INTRODUCTION

LIFE

What is Life without a Business Education?

Phonography is so simple as to be readily learned by any one of ordinary capacity, and the public benefits to be derived from it are incalculable.—John Bagnart, most noted instructor in the Benn Pitman System of Phonography—Reporting Style.

The spacious rooms furnished by the Charlottetown Business College for Shorthand and Typewriting under the Principalship of J. O. Trainor, are models in themselves for the study of these important subjects. While Mr. Trainor is a new teacher to a Charlottetown class yet, he has already proven what the Phonographic Institute recommended him to be "a competent teacher of Phonography." For further recommendation or introduction ask ANY member of his class. Here, the Benn Pitman system is taught from the Pitman-Howard text-books, consequently the students find no difficulty in reading their notes.

NOW is a good time to join the classes. For full particulars and rates apply to the

Charlottetown Business College,
L. B. MILLER, Principal.
