they are a kidney remedy. They heal and strengthen the kidneys. They are used to treat rheumatism, dropsy, backache, urinary troubles, diabetes and heart disease, because all these ills are either of the kidneys or caused by diseased kidneys.

Women's troubles, or nearly all of them, come from sick kidneys. Dodd's Kidney Pills will relieve kidney trouble, no matter where or in what form it is. EVENING SCARFS Scarfs for evening wear are frequently attached to the frock with ends free that may be distributed to suit the whim of the wearer.

Discovery for Eczema

One of the striking things about this healer is the way it penetrates the skin. Instantly applied it vanishes into the sick tissues. The relief in most cases is therefore immediate. The formula is being published in order that physicians may know just what healing agent it contains—may, above all, note the presence of the rare imido—T.D.D.M.H.C. Have you weeping sores or hard crusts and scales—on your face or body disfigured with blemishes—have you many times followed hopeful advice only to be disappointed? This product, a cleansing, purifying liquid, so delicate in color, odor and texture, is the ideal treatment for the most sensitive skin. You are not asked to use D. D. D. for weeks before you see results. A trial treatment only is required to stop the pain, the sleepless nights, the agony of itching.

D.D.D. (D.D.D. is a registered trademark of T.D.D.M.H.C.) We guarantee D. D. D.—The first bottle relieves you of your money back, \$1.00 a bottle. Try D. D. D. now too. E. A. FOSTER, Druggist.

IF CONSTIPATED, SICK, BILIOUS

Harmless Laxative for the Liver and Bowels

10¢ CATHARTIC CASCARETS

WORK WHILE YOU SLEEP. Feel fine! No gripping or inconvenience follows a gentle liver and bowel cleansing with "Cascarets." Sick Headache, Biliousness, Gases, Indigestion, and all such distress gone by morning. For Men, Women and Children—10c boxes, also 25 and 50c sizes, any drug store.
